Blighted Property Review Committee Facts

The City created the Vacant Property Review Committee at some point around 1970; however, by the end of the 1980's the Committee was no longer functioning. This Committee was composed of City officials and employees. In 2006 City Council drafted and enacted legislation to eliminate the Vacant Property Review Committee and replace it with the Blighted Property Review Committee (BPRC) composed of a combination of public officials and citizens at large to implement provisions of the Urban Redevelopment Law of 1945, as amended, and the City of Reading Blighted Property Review Committee Ordinance as amended by Bill #108-2010. To qualify for the BPRC process a property must meet the legal definition of "blight" by exhibiting one or more of the twelve conditions listed in the Ordinance and the property can be certified as blighted by the hearing process, which leaves the property subject to eminent domain or some other acquisition strategy.

Blighted Property Review Committee Questions for New Applicants

1. What is the purpose of the BPRC?
2. Why are you interested in serving on the BPRC?
3. The BPRC currently meets on the 3rd Thursday at 6 pm when hearings are scheduled. Will you be able to regularly attend those hearings?
4. What do you believe is the ultimate goal of the BPRC?
5. Have you ever been through the BPRC process?
6. What do you think would improve the quality of Reading's housing stock?

Blighted Property Review Committee Questions for Reappointments

1. Are you able to regularly attend hearings?
2. What has the BPRC done well and what could be improved?
3. Do you have any ideas to improve the process used by the BPRC?

5. What is the ultimate goal of the BPRC?

Reading Environmental Advisory Council (EAC) Facts

The EAC was formed by Bill No. 25-2007 to study environmental and sustainability issues at the request of City Council and make recommendations to Council on those issues. The EAC will work with City Council in an advisory capacity in an effort to help Council analyze environmental and sustainability issues and, when appropriate, issue recommendations on courses of action necessary to protect the health, safety and welfare of the residents of Berks County.

The EAC may advise and make recommendations to City Council, City Administration, and City boards, authorities and commissions on policies and programs that infuse the work of City government with an operating philosophy based on environmental protection and sustainability, make recommendations as to the possible use of open land areas within the City of Reading, and promote community environmental awareness programs.
