NOW, THEREFORE, THE COUNCIL OF THE CITY OF READING HEREBY RESOLVES AS FOLLOWS:

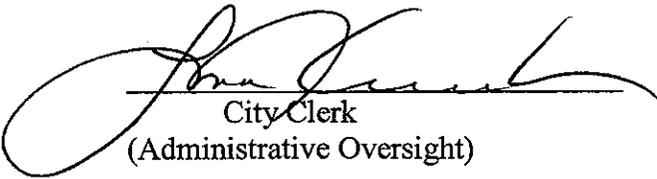

To adopt the attached policy and procedures manual as standard operating procedure for City Council. COUNCIL PROCEDURE - DISTRICT OR TOWN MEETINGS

Councilors should try to hold at least one District meeting each year. These meetings help keep Councilors in touch with the pulse of the community and encourage communication. These meetings can be used to address specific community concerns or to highlight new city programs. District meetings are usually held in a building convenient to the targeted community, such as a church, a school, a field house, etc. Council staff can assist in making the necessary arrangements, advertisements and coordination with the Administration.

The qualified voters of the City of Reading, upon filing a signed petition with the City Clerk, may require the City Council to hold a special meeting.

The petition filed with the City Clerk must contain the signatures and addresses of 200 duly qualified voters of the City and the purpose for which the meeting is being called. Upon receipt of such petition and a 2 day review/certification period of the petition by the City Clerk, the President of City Council must convene the special meeting on an evening within 14 days of the certification. COUNCIL POLICY - MEETING & AGENDA PROCEDURE

The body of Council meets in some form every Monday evening starting at 5 p.m. using the following schedule:

- First Monday:** Administrative Oversight Committee 5 p.m.
Finance Committee 5 p.m.
- Second Monday:** Committee of the Whole 5 p.m.
Regular Business Meeting 7 p.m.
- Third Monday:** Public Works Committee 5 p.m.
Public Safety Committee 5 p.m.
Work Session 7 p.m.
- Fourth Monday:** Committee of the Whole 5 p.m.
Regular Business Meeting 7 p.m.
Note: During December, we do not hold the 2nd regular business meeting during the 4th week of December, due to the holiday season. Council Staff will make the necessary arrangements for this 2nd regular business meeting)

Council can elect to take a short recess during the summer months, when legislation is generally light. It is suggested that this recess occur during the last 2 weeks in July.

The meetings on the Second, Third and Fourth Mondays are televised on the BCTV MAC Channel 99. Business attire is suggested. The meetings on the First Monday are more casual than the others as they are not televised by BCTV. For these meetings business-casual attire is suggested. *NOTE: These meetings are replayed many times throughout the month to provide Reading citizens with ample opportunity to be informed and educated on Council's activities.*

On average there are four or five months per year that have 5 Mondays. These extra Mondays can be used to either "catch-up" on issues that need additional attention or schedule special meetings. However at times, Council elects to take

the extra Monday off.

Meeting agendas define the work plan for meetings and provide all of the available support documentation. Council staff makes every effort to provide a comprehensive document, which presents the best information available in a meaningful way. Agendas are prepared every week and distributed the Thursday prior to the Monday meeting. Agendas are prepared for committee meetings, work sessions, regular meetings, special meetings and hearings. The procedures are similar for all three, with some crucial differences.

◇ **Committee Agenda Procedure:**

1. Any member of Council may request to have an issue discussed at a committee meeting.
2. In order for an item to be listed on the agenda permission will be needed from the appropriate committee chair no later than the Wednesday before the meeting is to occur.
3. It will be the responsibility of the requesting member to supply a rationale memo and appropriate supporting documents.
4. Upon receipt of written confirmation from the committee chair, the City Clerk will schedule that issue for the appropriate committee agenda.
5. Council staff will make arrangements with the Managing Director to have necessary representatives from the Administration available
6. A majority vote of the committee will be necessary to place items on the regular meeting agenda.

