***FREE FOR ELIGIBLE HOUSEHOLDS**

WHO ARE WE?

The Weatherization program is administered through Berks Community Action Program. We are a social service agency, committed to assisting low-income people in Berks County since 1976.

Weatherization is supported by Federal funds administered through the Commonwealth of Pennsylvania, as well as Area Agency on Aging, UGI Weatherization, to help conserve energy and lower the cost of heating for low-income residents.

In the past 40 years, BCAP has weatherized more than 7,500 homes in Berks County.

Government regulations do establish a limit on how much can be done on each property. There is no charge for the program. No liens are placed against participants' homes. Weatherization is a free service to eligible homes.

WHO IS ELIGIBLE?

You may be eligible if your gross annual household income for the past year is at or below:

1 Person	\$ 29,160
2 People	\$ 39,440
3 People	\$ 49,720
4 People	\$ 60,000
5 People	\$ 70,280
6 People	\$ 80,560
7 People	\$ 90,840
8 People	\$ 101,120

*Add member \$ 10,280

*In addition, no home is eligible if it was weatherized within the past 15 years.

WHAT DO WE DO?

BCAP's Weatherization program employs private contractors who install energy-saving devices such as:

- weatherstripping • caulking & foam sealing
- door sweeps • replacement glass insulation • furnace tune-ups or repairs

HOW DO I APPLY?

You must call for an appointment. You will be asked to provide proof of your total household income for the past 12 months, as well as proof of ownership of the property. If you are a tenant, we will need your landlord's name, address and telephone number. We must have the landlord's permission to do the work.

WHAT HAPPENS NEXT?

BCAP's Weatherization staff will visit your home to check the roof for insulation, check your water heater, windows, doors, and test the efficiency of your heating system.

Our private contractors will then do the work that our staff has ordered - FREE.

Weatherization staff will return to inspect the work.

If all goes well, the process should take 2 to 3 months. However, sometimes there are waiting lists, and factors like weather, contractors' work schedules, and eligibility problems can cause delays.
