INTRODUCTION

This document will serve as a handbook for the responsibilities undertaken by the City Council, the legislative branch of the City of Reading. The information in this document will serve merely as an overview to provide the reader with knowledge about Council duties. In cases of conflict between the language of this document and language of the Home Rule Charter or the language of any City of Reading ordinance, the language of the Charter and the language of the ordinance applies, with the language of the Charter taking first priority.

PURPOSE

City Council's main purpose is to enact responsible legislation for the prudent, efficient and ethical operation of the City Government, to assist in the planning of the City's revitalization and future, and to maintain free and open discussions with the City Administration and City residents to ensure democracy and good government for the City of Reading, Pennsylvania.

The City Council establishes City policy to provide for the exercise of all duties and obligations imposed upon the City by the Home Rule Charter and applicable State and Federal laws and to secure the general health, safety and welfare of the City and its citizens. The Council adopts resolutions and enacts ordinances as necessary to execute any of the City's powers.

The City Clerk acts as the director of the legislative branch. The City Clerk, along with the Deputy Clerk and other support staff, performs general oversight and coordination of the legislative action of City Council and makes recommendations to City Council on policy, regulations, practices and issues concerning the City of Reading.

The City Council approves the Mayor's appointments of the Managing Director, Department Directors and Solicitor. Council also makes appointments to the City's Boards, Authorities and Commissions, as specified by the Home Rule Charter, the Third Class City Code, and the enabling legislation. Council is also responsible for the enactment of the City's annual operating budget, capital program with the accompanying ordinances and approving the hiring and promotion of police and fire fighters.

Council's Structural Evolution

In January 1996, the City of Reading made the transition from the Commission Form of

Government to a Mayor/Council form of the Home Rule Charter. The new form of Government was approved by voter referendum on November 7, 1993.

Under the Home Rule Charter, the City of Reading is divided into six Council districts, with each district electing one Council member. District-elected Council members are to represent the voice of their constituents and act as a body to make decisions in the best interest of the entire City. The President of Council is elected at-large. The President of Council is the presiding officer of Council and has the same voting powers as the other six Council members. The President interacts with the Mayor and other governmental entities and represents the voice of Council.

When the Home Rule form of government began in 1996, Council received administrative support from the City Clerk's Office. In addition to general administrative support, the City Clerk assists Council with the drafting of legislation, legal research, and public relations. The City Clerk's office is also responsible for the City's document management and retention system, keeps a database of all City contracts and manages the appointment process for the Boards, Authorities, and Commissions. After evaluating the needs of the seven member Council and the staffing of other Council offices, Council moved to add the functions of policy-making to the administrative duties of the City Clerk and moved to add 2 additional employees to the staff.

In 1998, City Council elected to use the Committee structure. The Administrative Code provides for six Council Committees – Finance, Public Property/Public Works, Public Safety, Administrative and Land Use, Research and Rules. Council currently operates with three committees – Nominations and Appointments, Finance, Audit and Budget, and Strategic Planning. Each Committee meets on a Monday, one time per month. Committees may also meet more frequently when necessary. Three Council members serve on the Nominations & Appointments Committee but the meetings are structured to allow all members of Council to participate as they desire. All members of Council act as the Strategic Planning Committee. The President of Council is an ad hoc member of all Committees. Committee meetings are advertised and open to the public, however public comment is prohibited.

Council established the Charter Review Commission (CRC) in November of 2001, a group of 12, to review the Charter and make recommendations on amendments. The City of Reading Home Rule Charter mandates that the CRC report to Council and the Mayor within 6 months of their formation. This group returned a report suggesting two amendments. The first amendment proposed changing the Mayor/Council government structure to a Manager/Council structure. The second amendment

proposed the creation of a Transition Committee and a Charter Review Board that would assist the Administration and Council with interpretations on gray areas of the Charter. The amendments went on the General Election Ballot in November 2002. Only the second amendment was approved by the voters.

In 2014, the second CRC was convened. The CRC recommended six amendments:

- Clarifying acts of Council and establishing an Administrative Manual
- Requiring a CRC at least every five years but no sooner than three years and specifying who may serve on the CRC
- Clarifying that the annual position ordinance be included as part of the budget process
- Removing the requirement of the City Auditor to be a Certified Public Accountant
- Clarifying the roles of the Mayor and the Managing Director
- Allowing citizens to serve on two City boards or commissions concurrently

A citizens group also worked to add a seventh ballot question to require the City to place on the ballot any sale or lease of City property worth over \$10,000,000.

All ballot questions passed with the exception of the amendment allowing citizens to serve on two City boards or commissions concurrently.

Changes may also be made to the Charter by the voters through citizen initiated referendum through the Berks County Elections Office or by Council through enactment of an ordinance authorizing referendum or through the CRC. However, changes to the form of government in some way require the use of the Government Study Commission process.

COUNCIL POLICY - MEETING & AGENDA PROCEDURE

The body of Council meets in some form every Monday evening starting at 5 p.m. using the following schedule:

First Monday: Nominations & Appointments 4 pm
Strategic Planning 5 p.m.

Second Monday: Committee of the Whole (COW) 5 p.m.
Regular Business Meeting 7 p.m.

Third Monday: COW Finance, Audit, Budget 5 p.m.

Fourth Monday: Committee of the Whole 5 p.m.
Regular Business Meeting 7 p.m.

Note: During December, the 2nd regular business meeting may not be held during the 4th week of December, due to the holiday season. Council Staff will make the necessary arrangements for this 2nd regular business meeting.

Council can elect to take a short recess during the summer months, when legislation is generally light. It is suggested that this recess occur during the last 2 weeks in July.

The meetings on the second and fourth Mondays are televised on the BCTV MAC Channel 99 and streamed live on the City's website. Business attire is suggested. The meetings on the first and third Mondays are more casual than the others as they are not televised by BCTV. For these meetings business-casual attire is suggested. *NOTE: Televised meetings are replayed many times throughout the month to provide Reading citizens with ample opportunity to be informed and educated on Council's activities.*

On average there are four or five months per year that have 5 Mondays. These extra Mondays can be used to either "catch-up" on issues that need additional attention or to schedule special meetings. However at times, Council elects to take the extra Monday off.

Meeting agendas define the work plan for meetings and hearings and provide all of the available support documentation and legislation. Council staff makes every effort to provide a comprehensive document, which presents the best information available in a meaningful way. Agendas are prepared every week and posted on the website no later than the Thursday prior to the Monday meeting.

City Council moved to a paperless agenda system six (6) years ago. Full copies of the agendas are not provided. Instead Council, the public, and the Administration are expected to view the full agenda including the legislation and support documentation posted on the website. At the meetings, Council and the public are provided with only copies of the agenda without the attachments. Council is provided with a device to

review the legislation and support documentation during the meeting.

The procedures to set agendas are similar for all types, with some differences noted below.

◇ Committee Agenda Procedure:

1. Any member of Council may request to have an issue discussed at a committee meeting.
2. In order for an item to be listed on the agenda permission will be needed from the appropriate committee chair no later than the Wednesday before the meeting is to occur.
3. It will be the responsibility of the requesting member to supply a rationale memo and appropriate supporting documents.
4. Upon receipt of written confirmation from the committee chair, the City Clerk will schedule that issue for the appropriate committee agenda.
5. Council staff will make arrangements with the Managing Director to have necessary representatives from the Administration available.
6. A majority vote of the committee will be necessary to place items on the regular meeting agenda.

◇ Committee of the Whole Agenda Procedure:

1. Issues and legislation that require the attention of the body of Council are referred to the Committee of the Whole by the President of Council, City Clerk or Managing Director no later than the Wednesday before the meeting is scheduled to occur.
2. Final approval is at the discretion of the President of Council.
3. If the President of Council withholds approval, the issue can be forwarded to the appropriate committee for consideration.
4. If the President of Council approves, he or she will instruct the City Clerk to place the item on the agenda where appropriate. The City Clerk will schedule the issue or legislation as quickly as possible.

◇ Regular Meeting Agenda Procedure:

1. Issues and legislation not cleared through a committee must be approved by the Council President before they are placed on the regular meeting. The Council President's approval must be obtained no later than the Wednesday before the meeting is scheduled to occur.
2. Final approval is at the discretion of the President of Council.
3. If the President of Council withholds approval, the issue can be forwarded to the appropriate committee for consideration.
4. If the President of Council approves, he or she will instruct the City Clerk to

place the item on the meeting agenda where appropriate. The City Clerk will schedule the issue or legislation as quickly as possible.

Consent Agenda

The Consent Agenda is designed to provide efficient approval of non-controversial legislation that does not require discussion/debate by giving approval with the adoption of the meeting agenda. Consent Agenda legislation will pertain to housekeeping matters such as contract awards (approved by motion) or resolutions that have minimal overall impact. Ordinances cannot appear on the Consent Agenda as the enactment of ordinances must occur with a “roll call vote.” The President of Council will call Council’s attention to the list of Consent Agenda legislation aloud at the meeting before action is taken, which allows Council to remove a piece of legislation for separate discussion. The President of Council will read the items aloud after the Consent Agenda is adopted.

1. Legislation placed on the Consent Agenda will be adopted when the meeting agenda is approved.
2. Any member of Council may request an item be removed from the Consent Agenda for further discussion. If an item is removed, it will be treated as a resolution and acted upon during the appropriate part of the agenda.

CONDUCT OF BUSINESS

Conduct of Business. §5-206 of the Codified Ordinances.

At the time appointed for any meeting of the Council, the President shall take the Chair and call the meeting to order. If a quorum – 4 Councilors - is present, the President shall proceed with the order of business prescribed for the meeting. If, upon the call of the roll, a quorum is not present, the President shall order a recess for a reasonable period of time and if a quorum has not developed by that time, the President shall declare the meeting adjourned or recessed. *Note: A Council Meeting may not be called to order if the City Solicitor or his representative is not present.*

In the absence of the President, the Vice President shall exercise the duties of the President. In the absence of both the President and the Vice President, the Council President shall appoint a President pro-temp who shall have all the powers of the President.