◇ **Regular Meeting and Work Session Agenda Procedure:**

1. Issues and legislation not cleared through a committee must be approved by the Council President before they are placed on the regular meeting or work session agenda. The Council President's approval must be obtained no later than the Wednesday before the meeting is scheduled to occur.
2. Final approval is at the discretion of the President of Council.
3. If the President of Council withholds approval, the issue can be forwarded to the appropriate committee for consideration.
4. If the President of Council approves, he or she will instruct the City Clerk to place the item on the committee of the whole, regular meeting agendas, or work session agenda where appropriate. The City Clerk will schedule the issue or legislation as quickly as possible.

◇ **Committee of the Whole Agenda Procedure:**

1. Issues and legislation that require the attention of the body of Council are referred to the Committee of the Whole by the President of Council, City Clerk or Managing Director no later than the Wednesday before the

meeting is scheduled to occur.

2. Final approval is at the discretion of the President of Council.
3. If the President of Council withholds approval, the issue can be forwarded to the appropriate committee for consideration.
4. If the President of Council approves, he or she will instruct the City Clerk to place the item on the committee of the whole, regular meeting agendas, or work session agenda where appropriate. The City Clerk will schedule the issue or legislation as quickly as possible.

Consent Agenda

The Consent Agenda is designed to provide efficient approval of non-controversial legislation that does not require discussion/debate with the adoption of the meeting agenda. Consent Agenda legislation will pertain to housekeeping matters such as contract awards (approved by motion) or resolutions that have minimal overall impact. Ordinances cannot appear on the Consent Agenda as the enactment of ordinances must occur with a "voice vote." The City Clerk will read the list of Consent Agenda legislation aloud at the meeting before action is taken, which allow Council to remove a piece of legislation for separate discussion and save the President of Council from having to read off the list after the Consent Agenda is adopted.

1. Legislation placed on the Consent Agenda will be adopted when the meeting agenda is approved.
2. Any member of Council may request an item be added or removed from the Consent Agenda for further discussion. If an item is removed, it will be treated as a resolution and acted upon during the appropriate part of the agenda.

PROCEDURE - HARB APPEAL HEARINGS

The Historic Architectural Review Board (HARB) meets on the third Tuesday of the Month to consider applications for exterior improvements to properties located within the City's 4 historic districts: Centre Park, Callowhill, Prince and Penn's Commons.

HARB has the power and duty to approve or deny the appropriateness of the erection, reconstruction, alteration, restoration, demolition or razing of any building in whole or in part, which can be seen from a public street or way within the historic districts. Alteration of buildings within historic districts is prohibited until a certificate of appropriateness is obtained. The PHMC mandates the guidelines for preservation. HARB must make decisions based on those guidelines. If the property owner does not agree with the decision of HARB, they may appeal to the body of Council.

The appeal process begins with a letter to the property owner informing him of the time and location of the hearing, arranged by the Historic Preservation Specialist and the City Clerk. The property owner must then contact the City Clerk and express his desire to move forward with the appeal. After proper advertisement, Council holds an appeal hearing. The Historic Preservation Specialist provides support documentation regarding the decision made by HARB. Testimony is taken from the Historic Preservation Specialist, the property owner and any other parties having interest in the property. Council then is asked to consider the adoption of a resolution that will either uphold or overturn the decision made by HARB.

PROCEDURE - CONDITIONAL USE HEARINGS

The City of Reading Zoning Ordinance works to foster improved living conditions and quality of life; it helps maintain and establish the desired character of neighborhoods and provides for the preservation of natural resources and needed recreational open space. Zoning plays many roles in the development of a community which cumulatively results in the protection of the health, safety and general welfare of all residents within the community. Zoning is intended as a regulatory arm of the local government regarding land use, building intensity, and population density. It is not used to regulate the social, economic, or religious composition of the community. Zoning does not enforce private deed restrictions nor restrict or regulate land ownership.

