his intent to abstain from the vote due to the flawed process.

Council President Waltman asked the Solicitor if Councilor Tywman's abstention is valid. The Solicitor opined that Councilor Twyman cannot abstain due to his belief that the process is flawed.

Councilor Twyman moved to table Resolution No. 4-2016. As there was no second motion the motion to table failed.

Councilor Daubert expressed the belief that the process to make appointments to vacated Council seats is proper. However, he stated that he does have an issue with a process that allows people who do not reside in a district to make the selection. He reminded everyone that when the District 6 seat was first filled in September, his was the sole negative vote.

Councilor Twyman noted his objection to the selection process, not to those who applied. He expressed the belief that the selection process should be changed.

Council President Waltman stated that the body of Council is not circumventing anyone. He expressed the belief that Council should make the appointment as they understand all aspects of the function and responsibilities required of those who serve on Council, along with the challenges of running for office. He expressed the belief that the selection process has nothing to do with discriminatory practices. He expressed the belief that both candidates have different skills and bring passion in different ways.

RESOLUTION NO. _____ 2016

THE COUNCIL OF THE CITY OF READING HEREBY RESOLVES AS FOLLOWS:

Adopting the Council Policy Book, as amended, which serves as the document outlining the responsibilities of City Council and an overview of Charter requirements and ordinances, as amended.

Adopted by Council _____, 2016

INTRODUCTION

This document will serve as a handbook for the responsibilities undertaken by the City Council, the Governing Body of the City of Reading. The information in this document will serve merely as an overview. Further research and preparation is needed for a fuller understanding and knowledge of Council duties. Understanding the purpose of city government allows for clarity and understanding by all members of Council and citizens alike.

PURPOSE

Major goals of City Council is to enact responsible legislation for the prudent and ethical operation of the City Government, to assist in the planning of the City's revitalization and future, and to maintain free and open discussions with the City Administration and City residents to ensure democracy and good government for the City of Reading, Pennsylvania.

The City Council establishes City policy to provide for the exercise of all duties and obligations imposed upon the City by the Home Rule Charter and applicable State and Federal laws and to secure the general health, safety and welfare of the City and its citizens. The Council adopts resolutions and enacts ordinances as necessary to execute any of the City's powers.

The City Clerk acts as the director of the legislative branch. The City Clerk, along with the Deputy Clerk and other support staff, performs general oversight and coordination of the legislative action of City Council and makes recommendations to City Council on policy, regulations, practices and issues concerning the City of Reading.

The City Council approves the Mayor's appointments of the Managing Director, Department Directors, Solicitor, and Zoning Administrator. Council also makes appointments to the City's Boards, Authorities and Commissions, as specified by the Home Rule Charter and the Third Class City Code. Council is also responsible for the enactment of the City's annual operating budget and capital program and the hiring and promotion of police and fire fighters.

Council's Structural Evolution

In January 1996, the City of Reading made the transition from the Commission Form of Government to a Mayor/Council form of the Home Rule Charter. The new form of Government was approved by voter referendum on November 7, 1993.

Under the Home Rule Charter, the City of Reading is divided into six Council districts, with each district electing one Council member. District-elected Council members are to represent the voice of their constituents and act as a body to make decisions in the best interest of the entire City. The President of Council is elected at-large. The President of Council is the presiding officer of Council and has the same voting powers as the other six Council members. The President interacts with the Mayor and other governmental entities and represents the voice of Council.

When the Home Rule form of government began in 1996, Council received administrative support from the City Clerk's Office. In addition to general administrative support, the City Clerk assists Council with the drafting of legislation, legal research, and public relations. After evaluating the needs of the seven member Council and the staffing of other Council offices, Council moved to add the functions of policy-making to the administrative duties of the City Clerk and moved to add 2 additional employees to the staff.

In 1998, City Council elected to use the Committee structure. The Administrative Code provides for six Council Committees. Council currently operates with four committees – Nominations and Appointments, Standards of Living, Finance, Audit and Budget, and Strategic Planning. The committee setting allows members to more closely explore City issues and successfully work towards mutual goals. Each Committee meets on a Monday, one time per month. Committees may also meet more frequently when necessary. Three Council members serve on each committee but the meetings are structured to allow all members of Council to attend as they desire. The President of Council is an ad hoc member of all Committees. Committee meetings are advertised and open to the public, however public comment is limited.

Council established the Charter Review Commission (CRC) in November of 2001, a group of 12, to review the Charter and make recommendations on amendments. The City of Reading Home Rule Charter mandates that the CRC report to Council and the Mayor within 6 months of their formation. This group returned a report suggesting two amendments. The first amendment proposed changing the Mayor/Council government structure to a Manager/Council structure. The second amendment proposed the creation of a Transition Committee and a Charter Review Board that would assist the Administration and Council with interpretations on gray areas of the Charter. The amendments went on the General Election Ballot in November 2002. Only the second amendment was approved by the voters.

In 2014, the second CRC was convened. The CRC recommended six amendments:

- Clarifying acts of Council and establishing an Administrative Manual
- Requiring a CRC at least every five years but no sooner than three years and specifying who may serve on the CRC
- Clarifying that the annual position ordinance be included as part of the budget process

- Removing the requirement of the City Auditor to be a Certified Public Accountant
- Clarifying the roles of the Mayor and the Managing Director
- Allowing citizens to serve on two City boards or commissions concurrently

A citizens group also worked to add a seventh ballot question to require the City to place on the ballot any sale or lease of City property worth over \$10,000,000.

All ballot questions passed with the exception of the amendment allowing citizens to serve on two City boards or commissions concurrently.

Changes may also be made to the Charter by the voters through referendum or by Council through enactment of ordinance authorizing referendum placing items on the ballot or through an initiative proceeding by a citizen or the CRC.

First Monday: Nominations & Appointments 4 pm
Strategic Planning 5 p.m.

Second Monday: Committee of the Whole 5 p.m.
Regular Business Meeting 7 p.m.

Third Monday: Finance, Audit, Budget 5 p.m.

Note: During December, the 2nd regular business meeting is not held during the 4th week of December, due to the holiday season. Council Staff will make the necessary arrangements for this 2nd regular business meeting)

Council can elect to take a short recess during the summer months, when legislation is generally light. It is suggested that this recess occur during the last 2 weeks in July.

The meetings on the second and fourth Mondays are televised on the BCTV MAC Channel 99. Business attire is suggested. The meetings on the first and third Mondays are more casual than the others as they are not televised by BCTV. For these meetings business-casual attire is suggested. *NOTE: Televised meetings are replayed many times throughout the month to provide Reading citizens with ample opportunity to be informed and educated on Council's activities.*

On average there are four or five months per year that have 5 Mondays. These extra Mondays can be used to either “catch-up” on issues that need additional attention or to schedule special meetings. However at times, Council elects to take the extra Monday off.

Meeting agendas define the work plan for meetings and provide all of the available support documentation. Council staff makes every effort to provide a comprehensive document, which presents the best information available in a meaningful way. Agendas are prepared every week and distributed no later than the Thursday prior to the Monday meeting. Agendas are prepared for committee meetings, regular meetings, special meetings and public hearings. The procedures are similar for all types, with some differences noted below.

◇ **Committee Agenda Procedure:**

1. Any member of Council may request to have an issue discussed at a committee meeting.
2. In order for an item to be listed on the agenda permission will be needed from the appropriate committee chair no later than the Wednesday before the meeting is to occur.
3. It will be the responsibility of the requesting member to supply a rationale memo and appropriate supporting documents.
4. Upon receipt of written confirmation from the committee chair, the City Clerk will schedule that issue for the appropriate committee agenda.
5. Council staff will make arrangements with the Managing Director to have necessary representatives from the Administration available.
6. A majority vote of the committee will be necessary to place items on the regular meeting agenda.

◇ **Committee of the Whole Agenda Procedure:**

1. Issues and legislation that require the attention of the body of Council are referred to the Committee of the Whole by the President of Council, City Clerk or Managing Director no later than the Wednesday before the meeting is scheduled to occur.
2. Final approval is at the discretion of the President of Council.
3. If the President of Council withholds approval, the issue can be forwarded to the appropriate committee for consideration.
4. If the President of Council approves, he or she will instruct the City Clerk to place the item on the agenda where appropriate. The City Clerk will schedule the issue or legislation as quickly as possible.

◇ **Regular Meeting Agenda Procedure:**

1. Issues and legislation not cleared through a committee must be approved by the Council President before they are placed on the regular meeting. The Council President’s approval must be obtained no later than the Wednesday before the meeting is scheduled to occur.
2. Final approval is at the discretion of the President of Council.
3. If the President of Council withholds approval, the issue can be forwarded to the appropriate

committee for consideration.

4. If the President of Council approves, he or she will instruct the City Clerk to place the item on the meeting agenda where appropriate. The City Clerk will schedule the issue or legislation as quickly as possible.

Consent Agenda

The Consent Agenda is designed to provide efficient approval of non-controversial legislation that does not require discussion/debate by giving approval with the adoption of the meeting agenda. Consent Agenda legislation will pertain to housekeeping matters such as contract awards (approved by motion) or resolutions that have minimal overall impact. Ordinances cannot appear on the Consent Agenda as the enactment of ordinances must occur with a "voice vote." The President of Council will call Council's attention to the list of Consent Agenda legislation aloud at the meeting before action is taken, which allows Council to remove a piece of legislation for separate discussion. The President of Council will read the items aloud after the Consent Agenda is adopted.

1. Legislation placed on the Consent Agenda will be adopted when the meeting agenda is approved.
2. Any member of Council may request an item be removed from the Consent Agenda for further discussion. If an item is removed, it will be treated as a resolution and acted upon during the appropriate part of the agenda.

Emergency Ordinance. *§220 of the Charter.*

An emergency ordinance may be adopted to meet a public emergency posing a sudden, clear and present danger to life or property. An emergency ordinance shall be introduced in the form and manner prescribed for ordinance generally, except that it shall be plainly designated as an emergency ordinance and shall describe in clear and specific terms the nature of the emergency. Every emergency ordinance shall automatically stand repealed as of the 91st day following the date on which it was adopted, but this shall not prevent re-enactment of the ordinance if the emergency still exists.

An action on any ordinance shall be at a public meeting of Council and shall be by majority vote of the Council as a whole, and attested by the City Clerk who shall affix the municipal seal and insert the dates of the Council actions. [*Ord. 24-1996*]

Submission to Mayor and Veto Power. *§221 of the Charter.*

Before any ordinance takes effect it must first be submitted to the Mayor for approval. The Mayor shall sign the ordinance within 10 days, but if not approved, shall return it to Council stating objections. Council shall at its next meeting, reconsider the ordinance and may override the Mayor's veto by the affirmative vote of five members of City Council. If the Mayor fails within 10 days after any ordinance is submitted to him to sign the ordinance and/or return it to Council, such ordinance shall be considered adopted at the expiration of the 10 day period. The veto power of the Mayor shall not apply to ordinances adopted by initiative or referendum.

Effective Date of Legislation. *§219 of the Charter.*

Every adopted ordinance except emergency legislation shall become effective at the expiration of 30 days after passage by Council and approval by the Mayor, or repassage by Council over the Mayor's veto, or at a date specified therein, but not less than 10 days after adoption.

Actions of Council other than Ordinance Adoption.

Other business of Council may be undertaken by adoption of resolutions, enactment of proclamations, or the approval of motions which shall require a simple majority vote of Council unless otherwise required by law.

(*Ord. 17-1996, 6/24/1996, §2.12; as amended by Ord. 24-1996, 8/26/1996, §1*)

Penalties. *§5-212 of the Codified Ordinances.*

Except where specific penalties are provided elsewhere by ordinance or other applicable law, any person or entity who shall violate any ordinance or any provision of any code or other regulation adopted by reference in an ordinance shall, upon adjudication and finding of a violation, pay a civil penalty not to exceed \$1000 for each offense, plus costs of prosecution and attorney's fees where authorized; all such penalties shall be collected as provided by law.

Continuing Violations. Each day any violation continues shall constitute a separate offense and the person or entity responsible for such violation shall be punished as provided above for each separate offense.