In the event a regular or special meeting needs to be postponed because of a weather emergency or similar circumstances, the Council President may determine the date and time of the postponed meeting. Reasonable efforts to fulfill the notice requirements shall be made but broadcast announcements and communication with members shall be

deemed to meet minimum requirements. (§5-204 of the Admin Code)

Rules of Procedure. §5-208 of the Codified Ordinances.

The standard reference of Council shall be Robert's Rules unless stated differently by Council. Business is conducted by acting on motions. Once a matter has been moved and seconded, no other matter shall be taken up until action has been taken on the main issue.

Rule No. 1. Disclosure of Interest. A member who has personal or private interest in any question, measure, or bill proposed or pending before the Council shall disclose that fact to Council and shall vote thereon on the advice of the City Solicitor. If such interested person shall vote without disclosing his interest in such question, measure or bill, Council may avoid the enactment or transaction or not, as it deems best. Please refer to the City's Code of Ethics, Section 6 Prohibitions, Conflict of Interest.

Note: *The conflict shall be submitted in writing to the City Clerk on the prescribed conflict of interest form before the vote explaining the rationale of the abstention.*

Rule No. 2. Proposed Amendments to These Rules. Amendments to these rules must be presented in writing at a non-legislative meeting of the Council held at least 1 week prior to the date when the same are to be finally considered. Amendments shall be adopted by the affirmative vote of the majority of all members of Council.

Rule No. 3. Suspension of Rules. These rules may be suspended by the affirmative vote of the majority of all members of Council present, but the suspension shall not extend beyond the adjournment. No rule of Council, which is also subject of legislative enactment, shall be suspended.

Rule No. 4. Legislation.

1. No rule, matter, bill or resolution shall be considered by Council unless a written memorandum, brief, resolution or bill is delivered to the City Clerk before noon on the Wednesday preceding the meeting where the matter or legislation is to be considered, introduced or enacted/adopted by Council. The City Clerk shall furnish to the Mayor and all members of Council copies of all proposed resolutions and ordinances by posting the agendas on the website.
2. Legislation referred to or being considered by a Council Committee must be returned to the full body of Council for consideration with either a positive or negative recommendation. If the legislation is not returned in this manner, any three Council members may request that the full body, at a regular business meeting, consider the legislation.

Rule No. 5. Duties of the Presiding Officer. The President of Council shall decide all questions subject to appeal by any two members of Council and have general supervision of the meeting. He shall determine the appropriate committee to which legislation and other matters shall be referred. The President of Council shall be the designated representative of the body and shall communicate the intentions of Council, with respect to professional service, contracts, legislative action and other matters, as needed.

Rule No. 6. Reconsideration. A motion to reconsider a question shall be entertained only at the next legislative meeting following the one at which vote was taken. No second motion to reconsider the same motion shall be entertained.

Rule No. 8. Rules of Debate. Prior to debate, a bill or resolution must be placed on the table by a first and second motion of the body. The sponsor of the bill or the referring committee will have the first opportunity to make a statement. After which, each member of Council shall be entitled to make one statement on the proposed legislation. The President of Council may also invite the Mayor and Managing Director to comment. All first statements shall be no longer than 3 minutes in length.

Second statements or comments shall be entertained after each member present has been given the opportunity to speak one time and shall be no longer than 2 minutes in length. In the event no other Council member wishes to address the issue and no one moves to end debate or call for the question, debate will be allowed to continue. In general, it is expected that the body will make their remarks concise and focused on the matter or issue proposed. Amendments or statements not relating to the question shall not be made. All such matters not relating to agenda items will be entertained after the Council business portion of the agenda.

The President of Council or presiding officer may, at his/her discretion, choose to limit debate time on each agenda item to 10 minutes, as stated in Roberts' Rules of Order. Members wishing to speak shall request recognition from the presiding officer. At which time other Council members shall not engage in dialogue or interrupt except for the following:

- 4 Call for a separate vote on one or more subjects that are included in a single motion.
5. Request or inquiry that requires an immediate response. [*Ord 7-2001*]

The body may override the presiding officer's decision on any procedural rule through the passage of a motion. [*Ord. 7-2001*]

The President shall deal firmly with enforcing these rules and the rules guiding participation including, but not limited to, commotion, frivolous behavior or delaying debate and motions. The President shall see that Council debate is confined to the merits of the question and that personal comments and/or statements are avoided. [*Ord. 7- 2001*]

In the absence of the President, the Vice President shall serve as the presiding officer. If both the President and Vice President are absent, the meeting shall not be called to order unless the President has designated a member of Council, in writing, to serve as the President pro tem of that session. COUNCIL PROCEDURE - DISTRICT OR TOWN MEETINGS

Councilors should try to hold at least one District meeting each year. These meetings help keep Councilors in touch with the pulse of the community and encourage communication. These meetings can be used to address specific community concerns or to highlight new city programs. District meetings are usually held in a building convenient to the targeted community, such as a church, a school, a field house, etc. Council staff can assist in making the necessary arrangements, advertisements and coordination with the Administration.

PROCEDURE - HARB APPEAL HEARINGS

The Historic Architectural Review Board (HARB) meets on the third Tuesday of the Month to consider applications for exterior improvements to properties located within the City's 5 historic districts: Centre Park, Callowhill, Prince, Penn's Commons, and The Heights.

HARB has the power and duty to approve or deny the appropriateness of the erection, reconstruction, alteration, restoration, demolition or razing of any building in whole or in part, which can be seen from a public street or way within the historic districts. Alteration of buildings within historic districts is prohibited until a certificate of appropriateness is obtained. The Pennsylvania Historic and Museum Commission and the US Secretary of the Interior mandate the guidelines for preservation. HARB must

make decisions based on those guidelines. If the property owner does not agree with the decision of HARB, they may appeal to the body of Council.

The appeal process begins with a letter to the property owner informing him/her of the time and location of the hearing, arranged by the Historic Preservation Specialist and the City Clerk. The property owner must then contact the City Clerk and express his/her desire to move forward with the appeal. After proper advertisement, Council holds an appeal hearing. The Historic Preservation Specialist provides support documentation regarding the decision made by HARB. Testimony is taken from the Historic Preservation Specialist, the property owner and any other parties having interest in the property. Council then is asked to consider the adoption of a resolution that will either uphold, or overturn the decision made by HARB or remand the issue to HARB. HARB Appeal decisions are appealable to the Court of Common Pleas.

PROCEDURE - CONDITIONAL USE HEARINGS

The City of Reading Zoning Ordinance works to foster improved living conditions and quality of life; it helps maintain and establish the desired character of neighborhoods and provides for the preservation of natural resources and needed recreational open space. Zoning plays many roles in the development of a community which cumulatively results in the protection of the health, safety and general welfare of all residents within the community. Zoning is intended as a regulatory arm of the local government regarding land use, building intensity, and population density. It is not used to regulate the social, economic, or religious composition of the community. Zoning does not enforce private deed restrictions nor restrict or regulate land ownership.

Under the Zoning Ordinance, City Council hears applications for uses falling under the Conditional Use section. Conditional uses are those uses which require individual review of their location, design, and intensity in order to ensure their appropriateness on a particular parcel of land, the compatibility of the use with adjacent uses, and the neighborhood. The Zoning Hearing Board hears all other zoning related cases and all zoning decisions, including Conditional Uses, are appealable to the Court of Common Pleas.

Before approving a Conditional Use application Council should consider if the location is appropriate and not in conflict with the Comprehensive Plan, that the public health, safety, morals, and general welfare will not be adversely affected, that adequate off-street parking facilities will be provided, and that necessary safeguards will be provided for the protection of surrounding property, persons, and neighborhood values. These conditional uses or temporary zoning instances protect the integrity of the

underlying zoning while permitting certain land uses that otherwise would not be allowed. For example: If the underlying zoning of a particular neighborhood is residential, the conditions should be justifiable to protect against the intrusion that a nonresidential use will create. Once the specific conditions of the use are established, their purpose should be to protect the primary use of the neighborhood by limiting the use.

Zoning Ordinance

§600-1201. Criteria and Limitations.

No conditional or special exception use shall be permitted if it:

- A. Substantially increases traffic congestion along a street or creates a traffic safety hazard.
- B. Creates an undue concentration of population.
- C. Impairs an adequate supply of light and air to adjacent property.
- D. Creates a significant threat to the public health and safety.
- E. Is detrimental to the appropriate use of adjacent property through the generation of significant nuisances or hazards.
- F. Does not meet the requirements of this chapter.

The following are Conditional Uses

- 1. Adult Businesses -book and video stores, movie theaters, cabarets and massage parlors.
- 2. Boarding, Rooming and Lodging Houses.
- 3. Bottle Clubs.
- 4. Conversions of single family dwellings to multi-family use
- 5. Fire and ambulance stations
- 6. Bus shelters
- 7. Junkyards.
- 8. Public Utilities.
- 9. Residential Care Facility including group care facilities and group care institutions,
- 10. Sexually Oriented Businesses
- 11. Student homes
- 12. Taverns, Bars, and Pubs
- 13. Treatment centers

Applications for Conditional Uses are handled by the Zoning Administrator. The \$1,000 application fee covers the cost of the advertisements, stenographer and staff time. The Zoning Administrator works with the City Clerk to arrange a hearing date. The City Clerk forwards the Conditional Use application to the City Planning Commission for their review and subsequent recommendation. At the hearing, Council takes testimony from the applicant, the Zoning Administrator, the City Planner, and other

interested parties. Council will make their ruling by passing a resolution at a regular or special meeting of Council within 45 days of the hearing. This ruling must be based on and contain rationale from the Zoning Ordinance §600-1201. General Criteria and Limitations above.

PROCEDURE – AMENDMENT OF CHARTER & CODIFIED ORDINANCES

The City of Reading Home Rule Charter may be amended by the members of Council via ordinance and/or the electorate of the City through the Home Rule Charter and Optional Plans Law, PA Title 53, Chapter 29, Subchapter C Amendment of Existing Charter or Optional Plan and is handled by the Berks County Elections Board to have an item placed on the election ballot. The proposed ordinance enacted by City Council must contain the question for the ballot and a simple explanation. City Council may amend any part of the City's Codified Ordinances through the enactment of an ordinance. All ordinances must be introduced at a Regular Meeting of Council and layover for a minimum of fourteen (14) days. However, Charter amendments that affect the form of government must go through a Government Study process under the Home Rule Charter and Optional Plans Law.

