## **Introduction**

The City of Reading (City) is seeking proposals from qualified individuals and/or consulting firms to supply mechanical, electrical, plumbing and structural evaluation, design and construction management services for the Pagoda, a Historical Landmark Building, to the City's Public Works Department. The efforts will utilize the City's 2018 feasibility study as a baseline for improvement recommendations and design. The proposal will provide services from evaluation of existing structure and design of upgrades through construction and project management. Special considerations will be placed on the historical, cultural, and community aspects of the structure to preserve the existing integrity and utilization of the building.

All costs incurred by proposing firms are considered by the City to be marketing costs required in order to select a firm to perform this work, and the City will not be reimbursing for any costs incurred.

## **Mandatory Pre-Proposal Conference**

There will be a mandatory pre-proposal meeting conducted on April 8, 2022 at 10:00 a.m. at the Pagoda – 98 Duryea Drive, Reading, PA.

## **Proposal Submission**

An electronic proposal, inclusive of all requested information and supporting documents, shall be submitted no later than 3:00 p.m., prevailing time, on May 3, 2022. All of the documents must be uploaded to the Penn Bid website ([www.pennbid.procurement.com](http://www.pennbid.procurement.com)).

Proposals received after the time specified will not be considered.

Specifications and Proposal Forms for the above project can be obtained via Penn Bid at [www.pennbid.procurement.com](http://www.pennbid.procurement.com).

## **History**

The Pagoda is an iconic and historic treasure that the City of Reading owns and maintains for future generations.

Commissioned in 1906 at a cost of \$50,000 by William A. Witman, Sr., to cover his stone quarry, the Pagoda was completed in 1908. It was originally intended to be a luxury resort atop Mt. Penn but due to the bank foreclosure and the denial of a liquor license, Witman never opened the Pagoda. By 1910, the Pagoda and surrounding 10 acres were deeded to local businessman Jonathan Mould and his wife, Julia (Bell). On April 21, 1911, they "sold" the Pagoda to the City of Reading for the sum of \$1. Since then, the Pagoda has been owned, loved and cared for by the City of Reading and its citizens.

The Pagoda is seven (7) stories high, 28 feet wide, 50 feet long and stands over 620 feet above the City of Reading and 866 feet above sea level.

The walls are five (5) feet thick at the base, tapering to two (2) feet thick at the top of the second floor. From there to the top, there are frame-covered with terra-cotta shingles – which equates to approximately 60 tons of tiles on it.

It is currently anchored to the mountainside with 16 tons of bolts. The inside walls are concrete plaster with trim. The stairways are made of solid oak.

There are approximately 87 steps to the top. This is the only Pagoda in the world that has a fireplace and chimney.

Before the days of radio broadcasting, the lights flashed as signals to the people of the City. Morse Code was used to direct firemen, promote fundraising campaigns and gave the public results of sporting events. The Code was based on the lights – the white light was a dash and the red light signified a dot.

The bell on the 7<sup>th</sup> floor was cast in Japan in 1739. It was purchased by Mr. Witman in 1906 and was shipped via the Suez Canal to the New York Harbor. It arrived in Reading on May 5, 1907 by railway.

The fish sculptures on the roof are to protect the Pagoda from any fires.

Every Christmas Eve year at 9:00 p.m., the Pagoda lights flash to let the children know that Santa is on his way.

## Evaluation and Selection Process

The City will employ a selection committee that includes technical and non-technical personnel. The goal of this RFP is to select the best suited Consultant/Construction Manager firm(s) using a quantitative ranking system and possibly followed by an interview of selected firm(s), if determined by the committee to be necessary. This process and the number of Consultant/Construction Manager firms interviewed may be adjusted based upon the responses received, their evaluation, and the City's desires.

**Please note that until the final Consultant/Construction Manager firm selection, negotiation, award, and contract execution all contact with the City of Reading regarding this topic is to be directed to the Purchasing Office or the designated legal counsel finalizing contractual details. The City and its designated committee will evaluate all proposals, determine whether oral discussions with individuals, firms, or organizations are necessary, and select the firm best qualified to perform the scope of work. A qualification based selection process will be used. Qualifications will outweigh all other considerations.

The evaluation will be based upon the following areas in no particular order:

The City has the responsibility to negotiate the most favorable cost terms and conditions to the City. The City will begin negotiations with the highest ranked firm and develop a final work scope and refine compensation. The negotiating process may involve one (1) or more RFP responses and may continue until the award of the contract. All proposals will become part of the official file on this matter without obligation to the City of Reading.

Trade secrets or proprietary information submitted shall not be subject to the public disclosure; however, the firm must invoke this protection in writing. Bid/Proposal rigging and other efforts to restrain competition, and the making of false sworn statements in connection with the submission of proposals are unlawful and may be subject to criminal prosecution.