Abatement of Nuisances. In addition to the penalties and other remedies herein provided, any condition caused or permitted to exist in violation of any ordinance will be deemed a public nuisance and may be abated by the City with the costs of such abatement borne by the person or entity owning the property upon which condition exists. Such costs will be collected for the use of the City as debts by law are collected or by a municipal claim or lien filed as provided by law. Each day that such condition continues shall be regarded as a separate offense.

Action at Law or in Equity. In addition to the enforcement of provisions herein provided, the City may institute an appropriate action or proceeding at law or in equity against a person or entity responsible for violation of any ordinance and request either or both of the following remedies:

- 1 To cease, correct or remove the violation.
- 2 To enforce the penalty provisions of the ordinance or seek other remedies as are just and reasonable.

Cumulative Penalties. Whenever the Administrative Code or any ordinance provides alternative penalties or remedies they shall be cumulative. The imposition of any such penalty or remedy shall not prevent the city from invoking any other penalty or remedy provided therefore.

COUNCIL PROCEDURE - DISTRICT OR TOWN MEETINGS

Councilors should try to hold at least one District meeting each year. These meetings help keep Councilors in touch with the pulse of the community and encourage communication. These meetings can be used to address specific community concerns or to highlight new city programs. District meetings are usually held in a building convenient to the targeted community, such as a church, a school, a field house, etc. Council staff can assist in making the necessary arrangements, advertisements and coordination with the Administration.

PROCEDURE - HARB APPEAL HEARINGS

The Historic Architectural Review Board (HARB) meets on the third Tuesday of the Month to consider applications for exterior improvements to properties located within the City's 5 historic districts: Centre Park, Callowhill, Prince, Penn's Commons, and The Heights.

HARB has the power and duty to approve or deny the appropriateness of the erection, reconstruction, alteration, restoration, demolition or razing of any building in whole or in part, which can be seen from a public street or way within the historic districts. Alteration of buildings within historic districts is prohibited until a certificate of appropriateness is obtained. The Pennsylvania Historic and Museum Commission mandates the guidelines for preservation. HARB

must make decisions based on those guidelines. If the property owner does not agree with the decision of HARB, they may appeal to the body of Council.

The appeal process begins with a letter to the property owner informing him/her of the time and location of the hearing, arranged by the Historic Preservation Specialist and the City Clerk. The property owner must then contact the City Clerk and express his/her desire to move forward with the appeal. After proper advertisement, Council holds an appeal hearing. The Historic Preservation Specialist provides support documentation regarding the decision made by HARB. Testimony is taken from the Historic Preservation Specialist, the property owner and any other parties having interest in the property. Council then is asked to consider the adoption of a resolution that will either uphold, or overturn the decision made by HARB or remand the issue to HARB.

PROCEDURE - CONDITIONAL USE HEARINGS

The City of Reading Zoning Ordinance works to foster improved living conditions and quality of life; it helps maintain and establish the desired character of neighborhoods and provides for the preservation of natural resources and needed recreational open space. Zoning plays many roles in the development of a community which cumulatively results in the protection of the health, safety and general welfare of all residents within the community. Zoning is intended as a regulatory arm of the local government regarding land use, building intensity, and population density. It is not used to regulate the social, economic, or religious composition of the community. Zoning does not enforce private deed restrictions nor restrict or regulate land ownership.

Under the Zoning Ordinance, City Council hears applications for uses falling under the Conditional Use section. Conditional uses are those uses which require individual review of their location, design, and intensity in order to ensure their appropriateness on a particular parcel of land, the compatibility of the use with adjacent uses, and the neighborhood.

Before approving a Conditional Use application Council should consider if the location is appropriate and not in conflict with the Comprehensive Plan, that the public health, safety, morals, and general welfare will not be adversely affected, that adequate off-street parking facilities will be provided, and that necessary safeguards will be provided for the protection of surrounding property, persons, and neighborhood values. These conditional uses or temporary zoning instances protect the integrity of the underlying zoning while permitting certain land uses that otherwise would not be allowed. For example: If the underlying zoning of a particular neighborhood is residential, the conditions should be justifiable to protect against the intrusion that a nonresidential use will create. Once the specific conditions of the use are established, their purpose should be to protect the primary use of the neighborhood by limiting the use.

Zoning Ordinance

§600-1201. Criteria and Limitations.

No conditional or special exception use shall be permitted if it:

- A. Substantially increases traffic congestion along a street or creates a traffic safety hazard.
- B. Creates an undue concentration of population.
- C. Impairs an adequate supply of light and air to adjacent property.
- D. Creates a significant threat to the public health and safety.
- E. Is detrimental to the appropriate use of adjacent property through the generation of significant nuisances or hazards.
- F. Does not meet the requirements of this chapter.

The following are Conditional Uses

- 1. Adult Businesses -book and video stores, movie theaters, cabarets and massage parlors.
- 2. Boarding, Rooming and Lodging Houses.
- 3. Bottle Clubs.
- 4. Conversions of single family dwellings to multi-family use
- 5. Fire and ambulance stations
- 6. Bus shelters
- 7. Junkyards.
- 8. Public Utilities.
- 9. Residential Care Facility including group care facilities and group care institutions,
- 10. Sexually Oriented Businesses
- 11. Student homes
- 12. Taverns, Bars, and Pubs
- 13. Treatment centers

Applications for Conditional Uses are handled by the Zoning Administrator. The \$1,000 application fee covers the cost of the advertisements, stenographer and staff time. The Zoning Administrator works with the City Clerk to arrange a hearing date. The City Clerk forwards the Conditional Use application to the City Planning Commission for their review and subsequent recommendation. At the hearing, Council takes testimony from the applicant, the Zoning Administrator, the City Planner, and other interested parties. Council will make their ruling by passing a resolution at a regular or special meeting of Council within 45 days of the hearing. This ruling must be based on and contain rationale from the Zoning Ordinance §27-1201. General Criteria and Limitations above.

PROCEDURE – AMENDMENT OF CHARTER & CODIFIED ORDINANCES

The City of Reading Home Rule Charter may be amended by the members of Council via ordinance and/or the electorate of the City through Referendum to have an item placed on the election ballot. The proposed ordinance enacted by City Council or by Referendum must contain the question for the ballot and a simple explanation. City Council may amend any part of the City’s Codified Ordinances through the enactment of an ordinance. All ordinances must be introduced at a Regular Meeting of Council and layover for a minimum of fourteen (14) days.

COUNCIL POLICY – PROPERTY TAX EXONERATION

Occasionally a property owner applies for exoneration from property taxes. This request is usually made to the Administrative Services Director and Managing Director and then forwarded to the Council Office. The applicant must complete the Tax Exoneration application form and provide a copy of his tax exemption certificate from the County Assessment Office along with exoneration approvals from the School District and County and other documents required by the application. The Administration will provide documentation on the affected parcels, their assessed value, and the tax assessed, along with the total of delinquent taxes. This information will be included with the agenda if a hearing is recommended by Council Staff or the Administration. At the hearing Council will take testimony from the property owner and the Administration. Council will approve or deny the application for exoneration at a subsequent regular business meeting. (**Note:** *Reading School District policy is to exonerate taxes for one year only.*)

PROCLAMATIONS AND COMMENDATIONS

Citizens, businesses, and organizations can be honored with a Proclamation or Commendation at Council Meetings or by Councilors at events. Proclamations are formal public statements or announcements and are generally issued by the Mayor. Commendations are official awards given to show high approval or expressing favorable opinion and are generally given by Council. Proclamations can also be issued by Council if they are adopted in the manner used to adopt resolutions. Council staff keeps a schedule of Commendations and Proclamations that are regularly presented by the Mayor and Council and staff can easily prepare others to help you honor people, businesses, events, etc. Please try to provide us with at least 4-5 days notice and the information listed on the application form posted on the website.

PROCEDURE - CITIZEN ISSUES AND COMPLAINTS

The ultimate purpose of city government is to provide efficient public services to citizens. When service is not provided in a timely manner, or to the level expected, it is the responsibility of citizens to report the problem. The City Administration makes every effort to provide efficient public services. Breakdowns in communications between citizens and the administrative offices can occur and citizens often call their elected City Councilors to intervene.

When complaints are received they should be forwarded to Council Staff. The complaint will be recorded in the complaint log, a database accessible to the Council Office and used to track the complaints received. The complaint is then forwarded either to the Citizen Services Center and/or to the appropriate department either by e-mail or memorandum. If resolution isn't obtained in a timely manner reminders are sent. Council Staff provides updates on the complaint as information is received from the applicable department. Once a complaint has been satisfied, the date and time are noted in the database.

PROCEDURE - BCTV PROGRAMMING

Each member of Council participates in programs aired on the BCTV Municipal Access Channel (MAC) Channel 99. "In Your District" is aired live each Thursday of the month, beginning at 8:00 p.m. Members of Council appear on the program on a rotating schedule, with BCTV staff responsible for the schedule. Each member of Council may determine in advance the length of the program; either a half hour or a full hour.

"In Your District" is done in an interview format. A member of the community will serve as host, questions will be topical in nature, and home viewers may also call in and ask direct questions. Hosts are scheduled by BCTV; however, requests can be made for specific hosts. BCTV will make every effort to honor the requests.

COUNCIL POLICY - ADOPTION & AMENDMENT OF PLANS

Comprehensive Plan and Recreation Plan Amendment

The Comprehensive Plan and Recreation Plan are strategic documents, drafted to serve as formal statements of policies regarding the City of Reading's future. They are intended to provide a framework for discussion, both public and private on a wide range of issues, including: resource allocation, neighborhood stability, health and safety, economic development, park use, recreational maintenance and improvement. The intent of both documents, as stated in their respective opening paragraphs, is to serve as a guide to address the changing human and physical environments of the community.

◇ Comprehensive Plan

The Comp Plan is an extremely important planning document, setting forth land use policies, storm water management plans, energy conservation guidelines, and a host of other policies, which serve to direct the development of the community over the length of the plan. While a municipality is not legally obligated to follow the Plan (the Plan can be amended or outright disregarded at the whim of decision makers), every effort should be made to adhere to the Plan. Failure to do so, inevitably leads to haphazard planning and a lack of needed continuity. The Pennsylvania Municipal Planning Code (MPC) is the governing legislation, by which a Comp Plan is prepared, adopted, and amended.

The MPC requires a review of the Comp Plan at least every ten years. The Comp Plan shall be sent to the governing bodies of contiguous municipalities, as well as the County Planning Commission for review and comment. As the Comp Plan is required to be reviewed every ten years, assessing the Plan and work on amendments should begin by year eight of the Plan's ten year cycle. Council, as the governing body, is responsible for adopting the Plan.

Council shall adopt and may amend the Comp Plan in whole or in part. By law, Council will be required to hold one public meeting on the adoption of the Comp Plan. Throughout the review Council should consider the comments made by all relevant parties: Administration, City and Berks

County Planning Commissions, School District, and Citizens. Adoption and amendment is by resolution.

The plan is composed of chapters, each providing analysis and recommendations on specific issues. The chapters cover:

1. Objectives concerning future development
2. Land Use
3. A plan to meet the current and future housing needs of residents
4. Transportation
5. Community Services and Facilities
6. Statement of the interrelationships among the various plan components
7. Discussion of short-term and long-term implementation strategies
8. Statement that the existing and proposed development is compatible with contiguous municipalities
9. A plan to protect natural and historic resources
10. A plan for the reliable supply of water
11. Energy Conservation

◇ **Park and Recreation Plan**

The City of Reading Park, Recreation and Open Space Plan (PROS) was initiated by the Recreation Commission and was developed by a consultant, utilizing site surveys, demographic information, industry trends, focus groups, and input from key community leaders and residents to provide direction and recommendations for future park improvements for the next 10 years. The PROS plan was developed to:

1. Provide a detailed inventory of City parks, playgrounds, open space areas and facilities.
2. Identify service areas for each of the City's parks and playgrounds based on the proximity of sites to neighborhoods.
3. Identify improvements of existing park areas and recreation facilities and potential locations for acquisition of additional park land.
4. Offer a ten year plan and budget to complete identified improvements.
5. Provide recommendations for development and expansion of recreation programs.
6. Evaluate the staffing and the allocation of funds for the park operation and maintenance functions and provide recommendations for improving operational efficiency.
7. Provide potential trail and greenway opportunities.
8. Identify outside revenue sources to augment recreation programs budgets.
9. Identify partnership opportunities with regional entities.