PROCEDURE – LIQUOR LICENSE TRANSFER

An inter-municipal transfer of a license or issuance of a license for economic development under the Liquor Code must first be approved by the governing body of the receiving municipality when the total number of existing restaurant liquor licenses and eating place retail dispenser licenses in the receiving municipality equal or exceed one license per three thousand inhabitants.

Upon request for approval of an inter-municipal transfer of a license or issuance of an economic development license by an applicant, at least one public hearing shall be held by the municipal governing body for the purpose of receiving comments and recommendations of interested individuals residing within the municipality concerning the applicant's intent to transfer a license into the municipality or acquire an economic development license from the PA Liquor Control Board. The governing body shall, within forty-five (45) days of a request for approval, render a decision by ordinance or resolution to approve or disapprove the applicant's request for an inter-municipal transfer of a license or issuance of an economic development license. The municipality may approve the request. A decision by the governing body of the municipality to deny the request may not be appealed. A copy of the approval must be submitted with the license application.

The City Clerk receives notice of the pending transfer from the PA LCB. The transfer

information is researched and forwarded to Police Command staff and the Zoning office. When the transfer request is received from the applicant, an application form is transmitted to the applicant and the required hearing is scheduled. The meeting date and completed application is sent to Police Command and the Zoning office.

COUNCIL POLICY – PROPERTY TAX EXONERATION

Occasionally a property owner applies for exoneration from property taxes. This request is usually made to the Administrative Services Director and Managing Director and then forwarded to the Council Office. The applicant must complete the Tax Exoneration application form and provide a copy of his tax exemption certificate from the County Assessment Office along with exoneration approvals from the School District and County and other documents required by the application. The Administration will provide documentation on the affected parcels, their assessed value, and the tax assessed, along with the total of delinquent taxes. This information will be included with the agenda if a hearing is recommended by Council Staff or the Administration. At the hearing Council will take testimony from the property owner and the Administration. Council will approve or deny the application for exoneration at a subsequent regular business meeting. *(Note: Reading School District policy is to exonerate taxes for only the year or years following the time an exemption application is filed with the Berks County Assessment Board.)*

PROCLAMATIONS AND COMMENDATIONS

Citizens, businesses, and organizations can be honored with a Proclamation or Commendation at Council Meetings or by Councilors at events. Proclamations are formal public statements or announcements and are generally issued by the Mayor. Commendations are official awards given to show high approval or expressing favorable opinion and are generally given by Council. Proclamations can also be issued by Council if they are adopted in the manner used to adopt resolutions. Council staff keeps a schedule of Commendations and Proclamations that are regularly presented by the Mayor and Council and staff can easily prepare others to help you honor people, businesses, events, etc. Please try to provide at least 4-5 days' notice and the information listed on the application form posted on the website.

PROCEDURE - CITIZEN ISSUES AND COMPLAINTS

The ultimate purpose of city government is to provide efficient public services to citizens. When service is not provided in a timely manner, or to the level expected, it is the responsibility of citizens to report the problem. The City Administration makes every effort to provide efficient public services. Breakdowns in communications

between citizens and the administrative offices can occur and citizens often call their elected City Councilors to intervene.

When complaints are received they should be forwarded to Council Staff. The complaint will be recorded in the complaint log, a database accessible to the Council Office and used to track the complaints received. The complaint is then forwarded either to the Citizen Services Center and/or to the appropriate department either by e-mail or memorandum. If resolution isn't obtained in a timely manner reminders are sent. Council Staff provides updates on the complaint as information is received from the applicable department. Once a complaint has been satisfied, the date and time are noted in the database.

PROCEDURE - BCTV PROGRAMMING

Each member of Council participates in programs aired on the BCTV Municipal Access Channel (MAC) Channel 99. "In Your District" is aired live each Thursday of the month, beginning at 8:00 p.m. Members of Council appear on the program on a rotating schedule, arranged by BCTV staff. Each member of Council may determine in advance the length of the program; either a half hour or a full hour. You can do a live program or you can pre-tape your program at a time to be arranged with BCTV staff.

"In Your District" is done in an interview format. A member of the community can serve as host and ask you questions about topical issues. You can also choose to invite people in to discuss programs, issues, etc. Home viewers may call in to ask questions during live programs.

COUNCIL POLICY - ADOPTION & AMENDMENT OF PLANS

Comprehensive Plan and Park and Open Space Plan Amendment

The Comprehensive Plan and Park and Open Space Plan are strategic documents, drafted to serve as formal statements of policies regarding the City of Reading's future. They are intended to provide a framework for discussion, both public and private on a wide range of issues, including: resource allocation, neighborhood stability, health and safety, economic development, park use, recreational maintenance and improvement. The intent of both documents, as stated in their respective opening paragraphs, is to serve as a guide to address the changing human and physical environments of the community.

◇ Comprehensive Plan

The Comp Plan is an extremely important planning document, setting forth land use policies, storm water management plans, energy conservation guidelines, and a host of

other policies, which serve to direct the development of the community over the length of the plan. While a municipality is not legally obligated to follow the Plan (the Plan can be amended or outright disregarded at the whim of decision makers), every effort should be made to adhere to the Plan. Failure to do so, inevitably leads to haphazard planning and a lack of needed continuity. The Pennsylvania Municipal Planning Code (MPC) is the governing legislation, by which a Comp Plan is prepared, adopted, and amended.

The MPC requires a review of the Comp Plan at least every ten years. The Comp Plan shall be sent to the governing bodies of contiguous municipalities, as well as the County Planning Commission for review and comment. As the Comp Plan is required to be reviewed every ten years, assessing the Plan and work on amendments should begin by year eight of the Plan's ten year cycle. Council, as the governing body, is responsible for adopting the Plan.

Council shall adopt and may amend the Comp Plan in whole or in part. By law, Council will be required to hold one public meeting on the adoption of the Comp Plan. Throughout the review, Council should consider the comments made by all relevant parties: Administration, City and Berks County Planning Commissions, School District, and Citizens. Adoption and amendment is by resolution.

The plan is composed of chapters, each providing analysis and recommendations on specific issues. The chapters cover:

1. Objectives concerning future development
2. Land Use
3. A plan to meet the current and future housing needs of residents
4. Transportation
5. Community Services and Facilities
6. Statement of the interrelationships among the various plan components
7. Discussion of short-term and long-term implementation strategies
8. Statement that the existing and proposed development is compatible with contiguous municipalities
9. A plan to protect natural and historic resources
10. A plan for the reliable supply of water
11. Energy Conservation

◇ Park and Open Space Plan

The City of Reading Park and Open Space Plan (POS) was initiated by the Recreation Commission and was developed by a consultant, utilizing site surveys, demographic information, industry trends, focus groups, and input from key community leaders and

residents to provide direction and recommendations for future park improvements for the next 10 years. The POS plan was developed to:

1. Provide a detailed inventory of City parks, playgrounds, open space areas and facilities.
2. Identify service areas for each of the City's parks and playgrounds based on the proximity of sites to neighborhoods.
3. Identify improvements of existing park areas and recreation facilities and potential locations for acquisition of additional park land.
4. Offer a ten year plan and budget to complete identified improvements.
5. Provide recommendations for development and expansion of recreation programs.
6. Evaluate the staffing and the allocation of funds for the park operation and maintenance functions and provide recommendations for improving operational efficiency.
7. Provide potential trail and greenway opportunities.
8. Identify outside revenue sources to augment recreation programs budgets.
9. Identify partnership opportunities with regional entities.

The POS plan is an excellent planning and reference tool. It provides a complete inventory of the City's park and recreation facilities. A detailed description of each park or facility is provided, noting: facility name, adjacent properties, landmarks and land uses; types of possible facility uses and facility condition. Each facility is evaluated, with positive as well as negative attributes being noted and then prioritized in terms of need.

As with the Comp Plan the document is not binding, but should be followed in the interest of maintaining continuity. During the formulation of the Capital Budget, the POS plan should be one of the primary references, as the plan has outlined the physical condition of the City's recreation facilities and has prioritized their need. Like the Comp plan, the POS plan is a ten year plan, which Council adopts by Resolution.

PROCEDURE FOR PLAN(S) DEVELOPMENT:

Both the Comp plan and POS plan are decennial documents; however, due to their length, the time involved in their revision is extreme. As such, the review and revision process should start approximately two years prior to the expiration of the plan. It is the responsibility of Council to initiate the review:

1. Two years before the expiration of the plan Council will adopt, by Resolution, the necessary directives to the appropriate commissions, agencies, authorities,

- departments and staff, to prepare amendments to the Comp and POS plans.
2. While it will be the responsibility of the respective staffs to develop a plan for review and amendment, this plan shall be submitted to Council for approval.
 3. Council can create Advisory Committees to undertake the review processes and assure the needs of the community are satisfied through the review. The Advisory Committee would work with various City staff to facilitate the development of a review and amendment plan. The committee shall consist of six members: three appointed and approved by Council and three appointed by the Mayor.
 4. After approval of the Plan by Council, progress reports will be provided to Council by the appropriate staff, at a schedule to be determined by Council.
 5. Council will approve both final Plans by Resolution.

REDISTRICTING PROCESS

Redistricting Process. *§5-214 of the Codified Ordinances.*

After each decennial census Council shall, within 60 days after the receipt of the census information from the Federal Government, appoint a Redistricting Advisory Commission. Each Council member shall appoint one person from his/her respective district. The President of Council shall select one member to represent the at-large community. The Planning Commission will be asked to assign two current members to the Advisory Commission. The Berks County Planning Commission may also be asked to assist.

This Redistricting Advisory Commission shall review and compare the new and old census information with the current Council District configuration. This group shall prepare and present a redistricting proposal(s) to the full body of Council in no less than 120 days after their appointment.

