

Summary
Cancelled meeting of the City of Reading Planning Commission
October 27, 2009 at 7:00 pm

Members present:

Ermete J. Raffaelli, Chairman
Brian Bingaman, Vice Chairman
Frederic dep Rothermel Jr.

Staff present:

Andrew W. Miller, Planning Office
Michelle R. Mayfield, Department of Law

Others present:

Thomas L. Weld Jr., BCM Engineers, Inc.
Dean A. Miller, Reading Area Water Authority
Michael A. Setley, Setley, Rauch & Bucolo, LLC
Lee C. Olsen, Blighted Property Review Committee
Linda A. Kelleher, Blighted Property Review Committee
Neil Brantley, Environmental Advisory Board
Dwayne Parker, 69 News WFMZ-TV
Chris Reber, Reading Eagle Company

With only three members present (a quorum requiring a minimum of four), the Commission was unable to call a meeting to order. As representatives of the Reading Area Water Authority were in attendance to present the landscaping scheme for the "18th Ward Water Booster Station" project (a condition of its September 22nd approval), the Commission allowed them to make the presentation.

Also, an informal 'question and answer' conversation took place between the Commission members and the representatives of the Blighted Property Review Committee in attendance. It was agreed that the Commission's 'reuse recommendations' could be postponed to the November meeting, without adversely affecting the blighted property review process.