The PROS plan is an excellent planning and reference tool. It provides a complete inventory of the City's park and recreation facilities. A detailed description of each park or facility is provided, noting: facility name, adjacent properties, landmarks and land uses; types of possible facility uses

and facility condition. Each facility is evaluated, with positive as well as negative attributes being noted and then prioritized in terms of need.

As with the Comp Plan the document is not binding, but should be followed in the interest of maintaining continuity. During the formulation of the Capital Budget, the PROS plan should be one of the primary references, as the plan has outlined the physical condition of the City's recreation facilities and has prioritized their need. Like the Comp plan, the PROS plan is a ten year plan, which Council adopts by Resolution.

PROCEDURE FOR PLAN(S) DEVELOPMENT:

Both the Comp plan and PROS plan are decennial documents; however, due to their length, the time involved in their revision is extreme. As such, the review and revision process should start approximately two years prior to the expiration of the plan. It is the responsibility of Council to initiate the review:

1. Two years before the expiration of the plan Council will adopt, by Resolution, the necessary directives to the appropriate commissions, agencies, authorities, departments and staff, to prepare amendments to the Comp and PROS plans.
2. While it will be the responsibility of the respective staffs to develop a plan for review and amendment, this plan shall be submitted to Council for approval.
3. Council can create Advisory Committees to undertake the review processes and assure the needs of the community are satisfied through the review. The Advisory Committee would work with various City staff to facilitate the development of a review and amendment plan. The committee shall consist of six members: three appointed and approved by Council and three appointed by the Mayor.
4. After approval of the Plan by Council, progress reports will be provided to Council by the appropriate staff, at a schedule to be determined by Council.
5. Council will approve both final Plans by Resolution.

REDISTRICTING PROCESS

Redistricting Process. *§5-214 of the Codified Ordinances.*

After each decennial census Council shall, within 60 days after the receipt of the census information from the Federal Government, appoint a Redistricting Advisory Commission. Each Council member shall appoint one person from his/her respective district. The President of Council shall select one member to represent the at-large community. The Planning Commission will be asked to assign two current members to the Advisory Commission. The Berks County Planning Commission may also be asked to assist.

This Redistricting Advisory Commission shall review and compare the new and old census information with the current Council District configuration. This group shall prepare and present a redistricting proposal(s) to the full body of Council in no less than 120 days after their appointment

The district proposals shall give strong consideration to the combination of neighborhoods that are continuous but that share similar quality of life issues. This configuration will support the principle of electing representatives that can easily represent the voice of the community they represent. The Advisory Commission shall also consider the Federal redistricting laws.

Council shall hold a minimum of one public hearing to get public input on the redistricting proposal(s), within 45 days of their receipt of the proposals from the Redistricting Advisory Commission and shall adopt by ordinance a redistricting plan, either new or status quo, at their next regular business meeting.(Ord. 17-1996, 6/24/1996; as added by Ord. 23-2002, 5/28/2002, §2)

The City Solicitor may be removed by super-majority vote (five votes) of Council by resolution. [*Charter* §310]

Qualifications of the Solicitor. Charter §604 speaks to general qualifications. Section 801 of the Charter says that the City Solicitor shall be a member of the Bar of the Supreme Court of Pennsylvania and experienced in municipal law. §604 of the Charter provides: the Solicitor, as head of the Legal Department, shall serve as chief legal advisor to the Mayor, the Council, and all City departments and agencies; and shall represent the City in all legal proceedings and shall perform such other duties prescribed by law, by this Charter, by the City Administrative Code or action of Council. It is the intent of this Charter that only one person shall be the legal advisor of the City except as may be otherwise required by law.

The duties and responsibilities of the City Solicitor shall include, but not be limited to, the following: prepare, review, and revise ordinances or resolutions when so requested by the Mayor or Council, attend Council meetings and/or hearings, provide legal opinions upon any legal matter or question, provide legal advice when requested by department heads who are planning and/or preparing documents and/or positions, litigate all legal actions and claims brought by or against the City except in those cases in which other legal counsel is retained, approve for legality all contracts, agreements or other legal documents to be executed by authorized City officials, and provide a written quarterly report to Mayor and Council on the status of all legal matters, directly or through temporary legal counsel. Except as otherwise provided by City Council, shall be responsible for the supervision of all temporary legal counsel, excluding independent legal counsel for the Mayor or City Council, including approval of their billings.

The City Solicitor or his legal designee, shall provide legal counsel to all boards, authorities and commissions not having a regular legal advisor. The Solicitor or his designee shall attend any meetings of boards, authorities and commissions when requested. [*Ord. 22-1998*] (*Ord. 17-1996, 6/24/1996, §§8.72 - 8.75; as amended by Ord. 22-1998, 6/22/1998, §§1-3*)

The Mayor, with the approval of Council, shall have the power to engage other temporary solicitors to represent the City as needed. Such appointments shall be temporary and shall be for the purpose of representing the City in specific individual legal matters. Such representation shall be secured by requests for proposal.

Independent Legal Counsel. §5-213 of the *Codified Ordinances*.

The Solicitor, as chief legal advisor to the City of Reading, has authority to determine whether a conflict exists between the Mayor/Administration and City Council. In the event a conflict does exist, the Mayor/Administration and City Council shall begin and complete a mediation process within ten (10) business days from the date the conflict was identified by the Solicitor, facilitated by a neutral third party that shall be selected by the Solicitor and agreed to by the Mayor/Administration and City Council. If at the conclusion of the mediation process the conflict still exists each party shall have the right to seek and retain independent legal counsel, separate and apart from the advice of the Office of the Solicitor. Section 8 of the Purchasing Policies shall apply. (*Ord. 3-2015, 1/26/15*)

Fiscal Provisions. §5-806 of the Codified Ordinances & §901 of the Charter.

The fiscal year of the City shall be the calendar year. If not prohibited by law, the Council may, by ordinance, adopt a different fiscal year, specifying an orderly procedure for financial and budgetary controls in making such transition.

COUNCIL POLICY – APPOINTMENT OF DIRECTORS AND SOLICITOR

Council is responsible for confirming, by resolution, the hiring of the Managing Director, City Solicitor, all Department Directors, and the Zoning Administrator. As such it is the duty of the Mayor and Managing Director to bring forward their candidates for Council consideration. If Council fails to confirm or reject the candidate within sixty (60) days, the candidate will assume the position.

1. Upon the selection of a candidate, the Managing Director (or Mayor for appointment of a Managing Director) notifies the Council Office and provides the office with copies of the candidate's resume, references, letters of recommendation and all other relevant supporting material, a written explanation as to why the candidate was selected, the proposed level of compensation the candidate will receive, as well as include a copy of any contractual agreements offered to the candidate;
2. Council staff will be responsible for scheduling the candidate to appear before all of Council for an interview. Staff will coordinate the interview with the Managing Director;
3. The interview may be conducted in a Committee of the Whole setting, during which time each member of Council will be provided an opportunity to ask questions of the candidate;
4. Council shall not take action on any confirmation until at least the first regular meeting following the interview.

The interview is intended to provide Council the opportunity to discuss a candidate's paper qualifications and gauge his/her effectiveness, interpersonal skills, organizational fit, willingness to adhere to the Home Rule Charter and commitment to the City of Reading. Appointing a new director is a hallowed responsibility; members of Council have an obligation to their constituents to ask insightful, probing questions of a candidate and be willing to reject a candidate if they fail to meet the highest professional and personal standards. Possible questions to ask a candidate during the interview:

- 1 Why are you thinking of leaving your current position?
- 2 What are some of your professional goals?
- 3 How do you plan on achieving these goals?
- 4 How do you evaluate your success?
- 5 What qualities do you feel a successful manager should possess?
- 6 How familiar are you with our community? Its strengths? Its weaknesses?
- 7 If hired will you agree to become a resident of the City of Reading as required by the Home Rule Charter?

- 8 What do you see as Council's role in the governing process?
- 9 Tell us 3 things you have achieved or programs you have started in your current position.

CITY OF READING PURCHASING POLICY AND PROCEDURES

The purpose of this procedure is to outline the steps that must be taken by all City departments to purchase all materials, supplies, equipment and contractual services (herein referred to as “items”) under \$10,000 with the exception of:

- 1 Books and subscriptions
- 2 Business meeting expenses
- 3 Charitable contributions
- 4 Dues
- 5 Items Under fifty (\$50) dollars that can legitimately be purchased via petty cash (see Administrative Regulation “Petty Cash Funds”).
- 6 Postage
- 7 Tuition
- 8 Travel - meals, lodging, transportation
- 9 Utility services

The purchasing procedure for these excepted items is covered in Administrative Procedure, entitled, “Payment for Items and Services without a Purchase Order” *Chapter 5 Exhibit A section 6*.

Dollar Limits Covering Vendor Solicitation. With the exception of professional services, the purchasing manager will follow these guidelines concerning the dollar limits covering vendor solicitation.

- 1 Purchases up to \$4,000 - one verbal or written quote. A written record of quotes will be maintained.
- 2 Purchases between \$4,001 and \$9,999 – three verbal or written quotes. A written record of quotes will be maintained.
- 3 Purchases of \$10,000 and higher - a formal solicitation through advertising which requires vendors to submit sealed bids accompanied by a bid surety (see Administrative Procedure “Bid Solicitation, Evaluation & Award Procedure”). It shall be the option of the Executive Branch to advertise for bids to purchase those items that may be exempted under the City Charter Section 915 and the Administrative Code *Chapter 5 Exhibit A Section 2*.

Time Requirement. Users should allow sufficient time, normally 7-10 days, for purchase under \$10,000 and 2-1/2 weeks or more for items requiring bids over \$10,000. All divisions should carefully plan their purchases so rush situations are not created.

Note: Emergency Purchasing procedures are detailed in the Administrative Code *Chapter 5 Exhibit A Section 3*.

BLANKET ORDER PURCHASE:

A blanket order purchase is a special type of purchase order issued by the purchasing manager and designed to reduce the administrative effort and costs of placing recurrent orders for necessary items or services, such as heating fuel or repairs to office equipment. Blanket orders normally call for an undetermined quantity of a product to be delivered or a service to be provided on a continuing basis from a single vendor. In some cases, the quantity may be estimated at an agreed upon unit price. Only one blanket order at a time may be issued to a specific vendor, from a standard account. A single blanket order may however cover one or more types of items or services. A blanket order may be issued any time during a calendar year, unless otherwise determined by the Administrative Services Director. Blanket orders will be invalid after December 31st of the year issued. All blanket order in excess of \$535,000 must be approved by Council unless issued in accordance with a contract previously awarded by Council. *Chapter 5 Exhibit A Section 5*

Types of Blanket Orders. Two types of blanket orders exist:

Regular Blanket Orders (B) - referred to as merely blanket orders, are established with a vendor for a fixed dollar amount, but do not necessarily indicate the specific items or services to be purchased, their quantity, or unit price. The description is to state generally what is to be purchased, i.e. "various automotive replacement parts such as but not limited to filters, spark plugs, belts." Statements such as "Supplies as may be needed from time to time" are unacceptable.

Blanket Orders with Price Agreements (BA) - Blanket orders with price agreements are regular blanket orders where the unit price of the items or services are agreed upon with the vendor for a stated period of time, i.e. fuel oil for the year. Items and prices should be clearly stated in the description along with date of quote or contract award and period of agreement.