The district proposals shall give strong consideration to the combination of neighborhoods that are continuous but that share similar quality of life issues. This configuration will support the principle of electing representatives that can easily represent the voice of the community they represent. The Advisory Commission shall also consider the Federal redistricting laws.

Council shall hold a minimum of one public hearing to get public input on the redistricting proposal(s), within 45 days of their receipt of the proposals from the Redistricting Advisory Commission and shall adopt by ordinance a redistricting plan, either new or status quo, at their next regular business meeting. (Ord. 17-1996, 6/24/1996; as added by Ord. 23-2002, 5/28/2002, §2)

ADMINISTRATIVE DEPARTMENTS

The following **departments are created and authorized by the Administrative Code:** 1) Department of Police, 2) Department of Community and Economic Development, 3) Department of Fire and Emergency Services and 4) Department of Law.

COUNCIL POLICY – APPOINTMENT OF DIRECTORS AND SOLICITOR

Council is responsible for confirming, by resolution, the hiring of the Managing Director, City Solicitor, all Department Directors, and the Zoning Administrator. As such it is the duty of the Mayor and Managing Director to bring forward their candidates for Council consideration. If Council fails to confirm or reject the candidate within sixty (60) days, the candidate will assume the position.

1. Upon the selection of a candidate, the Managing Director (or Mayor for appointment of a Managing Director) notifies the Council Office and provides the office with copies of the candidate's resume, references, letters of recommendation and all other relevant supporting material, a written explanation as to why the candidate was selected, the proposed level of compensation the candidate will receive, as well as include a copy of any contractual agreements offered to the candidate;
2. Council staff will be responsible for scheduling the candidate to appear before all of Council for an interview. Staff will coordinate the interview with the Managing Director;
3. The interview may be conducted in a Committee of the Whole setting, during which time each member of Council will be provided an opportunity to ask questions of the candidate;
4. Council shall not take action on any confirmation until at least the first regular meeting following the interview.

The interview is intended to provide Council the opportunity to discuss a candidate's paper qualifications and gauge his/her effectiveness, interpersonal skills, organizational

fit, willingness to adhere to the Home Rule Charter and commitment to the City of Reading. Appointing a new director is a significant responsibility as the new director will head one of the City's operating departments. Members of Council have an obligation to their constituents to ask insightful, probing questions of a candidate and be willing to reject a candidate if they fail to meet the highest professional and personal standards. Possible questions to ask a candidate during the interview:

- 1 Why are you thinking of leaving your current position?
- 2 What are some of your professional goals?
- 3 How do you plan on achieving these goals?
- 4 How do you evaluate your success?
- 5 What qualities do you feel a successful manager should possess?
- 6 How familiar are you with our community? Its strengths? Its weaknesses?
- 7 If hired will you agree to become a resident of the City of Reading as required by the Home Rule Charter?
- 8 What do you see as Council's role in the governing process?
- 9 Tell us 3 things you have achieved or programs you have started in your current position.

*The complete Purchasing Policies can be found in the online
City Code at § 5-809. Purchasing Policy and Procedure.*

The purpose of this procedure is to outline the steps that must be taken by all City departments to purchase all materials, supplies, equipment and contractual services (herein referred to as “items”) under \$10,000 with the exception of:

The purchasing procedure for these excepted items is covered in Administrative Procedure, entitled, “Payment for Items and Services without a Purchase Order” Chapter 5 Part 8 Section 809 Section 6.

Dollar Limits Covering Vendor Solicitation. With the exception of professional services, the purchasing manager will follow these guidelines concerning the dollar limits covering vendor solicitation.

- 1 Purchases up to \$4,000 - one verbal or written quote. A written record of quotes will be maintained.
- 2 Purchases between \$4,001 and \$9,999 – three verbal or written quotes. A written record of quotes will be maintained.
- 3 Purchases of \$10,000 and higher - a formal solicitation through advertising which requires vendors to submit sealed bids accompanied by a bid surety (see Administrative Procedure “Bid Solicitation, Evaluation & Award Procedure”). It shall be the option of the Executive Branch to advertise for bids to purchase those items that may be exempted under the City Charter Section 915 and the Administrative Code Chapter 5 Part 8 Section 809 Section 6 listed above.

Time Requirement. Users should allow sufficient time, normally 7-10 days, for purchase under \$10,000 and 2-1/2 weeks or more for items requiring bids over \$10,000. All divisions should carefully plan their purchases so rush situations are not created.

Note: Emergency Purchasing procedures are detailed in the Administrative Code *Chapter 5 Part 8 Section 809 Section 3.*

SOLE SOURCE PURCHASES:

Sole source purchases may be made if there is only one item that will produce the desired results or possess a unique performance capability, are available from only one source, or is patented or copyrighted. These purchases are exempt from competitive requirements upon certification by the Purchasing Coordinator. *Chapter 5 Part 8 Section 809 Section 4*

Note: Sole source purchases are also required to be reported to the Board of Ethics. *Chapter 5 Part 10 Section 6 Letter H*

BLANKET ORDER PURCHASE:

A blanket order purchase is a special type of purchase order issued by the purchasing manager and designed to reduce the administrative effort and costs of placing recurrent orders for necessary items or services, such as heating fuel or repairs to office equipment. Blanket orders normally call for an undetermined quantity of a product to be delivered or a service to be provided on a continuing basis from a single vendor. In some cases, the quantity may be estimated at an agreed upon unit price. Only one blanket order at a time may be issued to a specific vendor, from a standard account. A single blanket order may however cover one or more types of items or services. A blanket order may be issued any time during a calendar year, unless otherwise determined by the Administrative Services Director. Blanket orders will be invalid after December 31st of the year issued. *Chapter 5 Part 8 Section 809 Section 5*

Types of Blanket Orders. Two types of blanket orders exist:

Regular Blanket Orders (B) - referred to as merely blanket orders, are established with a vendor for a fixed dollar amount, but do not necessarily indicate the specific items or services to be purchased, their quantity, or unit price. The description is to state generally what is to be purchased, i.e. "various automotive replacement parts such as but not limited to filters, spark plugs, belts." Statements such as "Supplies as may be needed from time to time" are unacceptable.

Blanket Orders with Price Agreements (BA) - Blanket orders with price agreements are regular blanket orders where the unit price of the items or services are agreed upon

with the vendor for a stated period of time, i.e. fuel oil for the year. Items and prices should be clearly stated in the description along with date of quote or contract award and period of agreement.

BIDDING PROCESS

Bidding Process. *§915 of the Charter.*

Whenever the estimated cost of any construction, erection, installation, completion, alteration, repair of, or addition to, any project subject to the control of the City shall exceed \$10,000, it shall be the duty of the City to have such work performed pursuant to a contract, awarded to the lowest responsible bidder (subject to subsection (2)(d) hereof), after advertisement for bids. Every such contract shall contain a provision obligating the contractor to the prompt payment of all material furnished, labor supplied or performed, rental for equipment employed, and services rendered by public utilities in or in connection with the prosecution of the work, whether or not the said material, labor, equipment or service enter into and become component parts of the work or improvement contemplated. Such provision shall be deemed to be included for the benefit of every person, co-partnership, association or corporation who, as subcontractor or otherwise has furnished material supplied or performed labor, rented equipment or services in or in connection with the prosecution of the work as aforesaid, and the inclusion thereof in any contract shall preclude the filing by any such person, co-partnership, association or corporation of any mechanics' lien claim for such material, labor or rental of equipment.

Whenever the estimated costs of any purchase of supplies, materials or equipment or the rental of any equipment, whether or not the same is to be used in connection with the construction, erection, installation, completion, alteration, repair of, or addition to, any project subject to the control of the City, shall exceed \$10,000, it shall be the duty of the City to have such purchase or rental made pursuant to a contract awarded to the lowest responsible bidder (subject to subsection (2)(d) hereof), after advertisement for bids, such advertisement to be inserted in a newspaper of general circulation in Berks County.

The City shall not evade the provisions of subsection (1) or (2) as to advertising for bids by purchasing materials or contracting for services piecemeal for the purpose of obtaining prices under \$10,000 upon transactions which should, in the exercise of reasonable discretion and prudence, be conducted as one transaction amounting to more than \$10,000. This provision is intended to make unlawful the practice of evading advertising requirements by making a series of purchases or contracts, each for less than the advertising requirement price, or by making several simultaneous purchases or contracts, each below said price, when, in either case, the transactions involved should

have been made as one transaction for one price.

Written or telephonic price quotations from at least three qualified and responsible contractors shall be requested for all contracts that exceed \$4,000 but are less than the amount requiring advertisement and competitive bidding or, in lieu of price quotations, a memorandum shall be kept on file showing that fewer than three qualified contractors exist in the market area within which it is practicable to obtain quotations. A written record of telephonic price quotations shall be made and shall contain at least the date of the quotation, the name of the contractor and the contractor's representative, the construction, reconstruction, repair, maintenance or work which was the subject of the quotation and the price. **Written price quotations and written records of telephonic price quotations and memoranda shall be retained for a period of 3 years.**

The City shall require as a condition of the award of any contract, pursuant to subsection (1) or (2) of this Section, that the contractor give to the City any bond or letter of credit (including bonds for the performance of the contract, and for the prompt payment by the contractor for material, supplies, labor, services and equipment) which are prescribed by law for contracts awarded by cities of the third class.

Notwithstanding anything to the contrary contained in this Section, City Council may, in those cases where an individual or company with headquarters in the City submits a bid which is within 10% of the lowest bid, award the contract to said individual or company. In acting pursuant to this provision, City Council shall find that such an award will be in the best interests of the citizens of the City. The City Council must show just cause for the awarding of such contracts to locally owned companies who provide local labor, materials or produced goods.

All contracts shall be on file in the office of the City Auditor and shall be available for public inspection during normal business hours.

Administrative Code Chapter 5 Part 8 Section 809 Purchasing Policy

All purchases \$35,000 or more require bid solicitations except those listed below:

- 1 Public utility service under tariffs on file with the Pennsylvania Public Utility Commission.
- 2 Any items purchased through Federal or Commonwealth programs that have different bidding requirements mandated by a grant program.
- 3 Purchases made through intergovernmental cooperation as governed by 1972, P.L. 762, No.180, 53 P.S. 481 as amended and Act 31 of 1971 the Commonwealth's cooperative purchasing program, a Commonwealth law of general application.

