ADDENDUM NO. 1

RFP: CCTV and Manhole RFP

DUE DATE: 3:00 P.M. Prevailing Time,
April 15, 2014

NOTICE

This addendum must be signed, attached to, and returned with your proposal to the City of Reading by the time and date indicated ABOVE:

- Q1. Regarding manhole inspections, will the City's methodology require confined space entry to complete the inspections?
- A1. The decision to enter a manhole will be based upon the ability of each firm to inspect and assess from topside. This will vary dependent upon their equipment and its capabilities to definitively see the requisite detail for the complete inspection. If the Contractor is required to enter the manhole to complete the inspection, then the contractor shall comply with all confined space entry requirements. Please note that portions of the City's system were originally designed and constructed in the 1890's.
- Q2. Are we allowed to fill up our jet trucks at any hydrant?
- A2. The City will have designated places for filling jet trucks for the cleaning process.
- Q3. What happens when the line still has debris after light cleaning?
- A3. Please notify the City so they can investigate and attempt to perform the heavier line cleaning. Section III Paragraph B of the RFP provides provisions for the Proposer to add additional services required to complete the work within their Cost Proposal.
- Q4. Would you consider adding a bid item for traffic control?
- A4. Section III Paragraph B of the RFP provides provisions for the Proposer to add additional services required to complete the work within their Cost Proposal.
- Q5. How many LF of pipe are involved in the project?
- A5. The lineal footage is being finalized but is to be priced based upon the tiers established and listed in the bid tabulation. This RFP is to establish firm's

qualifications and maximum pricing to award work to any of a number of contractors. While the majority of work is expected to occur prior to July 1, 2014, this is to establish terms and pricing for a three-year period.

I, HEREBY CERTIFY THAT THE CHANGES COVERED BY THIS ADDENDUM HAVE BEEN TAKEN INTO ACCOUNT.
