Re: Vacancy – Reading Area Transportation Study
Technical Committee

A vacancy currently exists on the Reading Area Transportation Study (RATS) Technical Committee that needs to be filled by action of the City of Reading. This Committee serves as advisors to the RATS Coordinating Committee, the designated Metropolitan Planning Organization (MPO) and official transportation planning organization for Berks County, designated by the Governor of the Commonwealth of Pennsylvania under current and applicable federal laws. A listing of the current Technical Committee members is attached.

The vacant seat had been held by Mr. John Giardiello since being appointed to the Committee in May, 2002 until his position was eliminated by the City earlier this year. Action on filling this vacancy was held while the MPO considered possible restructuring of the committee.

The Bylaws (attached) require only that two seats on the Technical Committee be appointed by the City of Reading. The second seat is currently filled by Mr. Charles Jones, the City's Director of Public Works. In the past these seats have traditionally been filled by staff from either the City Planning Department or the Department of Public Works. There are no term limits associated with this position however that is at the discretion of the City of Reading.

The appointed member would ideally have a background in either public works or planning and an interest in the region's transportation systems. He / she also needs to have the ability to attend monthly meetings of the Technical Committee that are currently held at the Berks County Planning Commission offices at 1:30 PM on the first Thursday of the month. Meetings generally last between 1-2 hours. To the extent possible, the City should consider ethic and gender diversity in its appointment to help better reflect the composition of our community on the committee.

Action by the City of Reading is requested to fill this vacancy. Upon making your appointment, please forward me a copy of the formal action for our files as well as your appointee's name, mailing address, and daytime telephone number. We will then provide them with relevant materials related to the transportation planning process.

If you have any questions, please feel free to contact me at (610) 478-6300, Extension 6313.

Sincerely,

Alan D. Piper

MPO Secretary

Cc: Mayor Thomas McMahon
Charles Jones, Director of Public Works