Bid solicitations or RFP's are not mandatory for the items listed above however;

requests by department directors to bypass the bid solicitation or RFP procedure must have valid justification. All such requests shall receive approval by the Managing Director on a case by case basis.

Administrative Code Chapter 5 Part 8 Section 5-809 Section 7.11 Bid Award.

It is the policy of the City to make awards to the vendor who meets the specifications for the items or services to be purchased at the lowest cost. Factors such as delivery time, quality, operating and maintenance costs, service, etc., as well as initial price, should be taken into consideration in determining the lowest cost vendor.

The department director shall review all bids and make a recommendation to the purchasing manager by completing the "Recommendation to Award Contract" form. If the purchasing manager does not agree with the recommendation of the department director, the award will be referred to the purchasing committee for determination.

The Director of Administrative Services shall review the recommendation to ensure an award is compatible with the budget.

The Managing Director shall approve all recommendations.

Both the Mayor and Managing Director shall have final approval of contracts below \$35,000.

City Council shall award or reject all contracts exceeding \$34,999.99.

A purchase order shall be initiated after the contract award; however, it shall not be issued until the contract documents have been finalized.

The successful vendor after receiving the contract documents has ten (10) working days to sign and return with the necessary bonds.

If the selected vendor fails to deliver a bond or items bid within the time limits specified, the purchasing manager may choose to recommend rescinding the award and re-advertise for bids. In such event, the delinquent bidder shall be responsible for the costs of rebidding and the amount of any increase in the contract price thereby resulting. The purchasing manager shall properly document the action, the reasons for the action and retain the vendor bid surety not as a penalty, but as liquidated damages for inability to comply with the contractual agreement.

In general Council approves Award of Contracts by motion under the Consent Agenda.

Transfers

As of March 13, 2001, City Council must, by resolution, approve any salary increase that has not been approved in or included in the budget for the fiscal year and falls outside the labor contract for union employees. [*Ord. 11-2001*]

During the course of each fiscal year, the transfer of all monies including, but not limited to, transfers between departments and transfers in and out of any City fund, account or line item either attached in part or unattached to a departmental budget, causing a modification of \$10,000 or more, must be approved by Council ordinance. The ordinance must be submitted to City Council with an agenda memorandum explaining the justification for transfer and the proposed use for the funds transferred, within the time frame defined in the Agenda Packet Policy. [*Ord. 16-2001*]

PURCHASING OF PROFESSIONAL SERVICES

Chapter 5 Part 8 Section 809 Section 8. The purpose of this regulation is to outline the process involved for preparing specifications, letting of Request for Proposals (RFP's), awarding contracts and payment of bills for professional services.

For the purpose of this regulation the term "professional" is defined as those persons or firms marketing services requiring advanced academic or technical training skills. Examples of professional services include work done by the following contractors but is not necessarily limited to these services:

- 1 Accountants
- 2 Architects
- 3 Attorneys including independent legal counsel as per 5-213 and 5-302
- 4 Bond Underwriters
- 5 Engineers
- 6 Insurance Consultants, Agents, and/or Brokers
- 7 Investment Advisors
- 8 Physicians

Professional service contracts are not to be confused with standard contracts which seek a price or costs for particular work detailed in specifications. Professional contracts seek expertise through an RFP and pricing or cost may not be of "primary" importance.

A professional contract, while it is based upon work performed in response to task specifications and the need for a finished product as outlined by the City and agreed to by a contractor, it is one that by its very nature cannot be awarded solely based upon the selection of the lowest bidder.

Factors other than price alone must be carefully weighed in the review of proposals and the award of such contracts. These factors include the professional qualifications/certifications, special skills, experience, and familiarity of the contractor with the work requested, all of which have an impact on the quality of the product/service to be delivered.

PREPARING REQUESTS FOR PROPOSALS (RFP'S) FOR CONTRACTS GREATER THAN \$34,999.

Unless otherwise determined by the Managing Director, any purchase of professional service in amounts exceeding \$34,999 must be made by written contract and initiated by an RFP. Competitive proposals increase the ability to fully evaluate both the benefit and costs of the services being sought.

Notwithstanding any other provisions to the contrary if the Managing Director so determines, no RFP shall be required for an employee engaged in providing professional services to the City who terminates employment with the City and shall than be engaged as an independent contractor. In addition, no RFP shall be required for an independent contractor whose engagement terminates, if the Managing Director desires to continue the engagement by the City.

For all contracts expected to exceed \$34,999.99 including those which are multi-phased (e.g., feasibility study and design), person(s) designated by the Managing Director shall prepare an RFP specifically for the extent of the work effort that can be defined at that particular time. The RFP should solicit information pertaining to the contractor's qualifications and costs (including appropriate hourly rates, etc.) for as many phases as appropriate. Costs and qualification information should then be utilized to select the contractor. For any subsequent phases of the contract that have not been specifically defined in the initial RFP, a new RFP should be drafted and circulated to secure competitive proposals from interested contractors.

CONTRACTS BETWEEN \$10,000 and \$34,999.99:

The department director or person designated by the Managing Director to handle the assignment, shall request written proposals from at least three (3) firms. Proposals shall include the fee either in the form of a unit cost and/or total maximum cost to be charged. After analysis, a written report and recommendation shall be presented to the purchasing manager, Administrative Services Director and Managing Director for final approval.

If requested, unsuccessful firms shall be given an explanation as to the reasons for the selection.

The department director should take precautions to project the total cost of professional service contracts that are multi-phased. An RFP must be prepared for those multi-phased contracts, the total cost of which could exceed \$34,999.99. Multiple contracts valued below \$35,000 which occur during a single year and provide for the same or a substantially similar service or for which services are provided by the same vendor shall be considered to be multi-phased and are subject to approval as noted for contracts exceeding \$35,000.

SELECTION OF PROFESSIONAL SERVICE CONTACTS GREATER THAN \$34,999.99

The proposals of those firms responding to an RFP are reviewed by a selection committee designated by the Managing Director. The selection committee shall consist of the purchasing coordinator, the City Solicitor, three designees of the Department and the Director of Administrative Services. All committee members must sign and complete the "Confidentiality Statement and No Conflict of Interest Statement.

The selection process shall be based on the objective criteria contained in the RFP and not necessarily on the lowest bid. Examples of the evaluation criteria include: size and experience of the firm on similar projects, client references, demonstrable understanding of the requested work, the ability and/or commitment to meet the prescribed completion schedule, and the cost estimates.

The selection committee shall, according to the level of importance, determine a maximum number of points attainable for each criteria. The committee members shall independently evaluate each firm being considered and assign points accordingly.

The recommendation of the selection committee shall be to the firm with highest total points.

The selection committee has the responsibility to negotiate the most favorable cost, terms and conditions to the City of Reading. The negotiating process may involve one or more RFP responses, and may continue until the actual award of the contract.

A meeting with the purchasing coordinator and the City Solicitor will be available for a firm who is dissatisfied after not being recommended for award of the contract.

The selection committee shall submit a written report on the process and its recommendation, to be reviewed with the Administrative Services Director.

Prior to formal acceptance, the RFP and the proposal shall be submitted to the solicitor's staff for review.

The Administrative Services Director and the selection committee will prepare a recommendation for the Managing Director to present to City Council for final approval where such approval is required by the Charter or by the Administrative Code.

The Administrative Services Director shall advise the purchasing coordinator to formally notify the successful firm.

RENEWAL OF PROFESSIONAL SERVICE CONTRACTS:

The City shall have the option to renew a professional services contract for one (1) year beyond the established contract period, based upon a continuation of the current contract price or the re-negotiation of a new price.

SALE AND LEASE OF CITY OWNED LAND AND PROPERTY

In order to be considered qualified to purchase or lease city-owned property a prospector buyer must:

- Be current with respect to property taxes and other city obligations or have entered into a payment agreement to fulfill those obligations;
- Not own or have an interest in any property with any significant un-remediated violation of city codes and ordinances;
- Not own a property that was subject to a completed Berks County tax foreclosure proceeding within the previous five (5) years.

A prospective buyer will submit an application to the city describing the development or improvement plans that include evidence that the prospective buyer has the financial and operational capacity to implement the proposed plans. The City expects that properties will be developed in an appropriate and timely manner based on the application. Generally, the city will require activities to begin within six (6) months after the date of sale. All proposed uses must be consistent with the City's Comprehensive Plan and with other City approved and accepted plans. Projects are required to comply with all city, state, and federal codes, regulations and statutes.

All sales and leases are subject to approval by City Council.

Proceeds from the sale of properties shall be used to fund capital repairs/projects or to support the City's reserve funding.

The City offers properties for sale in several ways:

- General sales – broker listings, the use of the multiple listing service, web sites or other methods of advertising in order to encourage broad participation in the

sale of certain properties

- Direct sales – The City may determine that certain properties will be sold to a specific party. The rationale for this approach must be presented to and approved by the Managing Director
- Requests for Proposals/Requests for Qualifications – when the City has a specific plan for a property(ies) it may issue an RFP/RFQ to identify a potential development

The City will review requests to purchase small vacant lots for improvement as a side yard or rear yard under the following circumstances:

- The applicant must be the owner of an adjacent property and must be using that property as a primary residence
- The property to be acquired must share a common boundary at either the side or back of the applicant's property
- The block on which the applicant and the property are located must consist primarily of occupied properties

An applicant may acquire up to two (2) adjacent lots as long as one of those lots shares a common boundary with the applicant's primary residence.

The City reserves the right not to convey properties that are adjacent to or near other vacant properties.

When leasing properties the City will publish the list prices for all properties and may use an appraisal to establish the price of any property. The cost of repair may be considered in determining the price of vacant properties. Certain projects may be determined to serve a public purpose and will be conveyed at a discounted price.