Under the Zoning Ordinance, City Council hears applications for uses falling under the Conditional Use section. Conditional uses are those uses which require individual review of their location, design, and intensity in order to ensure their appropriateness on a particular parcel of land and the compatibility of the use with adjacent uses. Before approving a Conditional Use application Council should consider that the location is appropriate and not in conflict with the Comprehensive Plan, that the public health, safety, morals, and general welfare will not be adversely affected that adequate off-street parking facilities will be provided, and that necessary safeguards will be provided for the protection of surrounding property, persons, and neighborhood values. These conditional uses or temporary zoning instances protect the integrity of the underlying zoning while permitting certain land uses that otherwise would not be allowed. For example: If the underlying zoning of a particular neighborhood is residential, the conditions should be justifiable to protect against the intrusion that a nonresidential use will create. Once the specific conditions of the use are established, their purpose should be to protect the primary use of the neighborhood by limiting the use.

§27-1201. General Criteria and Limitations.

No conditional or special exception use shall be permitted if it:

- A. Substantially increases traffic congestion in the streets.
- B. Adversely impacts the public safety.
- C. Creates an undue concentration of population.
- D. Impairs an adequate supply of light and air to adjacent property.
- E. Unduly burdens public facilities and infrastructure.
- F. Is detrimental to the appropriate use of adjacent property.
- G. Endangers the safety of persons or property by improper location or design of facilities for ingress or egress.
- H. Otherwise adversely affects the public health, safety, morals or general welfare.

The following are Conditional Uses

- 1. Adult Businesses -book and video stores, movie theaters, cabarets and massage parlors.
- 2. Boarding, Rooming and Lodging Houses.
- 3. Bottle Clubs.
- 4. Conversions of single family dwellings to multi-family use
- 5. Junkyards.
- 6. Public Utilities.
- 7. Residential Care Facility including group care facilities and group care institutions,
- 8. Taverns, Bars, and Pubs.

Applications for Conditional Uses are handled by the Zoning Administrator. The \$800 application fee covers the cost of the advertisements, stenographer and staff time. The Zoning Administrator works with the City Clerk to arrange a hearing date. The City Clerk forwards the Conditional Use application to the City and County Planning Commissions for their review and subsequent recommendation. At the hearing, Council takes testimony from the applicant, the Zoning Administrator, the City Planner, and other interested parties. Council will make their ruling by passing a resolution at a regular or special meeting of Council. This ruling must be based on and contain rationale from §27-1201. General Criteria and Limitations above.

COUNCIL POLICY – PROPERTY TAX EXONERATION

Occasionally a property owner applies for exoneration from property taxes. This request is made to the Finance Director and Managing Director. This request is forwarded to the Council Office. Staff contacts the applicant and schedules a Tax Exoneration Hearing. The applicant should provide a copy of his tax exemption

certificate and the Administration will provide documentation on the affected parcels, their assessed value, and the tax assessed, along with the total of delinquent taxes. This information will be included with the agenda for the hearing. At the hearing Council will take testimony from the property owner and the Administration. Council will approve or deny the application for exoneration at a subsequent regular business meeting.

Proclamations and Commendations

Citizens, businesses, and organizations can be honored with a Proclamation or Commendation at Council Meetings or events. Proclamations are formal public statements or announcements and are generally issued by the Mayor. Commendations are official awards given to show high approval or expressing favorable opinion and are generally given by Council. Proclamations can also be issued by Council if they are adopted in the manner used to adopt resolutions. Council staff keeps a schedule of Commendations and Proclamations that are regularly presented by the Mayor and Council and staff can easily prepare others to help you honor people, businesses, events, etc. Please try to provide us with at least 2-3 days notice.

PROCEDURE - CITIZEN ISSUES AND COMPLAINTS

Complaint Procedure

The ultimate purpose of city government is to provide efficient public services to citizens. When service is not provided in a timely manner, or to the level expected, it is the responsibility of citizens to report the problem. The city administration makes every effort to provide efficient public services. Breakdowns in communications between citizens and the administrative offices can occur and citizens often call their elected City Councilors to intervene.