BIDDING PROCESS

Bidding Process. *§915 of the Charter.*

Whenever the estimated cost of any construction, erection, installation, completion, alteration, repair of, or addition to, any project subject to the control of the City shall exceed \$10,000, it shall be the duty of the City to have such work performed pursuant to a contract, awarded to the lowest responsible bidder (subject to subsection (2)(d) hereof), after advertisement for bids. Every such contract shall contain a provision obligating the contractor to the prompt payment of all material furnished, labor supplied or performed, rental for equipment employed, and services rendered by public utilities in or in connection with the prosecution of the work, whether or not the said material, labor, equipment or service enter into and become component parts of the work or improvement contemplated. Such provision shall be deemed to be included for the benefit of every person, co-partnership, association or corporation who, as subcontractor or otherwise has furnished material supplied or performed labor, rented equipment or services in or in connection with the prosecution of the work as aforesaid, and the inclusion thereof in any contract shall preclude the filing by any such person, co-partnership, association or corporation of any mechanics' lien claim for such material, labor or rental of equipment.

Whenever the estimated costs of any purchase of supplies, materials or equipment or the rental of any equipment, whether or not the same is to be used in connection with the construction, erection, installation, completion, alteration, repair of, or addition to, any project subject to the control of the City, shall exceed \$10,000, it shall be the duty of the City to have such purchase or rental made pursuant to a contract awarded to the lowest responsible bidder (subject to subsection (2)(d) hereof), after advertisement for bids, such advertisement to be inserted in a newspaper of general circulation in Berks County.

The City shall not evade the provisions of subsection (1) or (2) as to advertising for bids by purchasing materials or contracting for services piecemeal for the purpose of obtaining prices under \$10,000 upon transactions which should, in the exercise of reasonable discretion and prudence, be conducted as one transaction amounting to more than \$10,000. This provision is intended to make unlawful the practice of evading advertising requirements by making a series of purchases or contracts, each for less than the advertising requirement price, or by making several simultaneous purchases or contracts, each below said price, when, in either case, the transactions involved should have been made as one transaction for one price.

Written or telephonic price quotations from at least three qualified and responsible contractors shall be requested for all contracts that exceed \$4,000 but are less than the amount requiring advertisement and competitive bidding or, in lieu of price quotations, a memorandum shall be kept on file showing that fewer than three qualified contractors exist in the market area within which it is practicable to obtain quotations. A written record of telephonic price quotations shall be made and shall contain at least the date of the quotation, the name of the contractor and the contractor's representative, the construction, reconstruction, repair, maintenance or work which was the subject of the quotation and the price. **Written price quotations and written records of telephonic price quotations and memoranda shall be retained for a period of 3 years.**

The City shall require as a condition of the award of any contract, pursuant to subsection (1) or (2) of this Section, that the contractor give to the City any bond or letter of credit (including bonds for the performance of the contract, and for the prompt payment by the contractor for material, supplies, labor, services and equipment) which are prescribed by law for contracts awarded by cities of the third class.

Notwithstanding anything to the contrary contained in this Section, City Council may, in those cases where an individual or company with headquarters in the City submits a bid which is within 10% of the lowest bid, award the contract to said individual or company. In acting pursuant to this provision, City Council shall find that such an award will be in the best interests of the citizens of the City. The City Council must show just cause for the awarding of such contracts to locally owned companies who provide local labor, materials or produced goods.

All contracts shall be on file in the office of the City Auditor and shall be available for public inspection during normal business hours.

Administrative Code Exhibit A Purchasing Policy

All purchases over \$10,000 require bid solicitations except those listed below:

- 1 Public utility service under tariffs on file with the Pennsylvania Public Utility Commission.
- 2 Any items purchased through Federal or Commonwealth programs that have different bidding requirements mandated by a grant program.
- 3 Purchases made through intergovernmental cooperation as governed by 1972, P.L. 762, No.180, 53 P.S. 481 as amended and Act 31 of 1971 the Commonwealth's cooperative purchasing program, a Commonwealth law of general application.

Bid solicitations or RFP's are not mandatory for the items listed above however; requests by department directors to bypass the bid solicitation or RFP procedure must have valid justification. All such requests shall receive approval by the Managing Director on a case by case basis.

Administrative Code Chapter 5 Exhibit A Section 7.11 Bid Award.

It is the policy of the City to make awards to the vendor who meets the specifications for the items or services to be purchased at the lowest cost. Factors such as delivery time, quality, operating and maintenance costs, service, etc., as well as initial price, should be taken into consideration in determining the lowest cost vendor.

The department director shall review all bids and make a recommendation to the purchasing manager by completing the "Recommendation to Award Contract" form. If the purchasing manager does not agree with the recommendation of the department director, the award will be referred to the purchasing committee for determination.

The Director of Administrative Services shall review the recommendation to ensure an award is compatible with the budget.

The Managing Director shall approve all recommendations.

Both the Mayor and Managing Director shall have final approval of contracts below \$35,000.

City Council shall award or reject all contracts exceeding \$34,999.99.

A purchase order shall be initiated after the contract award; however, it shall not be issued until the contract documents have been finalized.

The successful vendor after receiving the contract documents has ten (10) working days to sign and return with the necessary bonds.

If the selected vendor fails to deliver a bond or items bid within the time limits specified, the purchasing manager may choose to recommend rescinding the award and re-advertise for bids. In

such event, the delinquent bidder shall be responsible for the costs of rebidding and the amount of any increase in the contract price thereby resulting. The purchasing manager shall properly document the action, the reasons for the action and retain the vendor bid surety not as a penalty, but as liquidated damages for inability to comply with the contractual agreement.

In general Council approves Award of Contracts by motion under the Consent Agenda.

Transfers

As of March 13, 2001, City Council must, by resolution, approve any salary increase that has not been approved in or included in the budget for the fiscal year and falls outside the labor contract for union employees. [*Ord. 11-2001*]

During the course of each fiscal year, the transfer of all monies including, but not limited to, transfers between departments and transfers in and out of any City fund, account or line item either attached in part or unattached to a departmental budget, causing a modification of \$10,000 or more, must be approved by Council ordinance. The ordinance must be submitted to City Council with an agenda memorandum explaining the justification for transfer and the proposed use for the funds transferred, within the time frame defined in the Agenda Packet Policy. [*Ord. 16-2001*]

PURCHASING OF PROFESSIONAL SERVICES

Chapter 5 Exhibit A Section 8. The purpose of this regulation is to outline the process involved for preparing specifications, letting of Request for Proposals (RFP's), awarding contracts and payment of bills for professional services.

For the purpose of this regulation the term "professional" is defined as those persons or firms marketing services requiring advanced academic or technical training skills. Examples of professional services include work done by the following contractors but is not necessarily limited to these services:

- 1 Accountants
- 2 Architects
- 3 Attorneys
- 4 Bond Underwriters
- 5 Engineers
- 6 Insurance Consultants, Agents, and/or Brokers
- 7 Investment Advisors
- 8 Physicians

Professional service contracts are not to be confused with standard contracts which seek a price or costs for particular work detailed in specifications. Professional contracts seek expertise through an RFP and pricing or cost may not be of "primary" importance.

A professional contract, while it is based upon work performed in response to task specifications and the need for a finished product as outlined by the City and agreed to by a contractor, it is one that by its very nature cannot be awarded solely based upon the selection of the lowest bidder.

Factors other than price alone must be carefully weighed in the review of proposals and the award of such contracts. These factors include the professional qualifications/certifications, special skills, experience, and familiarity of the contractor with the work requested, all of which have an impact on the quality of the product/service to be delivered.

PREPARING REQUESTS FOR PROPOSALS (RFP'S) FOR CONTRACTS GREATER THAN \$35,000.

Unless otherwise determined by the Managing Director, any purchase of professional service in amounts exceeding \$35,000 must be made by written contract and initiated by an RFP. Competitive proposals increase the ability to fully evaluate both the benefit and costs of the services being sought.

Notwithstanding any other provisions to the contrary if the Managing Director so determines, no RFP shall be required for an employee engaged in providing professional services to the City who terminates employment with the City and shall then be engaged as an independent contractor. In addition, no RFP shall be required for an independent contractor whose engagement terminates, if the Managing Director desires to continue the engagement by the City.

For all contracts expected to exceed \$34,999.99 including those which are multi-phased (e.g., feasibility study and design), person(s) designated by the Managing Director shall prepare an RFP specifically for the extent of the work effort that can be defined at that particular time. The RFP should solicit information pertaining to the contractor's qualifications and costs (including appropriate hourly rates, etc.) for as many phases as appropriate. Costs and qualification information should then be utilized to select the contractor. For any subsequent phases of the contract that have not been specifically defined in the initial RFP, a new RFP should be drafted and circulated to secure competitive proposals from interested contractors.

CONTRACTS BETWEEN \$10,000 and \$34,999.99:

The department director or person designated by the Managing Director to handle the assignment, shall request written proposals from at least three (3) firms. Proposals shall include the fee either in the form of a unit cost and/or total maximum cost to be charged. After analysis, a written report and recommendation shall be presented to the purchasing manager, Administrative Services Director and Managing Director for final approval.

If requested, unsuccessful firms shall be given an explanation as to the reasons for the selection.

The department director should take precautions to project the total cost of professional service contracts that are multi-phased. An RFP must be prepared for those multi-phased contracts, the total cost of which could exceed \$34,999.99.

SELECTION OF PROFESSIONAL SERVICE CONTACTS GREATER THAN \$34,999.99

The proposals of those firms responding to an RFP are reviewed by a selection committee designated by the Managing Director. The selection committee shall consist of the purchasing manager, the City Solicitor, three designees of the Department and the Director of Administrative Services.

The selection process shall be based on the objective criteria contained in the RFP and not necessarily on the lowest bid. Examples of the evaluation criteria include: size and experience of the firm on similar projects, client references, demonstrable understanding of the requested work, the ability and/or commitment to meet the prescribed completion schedule, and the cost estimates.

The selection committee shall, according to the level of importance, determine a maximum number of points attainable for each criteria. The committee members shall independently evaluate each firm being considered and assign points accordingly.

The recommendation of the selection committee shall be to the firm with highest total points.

The selection committee has the responsibility to negotiate the most favorable cost, terms and conditions to the City of Reading. The negotiating process may involve one or more RFP responses, and may continue until the actual award of the contract.

A meeting with the purchasing coordinator and the City Solicitor will be available for a firm who is dissatisfied after not being recommended for award of the contract. The selection committee shall submit a written report on the process and its recommendation, to be reviewed with the Administrative Services Director.

Prior to formal acceptance, the RFP and the proposal shall be submitted to the solicitor's staff for review.

The Administrative Services Director and the selection committee will prepare a recommendation for the Managing Director to present to City Council for final approval where such approval is required by the Charter or by the Administrative Code.

The Administrative Services Director shall advise the purchasing coordinator to formally notify the successful firm.

RENEWAL OF PROFESSIONAL SERVICE CONTRACTS:

The City shall have the option to renew a professional services contract for one (1) year beyond the established contract period, based upon a continuation of the current contract price or the re-negotiation of a new price.

REVENUE SOURCES

There are three main streams of revenue to generate the needed funds to operate municipal governments and provide services to citizens (local taxes, intergovernmental revenues and internal operational revenue). Taxes are “enforced contributions” for municipal services which cannot be rationally allocated to individual users. These include services like police and fire protection, parks and general administration. Such services benefit the entire community and are paid for by all local taxpayers in a tax system somewhat scaled to the ability to pay.

An equitable tax or charge applies equally to all persons subject to the tax or charge. Real estate taxes are sometimes inequitable because the assessed valuations (and therefore, taxes) for a house built ten years ago is often lower than the assessed valuation for an equivalent house built today. Although the tax rate may be equal, the base on which the tax rate is applied is not uniform. Unequal enforcement of tax collection also represents a way your revenue program may be inequitable. Following through with all measures allowed by law to collect unpaid taxes is essential to a tax program which treats all citizens of your municipality equally.

Your tax program should be set up to automatically benefit from growth. As your municipality grows or needs change, higher levels of municipal services are usually required. A desirable tax structure results in the new growth paying its own way by bringing in increased revenues as the value of real estate, incomes and population increase.

School districts, counties, and municipalities (cities, boroughs and townships) are not allowed to make up their own taxes; they are only allowed to choose between the taxes authorized for them by the Commonwealth. The number (and usefulness) of the taxes authorized varies across the different jurisdiction types.