The City also supports the use of vacant land for three categories of urban agriculture:

- Individual gardens – an individual or household is given temporary access to garden and maintain the land for their personal use
- Community gardens and open space – the gardener may enter and use the property only for non-commercial gardening with the written approval of the City
- Market and community-supported farms – this is an area managed and maintained by an individual or group of individuals to grow and harvest crops for sale or distribution that is not incidental in nature and include both for-profit and non-profit enterprises

REVENUE SOURCES

There are three main streams of revenue to generate the needed funds to operate municipal governments and provide services to citizens (local taxes, intergovernmental revenues and internal operational revenue). Taxes are “enforced contributions” for municipal services which cannot be rationally allocated to individual users. These include services like police and fire protection, parks and general administration. Such services benefit the entire community and are paid for by all local taxpayers in a tax system somewhat scaled to the ability to pay.

An equitable tax or charge applies equally to all persons subject to the tax or charge. Real estate taxes are sometimes inequitable because the assessed valuations (and therefore, taxes) for a house built ten years ago is often lower than the assessed valuation for an equivalent house built today. Although the tax rate may be equal, the base on which the tax rate is applied is not uniform. Unequal enforcement of tax collection also represents a way a revenue program may be inequitable. Following through with all measures allowed by law to collect unpaid taxes is essential to a tax program which treats all citizens of the municipality equally.

A tax program should be set up to automatically benefit from growth. As your municipality grows or needs change, higher levels of municipal services are usually required. A desirable tax structure results in the new growth paying its own way by bringing in increased revenues as the value of real estate, incomes and population increase.

School districts, counties, and municipalities (cities, boroughs and townships) are not allowed to make up their own taxes; they are only allowed to choose between the taxes authorized for them by the Commonwealth. The number (and usefulness) of the taxes authorized varies across the different jurisdiction types.

Local taxes are authorized for local jurisdictions under several different laws; each jurisdiction has its own legal code that outlines how it operates, how it is governed, and which taxes it can levy. The City of Reading falls under the parameters for Third Class Cities and the Tax Enabling Act, also known as Act 511.

Act 511 authorizes a variety of different taxes for municipalities and school districts. These include the earned income tax, amusement tax, mercantile tax, per capita tax, occupation tax, and local services tax. Many of these Act 511 taxes often are referred to as "nuisance taxes," typically because individually they don't generate much revenue, and they are a nuisance to collect (and a nuisance for taxpayers to understand and not confuse).

Most of the Act 511 taxes have to be shared equally between school districts and municipalities if both levy it. For example, the maximum earned income tax rate for school districts and municipalities is 1 percent. If only the local school district levies the earned income tax, the school district can collect the entire 1 percent. If only the municipality levies the earned income tax, the municipality gets to collect the entire 1 percent. But if *both* the school district and municipality levy the earned income tax, they are required to *share* the 1 percent-- they each get 1/2 percent. Under Home Rule, any City increase does not need to be shared with the School District. Home Rule municipalities are also able to increase tax rates beyond Act 511 caps.

It is interesting to note that several local taxes are authorized both under the jurisdictional code, and under Act 511, *with different tax rates*. School districts and municipalities can choose under which law they want to levy the tax, and thus which tax rate cap they are subject to. If a borough, for example, levies the occupation tax under the borough code, the maximum tax rate for the occupation tax is 30 mills. If a borough levies the occupation tax under Act 511, the maximum tax rate is \$10 (if they choose to levy it as a "flat rate"), or *no limit* if they choose to levy it as a millage.

4. Home rule municipalities may set rates higher than the limits provided in state law for property taxes and for personal taxes levied on residents. They may not create new subjects for taxation. Third class cities adopting home rule charters as of July 1, 1992 include: Carbondate, Chester, Clarion, Coatsville, Farrell, Franklin, Greensburg, Hermitage, Lebanon, McKeesport, Warren and Wilkes-Barre.

5. Five additional mills available with court appeal.

6. Local sponsors may levy any tax permitted by law to support a community college. The tax cannot exceed 5 mills of the market value of real estate, except for first class cities and first class school districts where it cannot exceed one mill of the market value of real estate.

Current City taxes rates (2018) are:

- Earned Income Tax – City 2.1% + School District 1.5% - total 3.6%
- Per Capita Tax – City \$20 + School District \$10 – total \$30
- Local Services Tax - \$52 per year
- Real Estate Tax - .017289 mills or \$17.289 per \$1,000
 - .2% of the real estate tax is set aside for Shade Trees
 - .2% of the real estate tax is set aside for the Reading Public Library

In addition, the City receives a non-resident income tax of .3% from those who work in the City but live outside City limits.

The City also has various fines and fees for licenses, rentals, permits, etc. that contribute to the revenue stream such as trades permits and licenses, rental fees for the field houses and certain equipment, etc. The City also uses Enterprise Funds, which are funds established to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges. The City currently has 3 Enterprise Funds - Sewer, Recycling/Solid Waste, and Waste Water Treatment.

FINANCE & BUDGETS

CDBG BUDGET (Community Development Action Plan)

CDBG BUDGET

The Community Development Block Grant (CDBG) program is the primary component of the CDBG Action Plan. The Community Development Action Plan is as important to the City as the General Fund Budget. The plan budgets or allocates the City's portion of federal dollars for the year. The plan is developed by the Community Development Department in consultation with the Administration and the County CD Department and through solicitation of public input and internal and external agency funding requests. Funds are allocated according to strict national objectives and Department of Housing and Urban Development (HUD) guidelines. HUD provides separate allocations and caps for CDBG, HOME, ESG, and Administration. The combinations of these program allocations make up the Action Plan that is approved by Council resolution on or before November 15 annually. The following is a brief explanation of the program areas:

1. **CDBG**-Title 1 of the Housing and Community Development Act of 1974 created a system of unified block grants. Under the current system communities of over 50,000 residents are entitled to receive funding directly from HUD. The purpose of CDBG is to encourage broadly conceived community development projects benefiting low to moderate income residents.
2. **ESG**-The Emergency Shelter Grants are designed to provide homeless persons with shelter and basic support services. The grant may be used to assist with the operational costs of the shelter facility, and for the administration of the grant. ESG also provides short-term homeless prevention assistance to persons at imminent risk of losing their own housing due to eviction, foreclosure, or utility shutoffs.
3. **HOME**- Is a flexible block grant program intended to help communities expand the supply of decent, safe, affordable housing for primarily low income families. While not as large an allocation as CDBG, HOME monies play a crucial part in the development of Reading. One requirement of HOME monies is that at least fifteen percent (15%) must be provided to an acceptable CHDO (Community Housing Development Corporation); a private, non-profit development corporation that meets a series of qualifications prescribed in the HOME regulations and has been designated by the City. NHS is currently the City's CHDO organization.
4. **ADMINISTRATION**-Approximately four percent (4%) of the total CD allocation may be used to cover the administrative costs of programs. Salaries of Community

Development Staff and monitoring activities are supported through this allocation.

The CDBG Action Plan must be adopted by Council at the first meeting in November, as the plan must be submitted to HUD by November 15. It is important to keep in mind the CDBG Budget provides relief to the overly burdened General Fund by covering costs of City operations and programs where applicable. CDBG dollars can also be used to support fundable social service agencies. Before the change to the Home Rule form of government in 1996, a major part of the City's CDBG allocation was used to fund social service agencies that provide service to low/moderate areas of the City. In 1997 City Council directed the Administration to begin reducing allocations to social service agencies and begin funding eligible City programs and services such as community policing and codes enforcement. Council also directed the Administration to begin drafting the Action Plan in conjunction with the Berks County Office of Community Development. Collaboration between the County and City staff reduces the double dipping effect, whereby a fundable agency is supported by either City or County funds, not both.

COUNCIL POLICY - CDBG BUDGET ADOPTION (ACTION PLAN)

1. The Community Development Director in conjunction with the Managing Director will present the proposed budget in the form of an action plan to Council in August of each year. At the discretion of Council the Action Plan can be amended. Amendments should be discussed with the Community Development Director to determine their fundability.
2. Amendments should be presented by Council and the Administration at the beginning of October. Council staff will be available to provide whatever assistance is required. The Action Plan is adopted by Resolution, rather than by ordinance. The resolution must be adopted no later than the first regular meeting in November to comply with HUD's November 15th deadline.
3. Any part of the Action Plan (CDBG, HOME, ESG) is amendable at any time during the budget year. If an amendment is desired, the Community Development Director should be notified of the proposed amendment. The fundability of the amendment must be verified like any other CDBG program.
4. Unused CDBG funds are categorized as unprogramed funds.

GENERAL FUND BUDGET

Submission of Balanced Budget and Capital Program. *Charter Section 902.*

On or before 90 days prior to the ensuing fiscal year the department heads will submit a proposed budget and capital program to the Managing Director. On October 1st of each year the Mayor will submit to the City Council a balanced general fund budget, capital improvement program budget, position ordinance, property tax ordinance and other ordinances that will increase or decrease taxes, fines and fees and an accompanying message. The proposed balanced budget and capital program shall be in such form as the Mayor deems desirable, unless otherwise required by Council.

In organizing the budget, the Mayor shall utilize the most feasible combination of expenditure classification by fund, organization unit, program, purpose or activity, and object. The budget shall contain, among other things, the following:

- 1 It shall begin with a general summary of its contents.
- 2 It shall show in detail all estimated income, indicating the existing and proposed tax levies, as well as other assessments, fees and charges.

- 6 It shall indicate proposed expenditures during the ensuing fiscal year, detailed by offices, departments and agencies, in terms of their respective work programs and the methods of financing such expenditures.

7 It shall indicate proposed capital expenditures during the ensuing fiscal year, detailed by office, departments and agencies when practicable, and the proposed method of financing each such capital expenditure. The Mayor will include this separate capital program section in the annual Budget and submit to Council with appropriate supporting information as to the necessity for such programs.

8 It shall indicate anticipated net surplus or deficit for the ensuing fiscal year of each utility owned or operated by the City and the proposed method of its disposition; subsidiary budgets for each such utility giving detailed income and expenditure information shall be attached as appendices to the budget. The total of proposed expenditures shall not exceed the total of estimated income. The estimated income shall mean the total of estimated revenue plus the prior fiscal year's fund balance. If a deficit exists, a plan to eliminate that deficit must be included in the budget.