When complaints are received they should be forwarded to Council Staff. The complaint will be recorded in the complaint log, a database accessible to the Council Office and used to track the complaints received. The complaint is then forwarded either to the Call Center and/or to the appropriate department either by e-mail or memorandum. If resolution isn't obtained in a timely manner reminders are sent. Council Staff provides updates on the complaint as information is received from the applicable department. Once a complaint has been satisfied, the date and time are noted in the database.

PROCEDURE - BCTV PROGRAMMING

BCTV Programming for City Council

Each member of Council participates in three programs aired on the BCTV Municipal Access Channel (MAC) Channel 99. The first program, In Your District is aired live each Thursday of the month, beginning at 8:00 p.m. Members of Council appear on the program on a rotating schedule, with BCTV staff responsible for the schedule. Each member of Council may determine in advance the length of the program; either a half hour or full hour.

In Your District is done in an interview format. A member of the community will serve as host, questions will be topical in nature, and home viewers may also call in and ask direct questions. Hosts are scheduled by BCTV; however, requests can be made for specific hosts. BCTV will make every effort to honor the requests.

The second program, District Highlights is a special program; as such it is not aired on a regularly scheduled basis. The program profiles each of the six council districts, including prominent people, places, etc. These programs are taped and are scheduled on a rotating basis. Council Staff will assist in selecting a topic(s) and making arrangements with the participants and BCTV staff.

The third program "Council Conversation" runs on the fifth Thursday of the month, which occurs approximately 4 times per year. During this program all 7 Councilors discuss topical issues with a member of the Reading Eagle Editorial Board.

COUNCIL POLICY - ADOPTION & AMENDMENT OF PLANS

Comprehensive Plan and Recreation Plan Amendment

The Comprehensive Plan and Recreation Plan are strategic documents, drafted to serve as formal statements of policies regarding the City of Reading's future. They are intended to provide a framework for discussion, both public and private on a wide range of issues, including: resource allocation, neighborhood

stability, health and safety, economic development, park use, recreational maintenance and improvement. The intent of both documents, as stated in their respective opening paragraphs, is to serve as a guide to address the changing human and physical environments of the community.

◇ **Comprehensive Plan**

The City of Reading Comprehensive Plan (Comp Plan) was developed by community volunteers, hired consultants and City staff. The plan is composed of eight chapters, each providing analysis and recommendations on specific issues. The chapters cover:

1. Brief history of the City and a review of planning efforts up to 2000.
2. Land Use
3. Transportation
4. Community Services and Facilities
5. Population and Housing
6. Business and Workforce Development
7. Quality of Life
8. Regionalism

The comp plan is an extremely important planning document, setting forth land use policies, storm water management plans, energy conservation guidelines, and a host of other policies, which serve to direct the development of the community over the length of the plan. While a municipality is not legally obligated to follow the plan (the plan can be amended or outright disregarded at the whim of decision makers), every effort should be made to adhere to the plan. Failure to do so, inevitably leads to haphazard planning and a lack of needed continuity. The Pennsylvania Municipal Planning Code (MPC) is the governing legislation, by which a comp plan is prepared, adopted, and amended.

The MPC requires a review of the comp plan at least every ten years. The comp plan shall be sent to the governing bodies of contiguous municipalities, as well as the County Planning Commission for review and comment. As the comp plan is required to be reviewed every ten years, assessing the plan and work on amendments should begin by year eight of the plan's ten year cycle. Council, as the governing body, is responsible for adopting the plan.

The current Comp Plan was developed by City Staff, the City Planning Commission, the Comprehensive Plan Advisory Committee and Task Forces. The Advisory Committee was composed of representatives from the City, Planning Commission, Reading School District, local colleges and agencies that provide social services to the at-large Reading community. The Task Forces were

organized by members of the Advisory Committee and focused on the eight topics listed above.

Council shall adopt and may amend the comp plan as a whole or in part. By law, Council will be required to hold one public meeting on the adoption of the comp plan. Throughout the review Council should consider the comments made by all relevant parties: Administration, City and Berks County Planning Commissions, School District, Citizens.