Local taxes are authorized for local jurisdictions under several different laws; each jurisdiction has its own legal code that outlines how it operates, how it is governed, and which taxes it can levy. The City of Reading falls under the parameters for Third Class Cities in the Tax Enabling Act, also known as Act 511.

Act 511 authorizes a variety of different taxes for municipalities and school districts. These include the earned income tax, amusement tax, mercantile tax, per capita tax, occupation tax, and local services tax. Many of these Act 511 taxes often are referred to as "nuisance taxes," typically because individually they don't generate much revenue, and yet they are a nuisance to collect (and a nuisance for taxpayers to understand and not confuse).

Most of the Act 511 taxes have to be shared equally between school districts and municipalities if both levy it. For example, the maximum earned income tax rate for school districts and

municipalities is 1 percent. If only the local school district levies the earned income tax, the school district can collect the entire 1 percent. If only the municipality levies the earned income tax, the municipality gets to collect the entire 1 percent. But if *both* the school district and municipality levy the earned income tax, they are required to *share* the 1 percent-- they each get 1/2 percent. Under Home Rule, any City increase does not need to be shared with the School District. Home Rule municipalities are also able to increase tax rates beyond Act 511 caps.

It is interesting to note that several local taxes are authorized both under the jurisdictional code, and under Act 511, *with different tax rates*. School districts and municipalities can choose under which law they want to levy the tax, and thus which tax rate cap they are subject to. If a borough, for example, levies the occupation tax under the borough code, the maximum tax rate for the occupation tax is 30 mills. If a borough levies the occupation tax under Act 511, the maximum tax rate is \$10 (if they choose to levy it as a "flat rate"), or *no limit* if they choose to levy it as a milage.

4. Home rule municipalities may set rates higher than the limits provided in state law for property taxes and for personal taxes levied on residents. They may not create new subjects for taxation. Third class cities adopting home rule charters as of July 1, 1992 include: Carbondate, Chester, Clarion, Coatsville, Farrell, Franklin, Greensburg, Hermitage, Lebanon, McKeesport, Warren and Wilkes-Barre.

5. Five additional mills available with court appeal.

6. Local sponsors may levy any tax permitted by law to support a community college. The tax cannot exceed 5 mills of the market value of real estate, except for first class cities and first class school districts where it cannot exceed one mill of the market value of real estate.

Current City taxes rates (2016) are:

- Earned Income Tax – City 2.1% + School District 1.5% - total 3.6%
- Per Capita Tax – City \$20 + School District \$10 – total \$30
- Real Estate Tax - .017289 mils or \$17,289 per \$1,000
 - .2% of the real estate tax is set aside for Shade Trees
 - .2% of the real estate tax is set aside for the Reading Public Library

In addition, the City receives a non-resident income tax of .3% from those who work in the City but live outside City limits.

The City also has various fines and fees for licenses, rentals, permits, etc. that contribute to the revenue stream such as trades permits and licenses, rental fees for the field houses and certain equipment, etc. The City also uses Enterprise Funds, which are funds established to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges. The City currently has 3 Enterprise Funds - Sewer, Recycling/Solid Waste, and Waste Water Treatment.

FINANCE & BUDGETS

CDBG BUDGET (Community Development Action Plan)

CDBG BUDGET

The Community Development Block Grant (CDBG) program is the primary component of the CDBG Action Plan. The Community Development Action Plan is as important to the City as the General Fund Budget. The plan budgets or allocates the City's portion of federal dollars for the year. The plan is developed by the Community Development Department in consultation with the Administration and through solicitation of public input and internal and external agency funding requests. Funds are allocated according to strict national objectives and Department of Housing and Urban Development (HUD) guidelines. HUD provides separate allocations and caps for CDBG, HOME, ESG, and Administration. The combinations of these program allocations make up the Action Plan that is approved by Council resolution on or before November 15 annually. The following is a brief explanation of the program areas:

1. **CDBG**-Title 1 of the Housing and Community Development Act of 1974 created a system of unified block grants. Under the current system communities of over 50,000 residents are entitled to receive funding directly from HUD. The purpose of CDBG is to encourage broadly conceived community development projects benefiting low to moderate income residents.
2. **ESG**-The Emergency Shelter Grants are designed to provide homeless persons with shelter and basic support services. The grant may be used to assist with the operational costs of the shelter facility, and for the administration of the grant. ESG also provides short-term homeless prevention assistance to persons at imminent risk of losing their own housing due to eviction, foreclosure, or utility shutoffs.
3. **HOME**- Is a flexible block grant program intended to help communities expand the supply of decent, safe, affordable housing for primarily low income families. While not as large an allocation as CDBG, HOME monies play a crucial part in the development of Reading. One requirement of HOME monies is that at least fifteen percent (15%) must be provided to an acceptable CHDO (Community Housing Development Corporation); a private, non-profit development corporation that meets a series of qualifications prescribed in the HOME regulations and has been designated by the City.
4. **ADMINISTRATION**-Approximately four percent (4%) of the total CD allocation may be used to cover the administrative costs of programs. Salary of Community Development Staff and monitoring activities are supported through this allocation.

The CDBG Action Plan must be adopted by Council at the first meeting in November, as the plan must be submitted to HUD by November 15. It is important to keep in mind the CDBG Budget provides relief to the overly burdened General Fund by covering costs of City operations and

programs where applicable. CDBG dollars can also be used to support fundable social service agencies. Before the change to the Home Rule form of government in 1996, a major part of the City's CDBG allocation was used to fund social service agencies that provide service to low/moderate areas of the City. In 1997 City Council directed the Administration to begin reducing allocations to social service agencies and begin funding eligible City programs and services such as community policing and codes enforcement. Council also directed the Administration to begin drafting the Action Plan in conjunction with the Berks County Office of Community Development. Collaboration between the County and City staff reduces the double dipping effect, whereby a fundable agency is supported by either City or County funds, not both.

COUNCIL POLICY - CDBG BUDGET ADOPTION (ACTION PLAN)

1. The Community Development Director in conjunction with the Managing Director will present the proposed budget in the form of an action plan to Council in August of each year. At the discretion of Council the Action Plan can be amended. Amendments should be discussed with the Community Development Director to determine their fundability.
2. Amendments should be presented by Council and the Administration at the beginning of October. Council staff will be available to provide whatever assistance is required. The Action Plan is adopted by Resolution, rather than by ordinance. The resolution must be adopted no later than the first regular meeting in November to comply with HUD's November 15th deadline.
3. Any part of the Action Plan (CDBG, HOME, ESG) is amendable at any time during the budget year. If an amendment is desired, the Community Development Director should be notified of the proposed amendment. The fundability of the amendment must be verified like any other CDBG program.

GENERAL FUND BUDGET

On October 1st of each year the Mayor will submit to the City Council a balanced general fund budget, capital improvement program budget, position ordinance, property tax ordinance and other ordinances that will increase or decrease taxes, fines and fees and an accompanying message. The proposed balanced budget and capital program shall be in such form as the Mayor deems desirable, unless otherwise required by Council.

Budget Message. *Charter Section 903.*

The budget shall be accompanied by a message which shall include:

- 1 An explanation of the expenditures and revenues in the proposed budget, indicating and explaining major changes from the current year and the prior year.

In organizing the budget, the Mayor shall utilize the most feasible combination of expenditure classification by fund, organization unit, program, purpose or activity, and object. The budget shall contain, among other things, the following:

- 1 It shall begin with a general summary of its contents.

COUNCIL POLICY BUDGET REVIEW & ADOPTION

The budget review process is designed to provide an open, inclusive and most importantly an objective process, by which to allocate the resources of the City of Reading. It is important for Council and the Administration to work cooperatively in both preparation and review of the budget; however, to borrow an old expression: Council controls the purse strings. The budget is to be prepared by the Administration, but it is not finalized until approved by Council. Adopting the budget is one of Council's most important responsibilities.

In order for Council to digest the enormous amounts of information presented by the Administration, a separate committee of Council may be created for the purpose of reviewing the budget. The President of Council may create the committee, although any member of Council may propose a resolution establishing the committee. If a resolution is proposed it must be passed by a majority of Council.

The Budget Committee shall be composed of the following:

- Chair, a member of the Council Finance Committee designated by the President of Council
- a minimum of two (2) additional Councilors
- Managing Director
- Director of Administrative Services or his designee
- Council Staff
- Other Administrative personnel deemed necessary by the Director of Administrative Services
- Ex Officio: Council President

Process: The Chair will be responsible for defining the specific process to be followed; however, certain criteria must be met.

1. Following an initial meeting between all of Council and the Administration (the Budget Summit), the committee shall schedule a separate meeting with the Managing Director to agree upon the process to be followed;
2. Any member of Council is invited to attend meetings, but may only participate if they are a member of the committee;
3. A review of the General Fund budget must be completed by the committee and a summary prepared for review by the body of Council;
4. The committee shall prepare an initial list of priorities, amendments and suggestions, to serve as a framework for subsequent discussions with the Administration;
5. The committee will be responsible for articulating the position of the body of Council during all discussions with the Administration related to budget;
6. A majority of Council may elect to override the positions of the committee if it is determined

to be necessary;

7. The Chair must provide reports, either verbal or written to the entire body of Council on a regular basis throughout the budget process; the President of Council or a majority of Council may decide to set a schedule for reports;
8. The Chair will serve as a point of contact between the Administration and the body of Council, all requests for information must be relayed to the Chair, who will further relay the request for the information.

Benefits of this Approach: A process will provide for a more orderly review of the budget, the establishment of tangible goals and firm deadlines and better communication and participation in the budget setting and prioritizing process.

As per the Charter, the Administration must submit both proposed budgets to Council no later than October 1. The City Clerk then places an ad in the paper giving the taxpayers a summary of the budgets and notice of the two Public Hearings, one on the General Fund Budget and one on the Capital Improvement Plan Budget. These hearings must be held on separate nights and cannot be held on the evening of a regular Council meeting. The Public Hearing must be held no less than 15 days after or more than 30 days after the placement of the ad.

Both budgets, the position ordinance (which authorizes all City employment positions for the ensuing fiscal year), the property tax ordinance and any other tax or fee ordinances that support the revenue increases proposed by the Administration in the budget are introduced at a Special Meeting scheduled on the night the budget is submitted to Council by the Administration. Increases to the Act 511 taxes require special advertisement and layover period and a public hearing. All tax increases also require a public hearing as per Charter §215 - §224.

Proposed amendments to both budgets must be introduced no later than 2 weeks prior to their adoption. To comply with the timelines mandated by the Charter both budgets must be adopted by Council no later than the second business meeting in November. This provides time for the Mayor's approval process and any necessary public hearings or special meetings needed to ensure the budget is adopted by Council and approved by the Mayor by December 15.

TAX RATE

Appropriation and Revenue Ordinance. *Section 907 of the Charter.*

For 1996, this Charter shall provide for collection of income from real estate taxes which, in total amount, does not exceed 105% of the real estate tax income actually collected by the City during 1995. For those years following 1996, it shall provide for collection of income from real estate taxes which, in total amount, does not exceed 105% of the real estate tax income actually collected in the previous year. Any collection of income from the real estate tax by the City in excess of the amounts allowed by this Section shall not be expended but shall be retained for use in the subsequent year and be used in the next year subsequent to reduce the amount of income needed by the City in said

subsequent year. With the approval of the Court of Common Pleas, upon good cause shown, or by Referendum or Charter review, the City may increase the amount of income collected, notwithstanding the provisions of this Section. *Note: The 105% has been superseded by court cases in Allegheny and Lackawanna County.*

The Director of Administrative Services in conjunction with the Managing Director shall calculate a suggested real estate tax rate. The Director of Administrative Services and the Managing Director shall present this suggested real estate tax rate to the Mayor for his/her review. The approved real estate tax rate will be presented in the budget for Council approval.