City Council Action on Budget. *Charter Section 905.*

Notice and Hearing. Council shall publish in one or more newspapers of general circulation in the municipality the general summary of the budget with a notice stating:

1 The times and places where copies of the budget message and budget document are available for inspection by the public.

2 The time, place, and date, not less than 15 days or more than 30 days after such publication, for a public hearing on the budget. The public hearing shall not be on the date of a regular Council meeting.

3 The proposed budget shall be available for public inspection at City Hall and copies shall be available for the public at a reasonable fee to be set by the Council.

Amendment Before Adoption. *Charter Section 905.*

After the public hearing, the City Council may adopt the budget with or without amendment. In amending the budget, it may add or increase programs or amounts and may delete or decrease any programs or amounts, except expenditures required by law or for debt service or for an estimated cash deficit, provided that no amendment to the budget shall increase the authorized expenditures to an amount greater than total estimated income and thereby allowing for line item changes by the City Council. If the amended budget increases, decreases, or readjusts funding requirements by more than 5% or adds or deletes a program, the budget shall be returned to the Mayor immediately for comment and resubmission to the Council within 3 normal City work days. Council shall provide for another public hearing to be held within 5 days after the Mayor has resubmitted the budget.

Adoption. *Charter Section 905.*

Council must adopt an annual budget by no later than December 15 of the fiscal year currently ending. If Council fails to adopt a budget by December 15 then the Mayor's

original proposed balanced budget shall become the official budget of the City for the ensuing fiscal year. Within 30 days after the adoption of a budget ordinance, the Director of Administrative Services shall file a copy of the budget with the appropriate state agency.

Revised Budget. *Charter Section 906.*

Notwithstanding any other provisions of this Article, when the fiscal year of the City is the calendar year, in any year following a municipal election year the Council may, within 45 days after the start of the fiscal year, revise the budget and tax levies adopted by the previous Council. The procedures for adopting a revised budget shall be in accordance with §905 and §906, with the time periods adjusted to 45 days after the start of the fiscal year. Ordinances adopting a revised budget shall be effective as of the start of the fiscal year and shall rescind and replace the budget ordinance of the previous Council. It is the intent of this Charter that a new Council, in the year following a municipal election, shall have the power to revise the budget and tax levies adopted by the previous Council.

Amendments After Adoption. *Charter Section 908.*

Emergency appropriations may be made by the Council to meet a public emergency posing a sudden, clear and present danger to life or property. Such appropriations may be made by emergency ordinance in accordance with the provisions of §220 of this Charter.

Supplemental appropriations may be made by the Council by ordinance upon certification by the Mayor that there are available for appropriation revenues in excess of those estimated in the budget.

Transfer of appropriations may be made in accordance with the provision of the Administrative and Fiscal Codes in accordance with the provisions of §908 of the Charter.

Administration of the Budget and Capital Program. *Section 910 of the Charter.*

The Mayor shall be responsible for and with the assistance of the Managing Director shall supervise the administration of the annual and capital budgets.

Beginning in 2016, 0.10% of all EIT revenue is dedicated to capital improvements annually. That amount increases by .10% annually through 2019. (Amended Act 47 Recovery Plan)

Submission to City Council. *Section 911 of the Charter.*

The Mayor shall prepare and submit to the City Council a 5 year capital program no later than the final date for submission of the budget.

The CIPC shall advise the Mayor and Council on the selection and prioritization of capital projects and shall contain the Director of Administrative Services, the Director of Community Development, the Director of Public Works, the Fire Chief, the Police Chief, the City Auditor and one member of Council. The CIPC shall prepare a report to the Mayor. The report will be submitted to City Council for approval.

Capital Projects Approved. *Section 911 of the Charter.*

Proposed capital projects in the capital programs must be considered on their own individual merits by the Director of Administrative Services, the City Auditor, and the proposer of the project. The procedures to approve the individual capital projects are:

Preliminary Feasibility Study. The capital project preliminary feasibility study shall

include:

- 1 A clear general summary of its purpose and justification.
- 2 The cost estimates and time schedule for the Capital Project including the cost of the post project completion audit.
- 3 The method of financing and sources upon which this capital project is reliant.
- 4 The annual cost of operating and maintaining the project to be constructed or acquired. The Council approval of capital projects in this preliminary feasibility study will require a simple majority vote in order to move on to a final approval and funding acceptance.

- 1 A clear general summary of its purpose and justification.
- 2 The cost estimates and time schedule for the capital project including the cost of the post project completion audit.

- 5 This final capital project proposal will be published and made available for the public to review (Use Notice and Hearing Notice - §912). Capital project replaces capital program. The final Council approval of capital projects will require five votes to approve.

Capital Project Reporting. *Section 911 of the Charter.*

Current Projects. All capital projects in process must be reported on a quarterly basis and provide an update on cost, completion date, and estimated revised operating costs. This information is to be supplied by the Director of Administrative Services and the Project Manager to the City Council in such a form that it is available to the public.

Extended Projects. If commencement of a capital project does not begin by end of the fiscal year following the year in which final approval is obtained the project must go through §911(C) (1) and (2).

Cost Project Completion Audit. Following completion of the capital project a complete and detailed audit must be published and made available to the public. This post audit is to be completed by an independent auditor appointed by the Council. The purpose of the post audit is to confirm the estimates of costs and explain any deviation between actual and estimated costs.

City Council Action on Capital Program. *Section 912 of the Charter.*

Notice and Hearing. Council shall publish in one or more newspapers of general

circulation in the municipality the general summary of the capital program with a notice stating:

- 1 The times and places where copies of the capital program message and capital program document are available for inspection by the public.
- 2 The time, place, and date, not less than 15 days or more than 30 days after such publication, for a public hearing on the capital program. The public hearing shall not be on the date of a regular Council meeting or on hearing date of the operating budget.
- 3 The proposed capital program shall be available for public inspection at City Hall and copies shall be available for the public at a reasonable fee to be set by the Council.

Adoption. *Section 912 of the Charter*

Council must adopt an annual capital program by no later than December 15 of the fiscal year currently ending. If Council fails to adopt a capital program by December 15 then the Mayor's original capital program shall become the official capital program of the City for the ensuing fiscal year.

COUNCIL POLICY BUDGET REVIEW & ADOPTION

The budget review process is designed to provide an open, inclusive and most importantly an objective process, by which to allocate the resources of the City of Reading. It is important for Council and the Administration to work cooperatively in both preparation and review of the budget; however, to borrow an old expression: Council controls the purse strings. The budget is to be prepared by the Administration, but it is not finalized until it is approved by Council. Adopting the budget is one of Council's most important responsibilities.

In order for Council to digest the enormous amounts of information presented by the Administration, a separate committee of Council may be created for the purpose of reviewing the budget. The President of Council may create the committee, although any member of Council may propose a resolution establishing the committee. If a resolution is proposed it must be passed by a majority of Council.

The Budget Committee shall be composed of the following:

- Chair, designated by the President of Council
- a minimum of two (2) additional Councilors
- Managing Director
- Director of Administrative Services or his designee
- Council Staff
- Other Administrative personnel deemed necessary by the Director of Administrative Services

- Ex Officio: Council President

Process: The Chair will be responsible for defining the specific process to be followed; however, certain criteria must be met.

1. Following an initial meeting between all of Council and the Administration (the Budget Summit), the committee shall schedule a separate meeting with the Managing Director to agree upon the process to be followed;
2. Any member of Council is invited to attend meetings, but may only participate if they are a member of the committee;
3. A review of the General Fund budget must be completed by the committee and a summary prepared for review by the body of Council;
4. The committee shall prepare an initial list of priorities, amendments and suggestions, to serve as a framework for subsequent discussions with the Administration;
5. The committee will be responsible for articulating the position of the body of Council during all discussions with the Administration related to budget;
6. A majority of Council may elect to override the positions of the committee if it is determined to be necessary;
7. The Chair must provide reports, either verbal or written to the entire body of Council on a regular basis throughout the budget process; the President of Council or a majority of Council may decide to set a schedule for reports;
8. The Chair will serve as a point of contact between the Administration and the body of Council, all requests for information must be relayed to the Chair, who will further relay the request for the information.

Benefits of this Approach: This process will provide for a more orderly review of the budget, the establishment of tangible goals and firm deadlines and better communication and participation in the budget setting and prioritizing process.

As per the Charter, the Administration must submit the Capital and General Fund proposed budgets to Council no later than October 1. The City Clerk then places an ad in the paper giving the taxpayers a summary of the budgets and notice of the two Public Hearings, one on the General Fund Budget and one on the Capital Improvement Plan Budget. These hearings must be held on separate nights and cannot be held on the evening of a regular Council meeting. The Public Hearing must be held no less than 15 days after or more than 30 days after the placement of the ad.

Both budgets, the position ordinance (which authorizes all City employment positions for the ensuing fiscal year), the property tax ordinance and any other tax or fee ordinances that support the revenue increases proposed by the Administration in the

budget are introduced at a Special Meeting scheduled on the night the budget is submitted to Council by the Administration. Increases to the Act 511 taxes require special advertisement and layover period and a public hearing. All tax increases also require a public hearing as per Charter §215 - §224.

Proposed amendments to both budgets must be introduced no later than 2 weeks prior to their adoption. To comply with the timelines mandated by the Charter both budgets must be adopted by Council no later than the second business meeting in November. This provides time for the Mayor's approval process and any necessary public hearings or special meetings needed to ensure the budget is adopted by Council and approved by the Mayor by December 15.

TAX RATE

Appropriation and Revenue Ordinance. *Section 907 of the Charter.*

For 1996, this Charter shall provide for collection of income from real estate taxes which, in total amount, does not exceed 105% of the real estate tax income actually collected by the City during 1995. For those years following 1996, it shall provide for collection of income from real estate taxes which, in total amount, does not exceed 105% of the real estate tax income actually collected in the previous year. Any collection of income from the real estate tax by the City in excess of the amounts allowed by this Section shall not be expended but shall be retained for use in the subsequent year and be used in the next year subsequent to reduce the amount of income needed by the City in said subsequent year. COUNCIL POLICY ON BOND & DEBT FINANCING APPROVAL

The purpose of establishing these guidelines is to improve the process for approving bond and debt financing and providing thorough information to City Council.