◇ **Park and Recreation Plan**

The City of Reading Park, Recreation and Open Space Plan (PROS) was developed by a consultant, with community input solicited through public meetings, written surveys and interviews with selected members of the community. The PROS plan was developed to:

1. Provide a detailed inventory of City parks, playgrounds, open space areas and facilities.
2. Identify service areas for each of the City's parks and playgrounds based on the proximity of sites to neighborhoods.
3. Identify improvements of existing park areas and recreation facilities and potential locations for acquisition of additional park land.
4. Offer a ten year plan and budget to complete identified improvements.
5. Provide recommendations for development and expansion of recreation programs.
6. Evaluate the staffing and the allocation of funds for the park operation and maintenance functions and provide recommendations for improving operational efficiency.
7. Provide potential trail and greenway opportunities.
8. Identify outside revenue sources to augment recreation programs budgets.
9. Identify partnership opportunities with regional entities.

The PROS plan is an excellent planning and reference tool. It provides a complete inventory of the City's park and recreation facilities. A detailed description of each park or facility is provided, noting: facility name; adjacent properties, landmarks and land uses; types of possible facility uses and facility condition. Each facility is evaluated, with positive as well as negative attributes being noted and then prioritized in terms of need.

As with the comp plan the document is not binding, but should be followed in the interest of maintaining continuity. During the formulation of the Capital Budget, the PROS plan should be one of the primary references, as the plan has outlined the physical condition of the City's recreation facilities and has

prioritized their need. Like the Comp plan, the PROS plan is a ten year plan, which Council adopts by Resolution.

PROCEDURE FOR PLAN(S) DEVELOPMENT:

Both the Comp plan and PROS plan are decennial documents; however, due to their length the time involved in their revision is extreme. As such, the review and revision process should start approximately two years prior to the expiration of the plan. It is the responsibility of Council to initiate the review:

1. Two years before the expiration of the plan Council will adopt, by Resolution, the necessary directives to the appropriate commissions, agencies, authorities, departments and staff, to prepare amendments to the comp and PROS plans.
2. While it will be the responsibility of the respective staffs to develop a plan for review and amendment, this plan shall be submitted to Council for approval.
3. Council can create Advisory Committees to undertake the review processes and assure the needs of the community are satisfied through the review. The Advisory Committee would work with various City staff to facilitate the development of a review and amendment plan. The committee shall consist of six members: three appointed and approved by Council and three appointed by the Mayor.
4. After approval of the plan by Council, progress reports will be provided to Council by the appropriate staff, at a schedule to be determined by Council.
5. Council will approve both final plans by Resolution.

◇ Redistricting Process. §1-124 of the Codified Ordinances.

After each decennial census Council shall, within 60 days after the receipt of the census information from the Federal Government, appoint a Redistricting Advisory Commission. Each Council member shall appoint one person from his/her respective district. The President of Council shall select one member to represent the at-large community. The Planning Commission will be asked to assign two current members to the Advisory Commission.

This Redistricting Advisory Commission shall review and compare the new and old census information with the current Council District configuration. This group shall prepare and present a redistricting proposal(s) to the full body of Council in no less than 120 days after their appointment

The district proposals shall give strong consideration to the combination of

neighborhoods that are continuous but that share similar quality of life issues. This configuration will support the principle of electing representatives that can easily represent the voice of the community they represent. The Advisory Commission shall also consider the Federal redistricting laws.

Council shall hold a minimum of one public hearing to get public input on the redistricting proposal(s), within 45 days of their receipt of the proposals from the Redistricting Advisory Commission and shall adopt by ordinance a redistricting plan, either new or status quo, at their next regular business meeting.(Ord. 17-1996, 6/24/1996; as added by Ord. 23-2002, 5/28/2002, §2)

COUNCIL POLICY – APPOINTMENT OF DIRECTORS

Council is responsible for confirming, by Resolution, the hiring of the Managing Director, City Solicitor and all Department Directors. As such it is the duty of the Mayor and Managing Director to bring forward their candidates for Council consideration. If Council fails to confirm or reject the candidate within sixty (60) days, the candidate will assume the position.