Borrowing. The City of Reading may, by ordinance of City Council, borrow an amount of money in anticipation of current revenues (*TRAN - Tax Revenue Anticipation Note*). The amount borrowed may not exceed the amount of anticipated revenues. The anticipated revenues may be pledged to pay such loan or loans. The City will issue notes or other forms of obligation, executed by the Mayor and attested to by the City Clerk under the seal of the City of Reading to secure such loans. The revenue anticipation borrowing shall mature and be payable during the current fiscal year in which the money is borrowed. No such borrowing shall constitute an increase of indebtedness within the meaning of the State of Pennsylvania Constitution or any application law or the Charter. Such notes may be sold at either public or private sale under appropriate terms and conditions satisfactory to the City of Reading.

COUNCIL POLICY ON BOND & DEBT FINANCING APPROVAL

The purpose of establishing these guidelines is to improve the process for approving bond and debt financing and providing thorough information to City Council.

- At all times possible the Administration will present Council with proposed bond or debt financing sixty (60) to ninety (90) days prior to date of final approval.
- At that time the Administration will review the proposal and its impact on the City with the full body of Council.
- Over the next thirty (30) days Council will have the opportunity to ask any questions as a group or individually on the proposed bond or debt financing. The Administration will answer questions or meet with Council, individually or as a body, as needed.
- Thirty (30) days prior to final approval the Administration and Council will discuss the bond or debt financing at a second meeting.

The Administration will take precautions to avoid beginning the bond or debt financing approval process during October and November, when Council is attending to the adoption of the General Fund, Capital and CDBG Budgets. In the case where debt financing or refinancing will be required

during or immediately after the budget cycle, the Administration will begin the approval process no later than September 1 to provide for the necessary adoption vote before November 1. The Administration shall also seek pre-approval from Council, when available. There may be times when budget deficits will be identified by the Administration during the Budget cycle which will cause the need to begin the debt approval process during budget discussions. (*Resolution 57-2007, approved on April 10, 2007*)

City Council may not change the powers or authority of any board or commission except by ordinance.

City Council may by ordinance abolish any board or commission not established by State or Federal mandate or by this Charter.

(Charter, 11/3/1993, §1001)

At the discretion of Council, persons not residents of the City, but who have a significant property or business interest in the City, may be selected to serve. No person may concurrently serve on more than one board or commission.

Note: *There are several Boards or Commissions that require members to have specific skills, qualifications or knowledge. It is not always possible to find a City resident to serve. Council Staff manages a database to track vacancies and membership terms. This information is posted on the City's website and is updated monthly. When a current member's term expires Council Staff notifies the member with a letter inquiring if the member is interested in seeking reappointment. When a vacancy occurs Council Staff notifies City Council, the Mayor and Managing Director and asks their assistance in finding a qualified replacement. Council Staff also enlists the assistance of the various trades and professional union associations and various organizations to seek out applicants for the Boards, Authorities and Commissions. Council Staff also, at times, runs advertisements in the Reading Eagle and Council newsletter to attract applicants.*

COUNCIL POLICY – APPOINTMENT PROCESS

Appointments and reappointments to the Boards, Authorities and Commissions are made either by Council or by the Mayor with Council's approval; with one exception. The Municipal Authorities Act (MAA) provides the Mayor with the ability to make appointments and reappointments to the Parking Authority without Council's approval. The MAA also allows employees and elected officials to be appointed to authorities.

Applicants are asked to complete a basic application form and submit it to the City Clerk's Office. When the application is received a basic background check is done to see if the applicant is free of fines, codes violations, delinquent taxes, and utilities. After this step is complete, the application is either forwarded to the Mayor's Office or to the Council Nominations and Appointments Committee. The Nominations and Appointments Committee conducts brief interview meetings with candidates and makes an appointment recommendation to the full body of Council. Appointments are approved by Council resolution at regular business meetings. In the event an applicant does not receive the Committee's endorsement, 3 members of Council can request that the appointment resolution be forwarded for Council action.

After the appointment resolution is adopted, Council Staff contacts the applicant to congratulate them and informs them of the need to make arrangements with the City Clerk to take the Oath of Office. A copy of the appointment resolution, the Charter, Ethics Code and legislation on the appropriate board is also supplied. The database is updated.

One Stop Shop Process

The City of Reading utilizes a one stop shop approach to permitting. All the necessary staff, resources and information necessary to begin work on a construction project in the City is available in one office. The one stop shop brings together Codes, Trades, Fire and Zoning enforcement. Under such a system the applicant benefits from a smooth interaction with the City, while the City benefits from improved communication and sharing of information between powers responsible for the enforcement of important ordinances.

Building Permits

Any person or organization seeking to undertake new construction, or make alterations and additions to existing buildings must first receive a building permit. The applicant for a permit will provide an estimated permit value at the time of application. Permit valuations must include the total value of work, including materials and labor, for which the permit is being issued.

Zoning

Any person or organization seeking to undertake new construction, or make alteration and additions to existing buildings, or operate any business must first consult with the City of Reading Zoning Office. Consultation will avoid unfortunate confusion and project delay by determining if the scope of work conforms to the City of Reading Zoning Ordinance. Consultation will be held with the Zoning Administrator, whose responsibility it is to verify conformity of plans and make suggestion as to what type of relief will be needed if plans fail to meet ordinance standards.

The Zoning Office has up to thirty (30) days to approve or deny a permit after the application is deemed complete. The Zoning Office strives to ensure permits are released as soon as possible, so citizens can complete projects in a timely manner. In the event an application is denied, the applicant may either modify the project proposal to conform to zoning regulations or appeal to the Zoning Hearing Board under the Zoning Ordinance. Various uses are designated as special exceptions or conditional use and are approved or denied by the Zoning Hearing Board or City Council respectively.

Zoning permits are required for:

- New construction and additions
- Fences, porches, sheds, garages, swimming pools, decks
- Driveways, paving and parking areas
- Signs (including temporary signs)
- Changing owner/lessee of a business or creating a new business
- Creating a home occupation

- Temporary uses
- Conversions of uses (owner occupied to rental, owner occupied to business, etc)
- Roommate housing arrangements
- Bottle clubs, taverns and bars
- Group homes and boarding houses
- Day cares
- Student homes

Special Event Permit

The City of Reading encourages events and celebrations of all types. To ensure an event is of sufficient merit and in keeping with the standards and morals of the community, Council has passed ordinances establishing regulations, which are as follows:

- Any person wishing to hold a parade or event shall file an application with the Traffic Enforcement Division of the Police Department. Applications can be obtained at the Citizen Service Center and Traffic Enforcement office during normal business hours or on the City's website.
- A fee must be paid to cover the costs associated with processing the application. The fee for certified non-profits is \$300 and for all others is \$500. A security deposit is also required at the time of the application.
- Included with the permit application is a standard hold harmless agreement; the agreement must be signed by the applicant and notarized by a licensed notary.
- Final approval of the application rests with the Chief of Police.
- If the application is approved, City Risk and Safety will contact the applicant and verify the sponsoring organization is indemnified to a minimum of \$1,000,000.00.

City resources such as police officers and fire department personnel can be requested. The cost of these services will be assessed to the event organizer.

Shade Tree Permit

No person shall plant, transplant, cut, trim or remove any shade tree, nor shall they cause to be planted, transplanted, cut, trimmed or removed, any shade tree without first obtaining a permit to do so. Nor shall any person fasten, or cause to be fastened, any sign, wire, rope or other materials, to, around or through any shade tree without first obtaining a permit from the Shade Tree Commission. Nor shall any person deposit, place, store or maintain any stone, brick, sand, concrete or other material which may impede the free passage of water, air or fertilizer to the roots of any shade tree without first obtaining a permit to do so. Nor shall any person break, injure, mutilate, kill or in any other way harm any shade tree, nor move any building or other object on or over any public street or public right-of way in such a manner as to damage or injure any shade tree without first obtaining a permit to do so.

HARB (Historical Architectural Review Board) Certificate of Appropriateness

Founded in 1748 by the sons of William Penn, Reading's historic heritage holds an important place in Pennsylvania and the nation. This heritage is reflected in the many styles of period architecture located throughout Reading. To protect this heritage five distinct historic districts have been created: Prince, Callowhill, Penn's Commons, Centre Park and The Heights. Construction, alteration or modification of structures in a historic district is not permitted, unless a Certificate of Appropriateness is obtained from HARB. A Certificate of Appropriateness is an approval issued by HARB or by Council on appeal of a HARB decision, which when issued grants permission for the requested structural alterations. The following steps must be followed to obtain a Certificate of Appropriateness:

- All applications for a Certificate of Appropriateness shall be in writing and submitted no later than ten days before the regularly scheduled HARB meeting.
- Applications must be submitted by the legal owner of the property, or his/her authorized designee.
- The Historic Preservation Specialist is available to provide information and other assistance during the application process.

HARB will consider applications and make determinations based on preservation guidelines, regulations and ordinances, promulgated by the: Secretary of Interior, the PHMC and City Council. Should HARB deny a Certificate of Appropriateness, the applicant may appeal the decision to City Council.

Business Permit Application

Persons or businesses wishing to do business in the City of Reading, must first obtain a Business Permit from the Tax Administration Office. The cost of the permit is \$50.00 annually. Before a permit is issued, the Tax Administration Office will verify if the proper zoning, building and health permits have been issued. Failure to obtain the proper permits will result in the denial of a business permit and prompt investigation by Codes. Businesses are also required to file a business privilege tax return and pay the required tax annually.

Solicitation Permit

Anyone who wishes to go door to door in the City of Reading must first register with the Police Chief's office. There is no cost for the permit. Permits are not required for school and youth groups, religious organizations, or candidates for elected office.

WALLACE SCOTT, MAYOR
CAROLE SNYDER, MANAGING DIRECTOR

TO: City Council
FROM: Carole Snyder, Managing Director
PREPARED BY: Thomas Coleman, Legal Specialist
MEETING DATE: January 11, 2016
AGENDA MEMO DATE: December 23, 2015
REQUESTED ACTION: Council approve modifications to the Purchasing Policy to ensure bidders and vendors transacting business with the City have satisfied any financial obligations prior to any Contract award.

RECOMMENDATION

The Administration recommends Council review and approve changes to the Purchasing Policy that would prohibit a bidder to receive award of contract until any and all financial obligations have been extinguished.

BACKGROUND

The City of Reading purchasing bid package currently includes a “certification of non-indebtedness to the City of Reading” and despite this, businesses contracted with the City are, or have become delinquent in their various financial obligations. Approval of the proposed changes would serve further notice to potential bidders of their obligations, provide an additional check on contract compliance, and ensure receipt of any financial benefits the City is owed.

BUDGETARY IMPACT

Potentially capture outstanding business privilege tax, business privilege license fees, and any applicable property taxes.

PREVIOUS ACTION

SUBSEQUENT ACTION

Amend the “Certification of Non-Indebtedness to the City of Reading” form currently issued in the bid.

**FINDINGS OF FACT, CONCLUSIONS OF LAW,
ORDER, AND AGREED RESOLUTION**

On Wednesday, January 6, 2016 the City of Reading City Council (Council) met to hear testimony on the appeal of the decision made by the Historic Architectural Review Board (HARB) on the Certificate of Appropriateness for the installation of a Mansard roof with asphalt shingles by Idalia Estrella (Respondent), at 1028 North 4th Street (Subject Property).

At their September 2015 meeting, HARB unanimously denied:

CERTIFICATE OF APPROPRIATENESS

Resolution No. 65-15

WHEREAS, the Reading Historical Architectural Review Board at its September 15, 2015 meeting reviewed the plans and specifications of Idalia Estrella, owner of 1028 N. 4th St., Reading, Pennsylvania for

**THE REPLACEMENT OF ORIGINAL SCALLOPED SLATE SHINGLES WITH ASPHALT
ARCHITECTURAL SHINGLES AT THE MANSARD AND THIRD FLOOR FRONT BAY
WINDOW ROOFS (VIOLATION)**

and DENIED the application for a Certificate of Appropriateness for said work as described in the attached report.

Now, therefore, on the 15th day of September, 2015, I, Amy Woldt Johnson, Historic Preservation Specialist, hereby DENY this Certificate of Appropriateness for aforesaid work in the name of the Reading Historical Architectural Review Board.