- At all times possible the Administration will present Council with proposed bond or debt financing sixty (60) to ninety (90) days prior to date of final approval.
- At that time the Administration will review the proposal and its impact on the City with the full body of Council.
- Over the next thirty (30) days Council will have the opportunity to ask any questions as a group or individually on the proposed bond or debt financing. The Administration will answer questions or meet with Council, individually or as a body, as needed.
- Thirty (30) days prior to final approval the Administration and Council will discuss the bond or debt financing at a second meeting.

The Administration will take precautions to avoid beginning the bond or debt financing approval process during October and November, when Council is attending to the adoption of the General Fund, Capital and CDBG Budgets. In the case where debt financing or refinancing will be required during or immediately after the budget cycle, the Administration will begin the approval process no later than September 1 to provide for the necessary adoption vote before November 1. The Administration shall also seek pre-approval from Council, when available. There may be times when budget deficits will be identified by the Administration during the Budget cycle which will cause the need to begin the debt approval process during budget discussions.

Such boards and commissions shall be established by ordinance including a clear statement of whether they shall be advisory in nature or they shall have power and authority under City ordinance or State or Federal code.

City Council may not change the powers or authority of any board or commission except by ordinance.

City Council may by ordinance abolish any board or commission not established by State or Federal mandate or by this Charter.

(Charter, 11/3/1993, §1001)

Membership. §1002 of the Charter

Appointments. City Council shall approve all appointments for each board and commission. Broad citizen participation shall be encouraged in recruiting appointees and making appointments. No appointee of any board or commission shall hold any other elected public office or any compensated position for the City.

Vacancies. Any vacancy caused by death or resignation shall be filled promptly pursuant to the procedure set forth in §309(B). The person so appointed shall serve for the unexpired term of the person vacating such position.

Qualifications. As a general rule, members of boards and commissions shall be residents of the City. At the discretion of Council, persons not residents of the City, but who have a significant property or business interest in the City, may be selected to serve. No person may concurrently serve on more than one board or commission.

Note: There are several Boards or Commissions that require members to have specific skills, qualifications or knowledge. It is not always possible to find a City resident to serve. Council Staff manages a database to track vacancies and membership terms. This information is posted on the City's website and is updated monthly. When a current member's term expires Council Staff notifies the member with a letter inquiring if the member is interested in seeking reappointment. When a vacancy occurs Council Staff notifies City Council, the Mayor and Managing Director and asks their assistance in finding a qualified replacement. Council Staff also enlists the assistance of the various trades and professional union associations and various

organizations to seek out applicants for the Boards, Authorities and Commissions. Council Staff also, at times, runs advertisements in the Reading Eagle and Council newsletter to attract applicants.

AUTHORITIES

Authorities are created by the State Municipal Authorities Act (MAA). Each authority has separate governing regulations. City employees and elected officials are not prohibited from serving on Authorities.

COUNCIL POLICY – APPOINTMENT PROCESS

Appointments and reappointments to the Boards, Authorities and Commissions are made either by Council or by the Mayor with Council's approval; with three exceptions:

1. State Title 55 Parking Authorities provides the Mayor with the ability to make appointments and reappointments to the Parking Authority without Council's approval. The Mayor may also remove members of this authority at will.
2. Urban Development Law, Section 5 provides the Mayor with the ability to make appointments and reappointments to the Reading Redevelopment Authority without Council approval.
3. Chapter 23 Boards, Commissions, Committees, Part 5 Human Relations Commission, Section 23-504 provides the Mayor with the ability to make appointments and reappointments to the Human Relations Commission without Council approval.

Applicants are asked to complete a basic application form and submit it to the City Clerk's Office. When the application is received a basic background check is done to see if the applicant is free of fines, codes violations, delinquent taxes, and utilities. After this step is complete, the application is either forwarded to the Mayor's Office or to the Council Nominations and Appointments Committee. The Nominations and Appointments Committee conducts brief interview meetings with candidates and makes an appointment recommendation to the full body of Council. Appointments are approved by Council resolution at regular business meetings. In the event an applicant does not receive the Committee's endorsement, 3 members of Council can request that the appointment resolution be forwarded for Council action.

After the appointment resolution is adopted, Council Staff contacts the applicant to congratulate them and informs them of the need to make arrangements with the City Clerk to take the Oath of Office. A copy of the appointment resolution, the Charter,

Ethics Code and legislation on the appropriate board is also supplied. The database is updated.

APPENDIX

A. PERMIT REQUIREMENTS

One Stop Shop Process

The City of Reading utilizes a one stop shop approach to permitting. All the necessary staff, resources and information necessary to begin work on a construction project in the City is available in one office. The one stop shop brings together Codes, Trades, Fire and Zoning enforcement. Under such a system the applicant benefits from a smooth interaction with the City, while the City benefits from improved communication and sharing of information between departments and offices responsible for the enforcement of important ordinances.

Building Permits

Any person or organization seeking to undertake new construction, or make alterations and additions to existing buildings must first receive a building permit. The applicant for a permit will provide an estimated project value at the time of application. Permit valuations must include the total value of work, including materials and labor, for which the permit is being issued.

Zoning

Any person or organization seeking to undertake new construction, or make alteration and additions to existing buildings, or operate any business must first consult with the City of Reading Zoning Office. Consultation will avoid unfortunate confusion and project delay by determining if the scope of work conforms to the City of Reading Zoning Ordinance. Consultation will be held with the Zoning Administrator, whose responsibility it is to verify conformity of plans and make suggestion as to what type of relief will be needed if plans fail to meet ordinance standards.

The Zoning Office has up to thirty (30) days to approve or deny a permit after the application is deemed complete. The Zoning Office strives to ensure permits are released as soon as possible, so citizens can complete projects in a timely manner. In the event an application is denied, the applicant may either modify the project proposal to conform to zoning regulations or appeal to the Zoning Hearing Board under the Zoning Ordinance. Various uses are designated as special exceptions or conditional use and are approved or denied by the Zoning Hearing Board or City Council respectively.

Zoning permits are required for:

- New construction and additions
- Fences, porches, sheds, garages, swimming pools, decks

- Driveways, paving and parking areas
- Signs (including temporary signs)
- Changing owner/lessee of a business or creating a new business
- Creating a home occupation
- Temporary uses
- Conversions of uses (owner occupied to rental, owner occupied to business, etc)
- Roommate housing arrangements
- Bottle clubs, taverns and bars
- Group homes and boarding houses
- Day cares
- Student homes

Special Event Permit

The City of Reading encourages events and celebrations of all types. To ensure an event is of sufficient merit and in keeping with the standards and morals of the community, Council has passed ordinances establishing event regulations, which are as follows:

- Any person wishing to hold a parade or event shall file an application with the Traffic Enforcement Division of the Police Department. Applications can be obtained at the Citizen Service Center and Traffic Enforcement office during normal business hours or on the City's website.
- A fee must be paid to cover the costs associated with processing the application. The fee for certified non-profits is \$300 and for all others is \$500. A security deposit is also required at the time of the application.
- Included with the permit application is a standard hold harmless agreement; the agreement must be signed by the applicant and notarized by a licensed notary.
- Final approval of the application rests with the Chief of Police.
- If the application is approved, City Risk and Safety will contact the applicant and verify the sponsoring organization is indemnified to a minimum of \$1,000,000.00.

City resources such as police officers and fire department personnel can be requested. The cost of these services will be assessed to the event organizer.

Shade Tree Permit

No person shall plant, transplant, cut, trim or remove any shade tree, nor shall they cause to be planted, transplanted, cut, trimmed or removed, any shade tree without first obtaining a permit to do so. Nor shall any person fasten, or cause to be fastened, any sign, wire, rope or other materials, to, around or through any shade tree without first obtaining a permit from the Shade Tree Commission. Nor shall any person deposit, place, store or maintain any stone, brick, sand, concrete or other material which may

impede the free passage of water, air or fertilizer to the roots of any shade tree without first obtaining a permit to do so. Nor shall any person break, injure, mutilate, kill or in any other way harm any shade tree, nor move any building or other object on or over any public street or public right-of way in such a manner as to damage or injure any shade tree without first obtaining a permit to do so.

HARB (Historical Architectural Review Board) Certificate of Appropriateness

Founded in 1748 by the sons of William Penn, Reading's historic heritage holds an important place in Pennsylvania and the nation. This heritage is reflected in the many styles of period architecture located throughout Reading. To protect this heritage five distinct historic districts have been created: Prince, Callowhill, Penn's Commons, Centre Park and The Heights. Construction, alteration or modification of structures in a historic district is not permitted, unless a Certificate of Appropriateness is obtained from HARB. A Certificate of Appropriateness is an approval issued by HARB or by Council on appeal of a HARB decision, which when issued grants permission for the requested structural alterations. The following steps must be followed to obtain a Certificate of Appropriateness:

- All applications for a Certificate of Appropriateness shall be in writing and submitted no later than ten days before the regularly scheduled HARB meeting.
- Applications must be submitted by the legal owner of the property, or his/her authorized designee.
- The Historic Preservation Specialist is available to provide information and other assistance during the application process.

HARB will consider applications and make determinations based on preservation guidelines, regulations and ordinances, promulgated by the: Secretary of Interior, the PHMC and City Council. Should HARB deny a Certificate of Appropriateness, the applicant may appeal the decision to City Council.

Business Permit Application

Persons or businesses wishing to do business in the City of Reading, must first obtain a Business Permit from the Tax Administration Office. The cost of the permit is \$50.00 annually. Before a permit is issued, the Tax Administration Office will verify if the proper zoning, building and health permits have been issued. Failure to obtain the proper permits will result in the denial of a business permit and prompt investigation by Codes. Businesses are also required to file a business privilege tax return and pay the required tax annually.

Solicitation Permit

Anyone who wishes to go door to door in the City of Reading must first register with the Police Chief's office. There is no cost for the permit. Permits are not required for school and youth groups, religious organizations, or candidates for elected office.