1. Upon the selection of a candidate the Managing Director (or Mayor for appointment of a Managing Director) notifies the Council Office and provides the office with copies of the candidate's resume, references, letters of recommendation and all other relevant supporting material. It is helpful for Council to receive a written explanation explaining why the candidate was selected, the proposed level of compensation the candidate will receive, as well as include a copy of any contractual agreements offered to the candidate
2. Council staff will be responsible for scheduling the candidate to appear before all of Council for an interview. Staff will coordinate the interview with the Managing Director.
3. The interview may be conducted in a Committee of the Whole setting, during which time each member of Council will be provided an opportunity to ask questions of the candidate.
4. Council shall not take action on any confirmation until at least the first regular meeting following the interview.

The interview is intended to allow Council the opportunity to discuss a candidates paper qualifications and gauge his/her effectiveness, interpersonal skills, organizational fit, willingness to adhere to the Home Rule Charter and commitment to the City of Reading. Appointing a new director is a hallowed responsibility; members of Council have an obligation to their constituents to ask insightful, probing questions of a candidate and be willing to reject a candidate if they fail to meet the highest professional and personal standards. Possible questions to ask a candidate during the interview:

- 1 Why are you thinking of leaving your current position?
- 2 What are some of your professional goals?
- 3 How do you plan on achieving these goals?
- 4 How do you evaluate your success?
- 5 What qualities do you feel a successful manager should possess?

- 6 How familiar are you with our community? Its strengths? Its weaknesses?
- 7 If hired will you agree to become a resident of the City of Reading as required by the Home Rule Charter?
- 8 What do you see as Councils' role in the governing process?
- 9 Tell us 3 things you have achieved or programs you have started in your current position.

CITY OF READING PURCHASING POLICY AND PROCEDURES

The purpose of this procedure is to outline the steps that must be taken by all City departments to purchase all materials, supplies, equipment and contractual services (herein referred to as "items") under \$10,000 with the exception of:

- 1 Books and subscriptions
- 2 Business meeting expenses
- 3 Charitable contributions
- 4 Dues
- 5 Items Under fifty (\$50) dollars that can legitimately be purchased via petty cash (see Administrative Regulation "Petty Cash Funds").
- 6 Postage
- 7 Tuition
- 8 Travel - meals, lodging, transportation
- 9 Utility services

The purchasing procedure for these excepted items is covered in Administrative Procedure, entitled, "Payment for Items and Services Without a Purchase Order".

Dollar Limits Covering Vendor Solicitation. With the exception of professional services, the purchasing manager will follow these guidelines concerning the dollar limits covering vendor solicitation.

- 1 Purchase under \$500 - Price quotes will be sought by the division head.
- 2 Purchases between \$501 and \$10,000 - a verbal or written solicitation which involves an oral or written price statement from a vendor to the purchasing manager for a particular commodity or service. A written record of quotes will be maintained.
- 3 Purchases of \$10,000 and higher - a formal solicitation through advertising which requires vendors to submit sealed bids accompanied by a bid surety (see Administrative Procedure "Bid Solicitation, Evaluation & Award Procedure"). It shall be the option of the Executive Branch to advertise for bids to purchase those items that may be exempted under the City Charter and the Administrative Code.

Time Requirement. Users should allow sufficient time, normally 7-10 days, for purchase under \$10,000 and 2-1/2 weeks or more for items requiring bids (over \$10,000). All divisions should carefully plan their purchases so rush situations are not created.

Note: Emergency Purchasing procedures are detailed in the Administrative Code.

BLANKET ORDER PURCHASE:

A blanket order purchase is a special type of purchase order issued by the purchasing manager and designed to reduce the administrative effort and costs of placing recurrent orders for necessary items or services, such as heating fuel or repairs to office equipment. Blanket orders normally call for an undetermined quantity of a product to be delivered or a service to be provided on a continuing basis from a single vendor. In some cases, the quantity may be estimated at an agreed upon unit price. Only one blanket order at a time may be issued to a specific vendor, from a standard account. A single blanket order may however cover one or more types of items or services. A blanket order may be issued any time during a calendar year, unless otherwise determined by the Director of Finance. Blanket orders will be invalid after December 31st of the year issued. All blanket order in excess of \$50,000 must be approved by Council unless issued in accordance with a contract previously awarded by Council.