Amy Woldt Johnson
Historic Preservation Specialist

Findings of Fact

1. The Historic Architectural Review Board (HARB) is part of the City of Reading City Code Chapter 295 Part 1 – Historic and Conservation Districts. The HARB is a board of nine (9) duly qualified members.
2. At the HARB September 15, 2015 meeting the Applicant requested permission to retain the newly asphalt shingles that were installed without a building permit or a Certificate of Appropriateness (COA). After consideration, the request was denied and the applicant was afforded with 18 months replace the asphalt shingles with architectural slate shingles.
3. At the hearing the Respondent testified that she was unaware of the need to have a permit prior to completing the roof work or that the selected shingles would not meet HARB specifications. She explained that the roof work was completed to stop water from leaking into the house.
4. The Respondent testified that she was aware that the property was in a historic district and that the roofer stated that he would obtain the required permits. She stated that she believed that she only had to obtain a COA for painting projects.
5. The Respondent admitted that she was the property manager for 1028 North 4th Street which is owned by her sister who could not be present. The Solicitor opined that the hearing could continue because the representative of the property owner is present. The HARB minutes attached to the agenda show that Mr. Fabio Torres represented the property owner at the HARB meeting.
6. The Historic Preservation Specialist stated that prior to the replacement of the roofing, the Mansard roof had scalloped slate shingles. She stated that she observed the new shingles and sent the property owner a violation letter, which started the process.
7. The Historic Preservation Specialist stated that the new roofing violates the Secretary of the Interior's Guidelines as follows:
 - **SIS 2.** The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterized a property shall be avoided.
 - **SIS 5.** Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a historic property shall be preserved.
 - **SIS 6.** Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials.
8. The Historic Preservation Specialist explained that the HARB board before denying the Certificate of Appropriateness (COA) asked the property owner to provide proof of a financial hardship. In response, the property owner provided a quote to install slate shingles but the quote was found to be insufficient as it only included the cost of labor (materials were excluded from the quote). At the

HARB meeting the roofer, Mr. Torres, stated that he is a friend of the property owner and he agreed to perform the project for labor only and that Ms. Estrella obtained the materials. The cost of the labor for both projects (slate and asphalt) that was completed was for approximately \$1,200.

9. The Respondent stated that a quote for slate roofing was obtained and submitted to the insurance company but the company denied the claim for slate roofing due to the cost. The amount paid to the property owner for the installation of the asphalt roofing was \$3,840.98 before the submission of the quote for slate.

Conclusions of Law

City Council, after considering all testimony and reviewing all Exhibits, denies the appeal of the Certificate of Appropriateness.

Order and Agreed Resolution

1. The City of Reading City Council hereby denies the appeal of the COA to retain the asphalt shingle roofing at 1028 North 4th Street and orders the Respondent to comply with the orders issued in HARB Resolution 65-15 and report (attached).
2. Council recommends that the property owner seek financial assistance for the installation of the slate roofing from either NHS (Neighborhood Housing Services) through the Community Home Repair Program (CHRP) 3% 7 year loan and/ or the Community Development Facade Improvement Program.

Right to Appeal

If you disagree with the decision of City Council you may file an appeal with the Court of Common Pleas of Berks County within 30 days after notice of the decision has been made. Your failure to file the appeal within such 30 days shall preclude an appeal from such decision.

II. HEARING OF APPLICATIONS:

ITEM #1 - RESOLUTION #65-15 - It is proposed to replace the original scalloped slate shingles at the front Mansard roof, from the chimney eastward at the southern Mansard roof, and at the third floor front bay window roof with gray asphalt architectural shingles (violation – work has been completed) at 1028 N. 4th St., Reading, PA.

Property Owner: Idalia Estrella

Owner Address: 362 Park Place, Floor #2, Woonsocket, RI 02895-4428

Applicant: Idalia Estrella

Applicant's Address: Same as above.

Building description, period, style, defining features: **Located in the Centre Park Historic District this three story row home built in the Queen Anne style received a site quality rating of 76 and is a contributing site in the Centre Park Historic District. The structure features a coursed stone façade and the original tapered fluted porch columns. However, the structure has been compromised with the installation of capping at the first floor front porch fascia and pediment, the second floor front fascia, as well as the second and third floor bay windows, and the replacement of the original wood windows.**

Composite Index Rating: **76**

Proposed alterations: It is proposed to replace the original scalloped slate shingles at the front Mansard roof, from the chimney eastward at the southern Mansard roof, and at the third floor front bay window roof with gray asphalt architectural shingles (violation – work has been completed).

Guideline Citations: **SIS 2.** The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterized a property shall be avoided., **SIS 5.** Distinctive features , finishes, and construction techniques or examples of craftsmanship that characterize a historic property shall be preserved., **SIS 6.** Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials.

Discussion: Ms. Johnson provided background information regarding the project for the Board stating that she discovered that the original scalloped slate shingled roof was replaced with architectural asphalt shingles without HARB approval. Ms. Johnson stated that she sent a violation letter and in turn the owner submitted a COA application along with documentation, including information from their insurance company for the roof replacement due to the May 2014 hail storm. Ms. Johnson stated that the insurance claim covered only the cost of the replacement of a select number of slate shingles however the owner has replaced the scalloped slate roof on the front dormer and the front and side Mansard roofs from the chimney forward, with asphalt architectural shingles. Ms. Johnson explained that the contractor is a friend of the owner and only charged the owner for the labor of replacing the roofs as the owner paid for the materials.

Mr. Torres stated that he had determined that all of the slate shingles, and not a select few, on the Mansard and third floor dormer roofs were in deteriorated condition and offered to charge the owner \$1,200.00 for the labor of replacing the roof if the owner purchased the materials. Mr. Torres explained how the roof was replaced.

Mr. Hart reviewed the documentation from the owner's insurance company and noted that it states that the initial disbursement to the owner for just the roof was \$3,157.00 and when the roof is complete the owner will receive a payment of \$1,594.00 and the majority of the cost was for the replacement of the flat metal roof. Mr. Hart further stated that the insurance documentation allows for the replacement of six slate shingles. Mr. Hart inquired as to why the entire slate roof was replaced and not just six pieces of slate. Mr. Hart stated that if the contractor had determined that there was more damage to the roofs, he should have contacted the insurance company with a revised cost estimate for the replacement of the roofs. Mr. Booth stated that there are a couple of considerations, stating that when the contractor inspected the roof, he observed that there were more damaged slates than what the insurance company had originally estimated. Mr. Torres replied that this is correct. Mr. Booth inquired as to whether the insurance company had been contacted when the additional damage was determined. Mr. Torres stated that the insurance company was not contacted when the additional damage was determined. Mr. Booth stated that the owner or the contractor should have contacted their insurance company to indicate to them that there was more damage than they had originally allowed for and the damage needs to be reevaluated. Mr. Torres stated that the insurance company had only talked with the owner and not to him. Mr. Torres stated that he had told the owner that the entire slate roof was damaged.

Mr. Hart noted that the insurance claim states that the metal roof and flat roof are to be replaced for which \$3,000.00 was disbursed to the owner to do this work. Mr. Hart inquired as to whether they have been replaced. Mr. Torres stated that the metal and flat roofs have not been replaced.

Mr. Booth inquired of the Board as to whether there was a consensus as to whether the Secretary of the Interior's Guidelines would necessitate modifications to the installation of the roofs. Mr. Hart stated that he could consider modifications to the roof if an estimate to replace the roof in an appropriate manner was submitted. Mr. Booth inquired as to whether the contractor had submitted a quote for the replacement of the slate shingles in kind. Ms. Johnson replied that a quote for the replacement of the slate shingles in kind has been provided by the contractor however, she does not feel the correct information has been provided regarding the cost of the slate shingle material. Ms. Johnson informed the Board that according to the estimate the contractor provided, the contractor would charge the owner \$1,200.00 to replace the roof in either slate or asphalt shingles. The Board reviewed the submitted quote for the replacement of the roof in slate or asphalt shingles as submitted by the contractor. Mr. Booth stated that insurance company has paid out \$3,800.00 with an additional payment still pending therefore the insurance company reimbursement is greater than the cost of replacing the slate as submitted by the contractor. However, the insurance reimbursement is also to be used for the replacement of the metal and flat roofs which has not been done yet. Mr. Booth stated that in order for the Board to determine financial hardship, the contractor must submit quotes for the replacement of the metal and flat roofs as well. The Board determined that the replacement of the roofs as undertaken is not historically appropriate and the information that has been submitted regarding financial hardship is not sufficient for the Board to make a determination of financial hardship.

Motion: The Historical Architectural Review Board upon motion by Mr. Devine and seconded by Ms. LaSota adopted the proposal to DENY a Certificate of

Appropriateness for the proposed work described herein and specified the following:

1. The proposal to replace the original scalloped slate shingles at the front Mansard roof, from the chimney eastward at the southern Mansard roof, and at the third floor front bay window roof with gray asphalt architectural shingles (violation – work has been completed) at 1028 N. 4th St. was represented by Fabio Torres, roofing contractor for the property.
2. The replacement of the original scalloped slate shingle roof as installed was DENIED based on the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings, Standard #2 ("The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided."), #5 ("Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a historic property shall be preserved.") and #6 ("Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials.").
3. The replacement of the roof was necessary because of hail damage. A request for financial hardship was made. The contractor presented the Board with estimates for the roof replacement in both slate and asphalt shingles along with documentation from the owner's insurance company showing that the company will cover only the cost for the replacement of 6 scalloped slate shingles at the third floor front bay window roof.
4. The contractor had determined that the roof area in question required full replacement as opposed to partial replacement as indicated by the owner's insurance company, and proceeded to do the work without HARB approval.
5. The Board determined that the estimates for roof replacement as provided by the contractor do not provide correct and thorough information as required by the HARB Roof Replacement Guidelines. Therefore the condition of financial hardship has not been met.
6. The Board approves the replacement of the installed asphalt architectural shingles with scalloped slate shingles to match the original scalloped slate shingles.
7. Because the installed asphalt architectural shingles are in violation (they were installed without HARB approval), the work must be completed within 180 days.

The motion to DENY the above work was unanimously approved.

On Wednesday, January 6, 2016 the City of Reading City Council (Council) met to hear testimony on the appeal of the decision made by the Historic Architectural Review Board (HARB) on the Certificate of Appropriateness for the replacement of the two original wood windows with two white vinyl replacement windows, 6 over 1 in configuration, at the first floor front façade by Kevin Martin (Respondent), at 835 Rose Street (Subject Property).

At their September 2015 meeting, HARB unanimously denied:

CERTIFICATE OF APPROPRIATENESS

Resolution No. 68-15

WHEREAS, the Reading Historical Architectural Review Board at its September 15, 2015 meeting reviewed the plans and specifications of Kevin Martin, owner of 835 Rose St., Reading, Pennsylvania for

**THE REPLACEMENT OF TWO EXISTING WOOD WINDOWS WITH TWO WHITE VINYL
REPLACEMENT WINDOWS AT THE FIRST FLOOR FRONT FAÇADE
(VIOLATION)**

and DENIED a Certificate of Appropriateness for said work as described in the attached report.

Now, therefore, on the 15th day of September, 2015, I, Amy Woldt Johnson, Historic Preservation Specialist, hereby DENY a Certificate of Appropriateness for aforesaid work in the name of the Reading Historical Architectural Review Board.

Amy Woldt Johnson
Historic Preservation Specialist

Findings of Fact

1. The Historic Architectural Review Board (HARB) is part of the City of Reading City Code Chapter 295 Part 1 – Historic and Conservation Districts. The HARB is a board of nine (9) duly qualified members.
2. At the HARB September 15, 2015 meeting the Applicant requested permission to retain the two (2) newly installed vinyl 6 over 1 replacement windows that were installed at the first floor façade without a building permit or a Certificate of Appropriateness (COA). After consideration, the request was denied and the applicants were afforded with 180 days to replace the two (2) vinyl windows with wooden windows that will match the original windows.
3. At the hearing the Respondent testified that he was unaware of the need to have a permit prior to installing the windows.
4. The Respondent testified that he was aware that the property was in a historic district; however, he stated that his realtor told him that only painting projects needed to be approved by HARB.
5. The Respondent stated that when he purchased the home the upstairs windows had already been replaced with vinyl windows. He stated that upon moving in he noticed the first floor front window was cracked and drafty.
6. The Respondent stated that the cost to replace the vinyl windows is not prohibitive but he asked Council to consider his appeal.
7. The Historic Preservation Specialist stated that the new vinyl windows violate the Secretary of the Interior's Guidelines as follows:
 - **SIS 2.** The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterized a property shall be avoided.
 - **SIS 5.** Distinctive features , finishes, and construction techniques or examples of craftsmanship that characterize a historic property shall be preserved.
8. The Historic Preservation Specialist agreed that the windows on the 2nd floor were replaced some time prior to the time Mr. Martin purchased the property. However, the original windows on the original 1st floor should not have been replaced without HARB approval. She stated that the Guidelines do not allow vinyl windows.

