**Subject:** Reading Lighting      **FPN (U):** N/A  
**SR - Section**      N/A      **FPN (C):** N/A  
**MPMS No.**      81360

To: District Executive  
 District 5-0  
 Attention: **Dave Rader**, Utility Relocation Administrator

From: City of Reading

Following is the Utility Clearance data (Form D-419) for the above project.

This project is scheduled for an April 2010 letting.

This certifies that all written responses from all known utilities within the project limits have been Received, and are on file in the District Office as of January 22, 2010. Therefore, it is recommended that a certification of Utility Clearance be furnished to FHWA.

All necessary arrangements have been made for all known utility relocation work to be undertaken and completed as required for proper coordination with the construction schedules.

<b>UTILITIES</b>	
Cooperate with the public utility companies and local authorities in the placement, replacement, relocation, adjustment, or reconstruction of their structures and facilities during construction.	
Contact all utility representatives at least fifteen (15) calendar days prior to starting operations.	
<b>PRIOR</b>	Anticipated completion before the Notice to Proceed is issued. Actual or anticipated completion date shown.
<b>RESTRICTIVE</b>	To be completed by the Utility before operating without restriction. Number of calendar days required AFTER THE DATE OF NOTICE TO PROCEED.
<b>CONCURRENT</b>	Simultaneous with, but not restricting operations. Number of calendar days required.
<b>COORDINATED</b>	Phasing with specific construction operations. Number of calendar days required AFTER COMPLETION OF SPECIFIC CONSTRUCTION OPERATIONS.
<b>NOT AFFECTED</b>	Identifies UTILITY with facilities in the construction area which are not anticipated to be affected. Specific information may be provided by the UTILITY.
<b>INCORPORATED</b>	Utility relocation work to be incorporated into the prime highway construction contract.
<b>CONDITIONAL RESTRICTIONS and TIME REQUIREMENTS</b>	Identify conditions affecting the utility's ability to perform work, i.e., certain times of the day, week, or year that a facility cannot be shut down, acquisition of R/W by the Commonwealth, demolition of buildings, relocation of other utilities, etc. Show number of calendar days.