Types of Blanket Orders. Two types of blanket orders exist:

Regular Blanket Orders (B) - referred to as merely blanket orders, are established with a vendor for a fixed dollar amount, but do not necessarily indicate the specific items or services to be purchased, their quantity, or unit price. The description is to state generally what is to be purchased, i.e. "various automotive replacement parts such as but not limited to filters, spark plugs, belts." Statements such as "Supplies as may be needed from time to time" are unacceptable.

Blanket Orders with Price Agreements (BA) - Blanket orders with price agreements are regular blanket orders where the unit price of the items or services are agreed upon with the vendor for a stated period of time, i.e. fuel oil for the year. . . . Items and prices should be clearly stated in the description along with date of quote or contract award and period of agreement.

BIDDING PROCESS

Bidding Process. *§915 of the Charter.*

Whenever the estimated cost of any construction, erection, installation, completion, alteration, repair of, or addition to, any project subject to the control of the City shall exceed \$10,000, it shall be the duty of the City to have such work performed pursuant to a contract, awarded to the lowest responsible bidder (subject to subsection (2)(d)) hereof, after advertisement for bids. Every such contract shall contain a provision obligating the contractor to the prompt payment of all material furnished, labor supplied or performed, rental for equipment employed, and services rendered by public utilities in or in connection with the prosecution of the work, whether or not the said material,

labor, equipment or service enter into and become component parts of the work or improvement contemplated. Such provision shall be deemed to be included for the benefit of every person, copartnership, association or corporation who, as subcontractor or otherwise has furnished material supplied or performed labor, rented equipment or services in or in connection with the prosecution of the work as aforesaid, and the inclusion thereof in any contract shall preclude the filing by any such person, copartnership, association or corporation of any mechanics' lien claim for such material, labor or rental of equipment.

Whenever the estimated costs of any purchase of supplies, materials or equipment or the rental of any equipment, whether or not the same is to be used in connection with the construction, erection, installation, completion, alteration, repair of, or addition to, any project subject to the control of the City, shall exceed \$10,000, it shall be the duty of the City to have such purchase or rental made pursuant to a contract awarded to the lowest responsible bidder (subject to subsection (2)(d)) hereof, after advertisement for bids, such advertisement to be inserted in a newspaper of general circulation in Berks County.

The City shall not evade the provisions of subsection (1) or (2) as to advertising for bids by purchasing materials or contracting for services piecemeal for the purpose of obtaining prices under \$10,000 upon transactions which should, in the exercise of reasonable discretion and prudence, be conducted as one transaction amounting to more than \$10,000. This provision is intended to make unlawful the practice of evading advertising requirements by making a series of purchases or contracts, each for less than the advertising requirement price, or by making several simultaneous purchases or contracts, each below said price, when, in either case, the transactions involved should have been made as one transaction for one price.

Written or telephonic price quotations from at least three qualified and responsible contractors shall be requested for all contracts that exceed \$4,000 but are less than the amount requiring advertisement and competitive bidding or, in lieu of price quotations, a memorandum shall be kept on file showing that fewer than three qualified contractors exist in the market area within which it is practicable to obtain quotations. A written record of telephonic price quotations shall be made and shall contain at least the date of the quotation, the name of the contractor and the contractor's representative, the construction, reconstruction, repair, maintenance or work which was the subject of the quotation and the price. **Written price quotations and written records of telephonic price quotations and memoranda shall be retained for a period of 3 years.**

The City shall require as a condition of the award of any contract, pursuant to

subsection (1) or (2) of this Section, that the contractor give to the City any bond or letter of credit (including bonds for the performance of the contract, and for the prompt payment by the contractor for material, supplies, labor, services and equipment) which are prescribed by law for contracts awarded by cities of the third class.