Ms. Johnson noted that the HARB Board changed their window policy in 2010. Prior to 2010 new windows could be approved at the staff level and that vinyl was permitted as long as the window appeared the same, such as 1 pane over 1, 6 panes over 1, etc. She stated that she does not know if the vinyl windows installed prior to Mr. Martin's ownership were approved by HARB staff.

Conclusions of Law

City Council, after considering all testimony and reviewing all Exhibits, denies the appeal of the Certificate of Appropriateness.

Order and Agreed Resolution

3. The City of Reading City Council hereby denies the appeal of the COA to retain the two 6 over 1 vinyl windows at 835 Rose Street and orders the Respondent to comply with the orders issued in HARB Resolution 65-15 and report (attached).

Right to Appeal

If you disagree with the decision of City Council you may file an appeal with the Court of Common Pleas of Berks County within 30 days after notice of the decision has been made. Your failure to file the appeal within such 30 days shall preclude an appeal from such decision.

segmentally arched windows, and the original first floor front porch structure including a turned wood balustrade, turned fluted wood columns and decorative spindlework and brackets. The structure received a site quality rating of 78 deeming it a significant contributing building.

Composite Index Rating: 78

Proposed alterations: It is proposed to replace two original wood windows with two white vinyl replacement windows, 6 over 1 in configuration, at the first floor front façade (violation – work has been completed).

Guideline Citations: **SIS 2.** The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterized a property shall be avoided., **SIS 5.** Distinctive features , finishes, and construction techniques or examples of craftsmanship that characterize a historic property shall be preserved.

Discussion: Ms. Johnson informed the Board that this property is in violation as the two first floor windows have been replaced without HARB approval and not according to the HARB Window Policy. Ms. Johnson stated that the original first floor front window consisted of two wood double hung, one over one windows with a wood stile between them. It is evident in the photo provided to the Board that the wood stile between the two windows had been cut to accommodate the new vinyl windows. Ms. Johnson stated that the windows on the upper floors had already been replaced with white vinyl windows.

Mr. Martin explained that he purchased the property in December 2014 and new that the property was in a historic district but didn't realize that every house in a historic district was considered historic. Mr. Martin explained that the front window was cracked and in need of replacement. Mr. Martin stated that he didn't realize that he couldn't install vinyl windows until his neighbor told him that he needed permission to make changes to the home. Mr. Martin stated that the new windows have mullions in the top and bottom sashes where the original windows did not.

Mr. Hart inquired as to when the vinyl windows on the second and third floors were installed. Mr. Martin stated that the second and third floor windows had been installed before he purchased the house. Ms. Johnson stated that a picture from 2008 in the file shows that the vinyl windows had been installed at that time. Mr. Booth inquired as to whether Ms. Johnson had photos that predate December, 2014. Ms. Johnson replied that she has not been able to find an earlier photo of the front façade of the building. Mr. Booth inquired of Mr. Martin as to what the original configuration of the windows were. Mr. Martin stated that the wood windows had an approximately 3" stile, or mullion between the two wood windows and they were one over one in configuration. Mr. Booth noted that the HARB Window Policy does not allow for installation of vinyl windows on the front façade. Mr. Booth stated that typically the Board's recommendation is to restore the original windows or replace them in kind. Mr. Martin asked if an exception could be made since the other windows on the front façade are vinyl. Mr. Booth inquired as to whether the owner still had the original windows. Mr. Martin stated that he does not have the original windows.

Mr. Booth reviewed the Secretary of the Interior's Standards that apply to this case. The Board determined that the work that was undertaken did not meet the Standards or the HARB Window Policy and denied a COA for the work undertaken.

Motion: The Historical Architectural Review Board upon motion by Ms. LaSota and seconded by Mr. DeVine adopted the proposal to DENY a Certificate of Appropriateness for the proposed work described herein:

1. The proposal to replace two original wood windows with two white vinyl replacement windows, 6 over 1 in configuration, at the first floor front façade (violation – work has been completed) at 835 Rose St. was represented by Kevin Martin.
2. The proposal to retain the installed white vinyl replacement windows was DENIED based on the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings, Standard #2 ("The historic

character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.”), and #5 (“Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a historic property shall be preserved.”). The installed vinyl replacement windows are not historically appropriate and do not meet the guidelines of the HARB Window Policy.

3. The owner has not made a request for financial hardship.
4. The original wood windows were one over one in configuration as stated by the owner.
5. The two white vinyl windows installed at the first floor front façade are to be replaced with two wood windows to match the original wood windows in material, dimensions and configuration.
6. Because the replacement windows are in violation (they were installed without HARB approval), the work must be completed within 180 days.

The motion to DENY the above work was approved with three votes for and one vote against by Mr. Hart.

**DECISION OF THE CITY OF READING
 CITY COUNCIL ON A CONDITIONAL USE APPLICATION**

AND NOW, this 25th day of January, 2016, after a hearing held on January 6, 2016, upon the application of Ms. Roslie Charles, 522 Douglass St., Reading, PA 19601(applicant), notice of such hearing having been first sent, posted and advertised in accordance with the provisions of the Pennsylvania Municipalities Planning Code and the City of Reading Zoning Ordinance, as amended, the City of Reading City Council (hereinafter “Council”) renders the following decision:

FINDINGS OF FACT

City Council finds the following facts:

1. The applicant is Ms. Roslie Charles, 522 Douglass St., Reading, PA 19601 (hereinafter Applicant).
2. Applicant is the owner of the fee simple property at 403 Elm Street (hereinafter Subject Property), at the time of application and at the time of the hearing.
3. The Subject Property is located in the R3 zoning district as that term and district is defined by the City of Reading Zoning Ordinance, as amended, (hereinafter referred to as “Zoning Ordinance”).
4. Applicant is seeking a Conditional Use permit to add an additional rental unit to the Subject Property which is currently zoned as a single family owner occupied residential dwelling, as per Zoning Ordinance sections 600-804(B)(3), 600-1203 (D), 600-1204(D), 600-1602 (D), 600-1603 (A) (31) (a) and 600-2202. The permit history for this property is as follows:
 - The applicant was issued Zoning Permit # 2012-396 for a single family rental property and had a Property Maintenance Inspection (PMI) as a single family rental on February 21, 2012. The PMI inspector noted that the property was vacant and being rehabilitated. On the PMI report, there is no indication of a second floor kitchen. (Refer to attached Zoning Permit 2012-396 and PMI inspection report 2/21/12)

- On June 10, 2014, the applicant's electrician was issued an electrical permit for a two gang meter base and installed a 100 amp panel on the first floor of the property. (Refer to attached electrical permit).
 - The applicant applied and was granted Zoning Permit # 2015-765, changing the property zoning from a single family rental to a single family owner occupied dwelling. In this housing application, the applicant indicated that her son resided in the dwelling. On zoning permit # 2015-765, the applicant indicated the number of units as one, and the number of rooms as 5. On March 19, 2015, a Property Maintenance inspection was performed and the inspector noted that the property was zoned as a single unit, however, was being occupied as a first floor apartment, and the second and third floors as a rooming house. A second floor kitchen is indicated on this report. (Refer to attached Zoning Permit # 2015-765 and PMI report 3/19/15).
 - On August 19, 2015, the zoning department received a complaint that the property was being used as a rooming house. A site visit was made to the property. The property was found to be a free flowing dwelling (no locks on the interior doors). However, there were five occupants, two related and three unrelated persons, residing on the second and third floors of the building and sharing the kitchen and bathroom on the second floor. Also, several of these occupants were registered as required by Pennsylvania's Megan's Law II. A violation letter was sent to the applicant for the number of unrelated occupants and for operating a treatment center due to the number of Megan's Law offenders. (Refer to attached letter)
5. The applicant stated that she wants to add a new apartment to this property to provide more housing for people. She noted her desire to help people. She stated that her survival of a health issue in 2011 made her want to help others. When responding to a question she stated that the property is a single family rental.
 6. The Zoning Administrator provided a case report attached to the agenda packet containing information showing that the latest inspection by the Property Maintenance Division shows the existence of a kitchen on the second floor and evidence that the property is being occupied as a rental unit on the first floor and a rooming house on the 2nd and third floors. The Zoning Administrator testified that a kitchen was installed on the 2nd floor without the required building and trades permits.
 7. The Applicant did not provide any testimony on the off street parking spaces required by the zoning ordinance or the Building and Trades permits used to convert the building.
 8. The zoning administrator provided a case report, in summary:
 - The property was vacant for approximately ten years. The applicant purchased the property in December 2007. Several contractors have obtained trade permits for building alterations, plumbing, and electrical work from 2008 through 2011.
 - The applicant was issued Zoning Permit # 2012-396 for a single family rental property and had a Property Maintenance Inspection (PMI) as a single family rental on February 21, 2012. The PMI inspector noted that the property was vacant and being rehabilitated. On the PMI report, there is no indication of a second floor kitchen.

- On June 10, 2014, the applicant's electrician was issued an electrical permit for a two gang meter base and installed a 100 amp panel on the first floor of the property.
 - The applicant applied and was granted Zoning Permit # 2015-765, changing the property zoning from a single family rental to a single family owner occupied dwelling. In this housing application, the applicant indicated that her son resided in the dwelling. On zoning permit # 2015-765, the applicant indicated the number of units as one, and the number of rooms as 5. On March 19, 2015, a property maintenance inspection was performed and the inspector noted that the property was zoned as a single unit, however, was being occupied as a first floor apartment, and the second and third floors as a rooming house. A second floor kitchen is indicated on this report.
 - On August 19, 2015, the zoning department received a complaint that the property was being used as a rooming house. A site visit was made to the property. The property was found to be a free flowing dwelling (no locks on the interior doors). However, there were five occupants, two related and three unrelated persons, residing on the second and third floors of the building and sharing the kitchen and bathroom on the second floor. Also, several of these occupants were registered as required by Pennsylvania's Megan's Law II. A violation letter was sent to the applicant for the number of unrelated occupants and for operating a treatment center due to the number of Megan's Law offenders.
 - The applicant submitted drawings showing the existing floor plans. The first floor apartment is designated as a one bedroom dwelling unit with 693 square feet, which is above the required minimum square footage. The second floor dwelling unit is drawn as an existing four bedroom dwelling unit with 1,195 square feet, which is above the required minimum square footage. The applicant proposes no exterior or interior changes to the building. The applicant also stated that her son will again reside in the first floor unit and manage the property.
 - The second floor dwelling unit has no private apartment entrance, as the interior stairwell is open from the first floor to the third floor. The second floor bedrooms exit onto an open corridor. The second floor kitchen was installed between 2012 -2015, however, there were no building, plumbing or electrical permits issued for the installation. This plan would suggest a rooming housing configuration.
 - Conversions require 1.5 parking spaces for each dwelling unit. The applicant cannot provide the required three parking spaces for the property.
9. In response to a question The zoning administrator stated that separate ingress/egress for the 2nd floor unit is not provided and he stated that the lack of a second ingress/egress creates safety problems. He stated that this issue could be resolved through a partition in the existing doorway; however, the applicant stated that no further improvements are planned.
10. The City Planner testified that the Planning Commission considered the application and case report at their December meeting and recommends denying the application as per the reasons cited by the Zoning Administrator in the case report.

11. The Applicant agreed to allow the agenda packet containing the case report and agenda materials to be made a part of the record.