Notwithstanding anything to the contrary contained in this Section, City Council may, in those cases where an individual or company with headquarters in the City submits a bid which is within 10% of the lowest bid, award the contract to said individual or company. In acting pursuant to this provision, City Council shall find that such an award will be in the best interests of the citizens of the City. The City Council must show just cause for the awarding of such contracts to locally owned companies who provide local labor, materials or produced goods.

All contracts shall be on file in the office of the City Auditor and shall be available for public inspection during normal business hours.

9Editor's Note: §§216 and 217 of the Charter provides:

Administrative Code Exhibit A Purchasing Policy

All purchases over \$10,000 require bid solicitations except those listed below:

- 1 Public utility service under tariffs on file with the Pennsylvania Public Utility Commission.
- 2 Any items purchased through Federal or Commonwealth programs that have different bidding requirements mandated by a grant program.
- 3 Purchases made through intergovernmental cooperation as governed by 1972, P.L. 762, No.180, 53 P.S. 481 as amended and Act 31 of 1971 the Commonwealth's cooperative purchasing program, a Commonwealth law of general application.

Bid solicitations or RFP's are not mandatory for the items listed above however; requests by department directors to bypass the bid solicitation or RFP procedure must have valid justification. All such requests shall receive approval by the Managing Director on a case by case basis.

Administrative Code Exhibit A Bid Award.

It is the policy of the City to make awards to the vendor who meets the specifications for the items or services to be purchased at the lowest cost. Factors such as delivery time, quality, operating and maintenance costs, service, etc., as well as initial price, should be taken into consideration in determining the lowest cost vendor.

The department director shall review all bids and make a recommendation to the purchasing manager by completing the "Recommendation to Award Contract" form. If the purchasing manager does not agree with the recommendation of the department director, the award will be referred to the purchasing committee for determination.

The Director of Finance shall review the recommendation to ensure an award is compatible with the budget.

The Managing Director shall approve all recommendations.

The Mayor shall have final approval of contract under \$50,000.

City Council shall award or reject all contracts exceeding \$50,000.

A purchase order shall be initiated after the contract award; however, it shall not be issued until the contract documents have been finalized.

The successful vendor after receiving the contract documents has ten (10) working days to sign and return with the necessary bonds.

If the selected vendor fails to deliver a bond or items bid within the time limits specified, the purchasing manager may choose to recommend rescinding the award and re-advertise for bids. In such event, the delinquent bidder shall be responsible for the costs of rebidding and the amount of any increase in the contract price thereby resulting. The purchasing manager shall properly document the action, the reasons for the action and retain the vendor bid surety not as a penalty, but as liquidated damages for inability to comply with the contractual agreement.

Bid Award.

The Mayor shall have final approval of contract under \$50,000.

City Council shall award or reject all contracts exceeding \$50,000.

In general Council approves Award of Contracts by motion under the Consent Agenda

Requiring that as of March 13, 2001, City Council must, by resolution, approve any salary increase that has not been approved in or included in the budget for the fiscal year and falls outside the labor contract for union employees. [Ord. 11-2001]

That during the course of each fiscal year, the transfer of all monies including, but not limited to, transfers between departments and transfers in and out of any City fund, account or line item either attached in part or unattached to a departmental budget, causing a modification of \$25,000, must be approved by Council resolution. *The resolution must be submitted to City Council with an agenda memorandum explaining the justification for transfer and the proposed use for the funds transferred, within the time frame defined in the Agenda Packet Policy.* [Ord. 16-2001]

PURCHASING OF PROFESSIONAL SERVICES

The purpose of this regulation is to outline the process involved for preparing specifications, letting of Request for Proposals (RFP's), awarding contracts and payment of bills for professional services.

For the purpose of this regulation the term "professional" is defined as those persons or firms marketing services requiring advanced academic or technical training skills. Examples of professional services include work done by the following contractors but is not necessarily limited to these services:

- 1 Accountants
- 2 Architects
- 3 Attorneys
- 4 Bond Underwriters
- 5 Engineers
- 6 Insurance Consultants, Agents, and/or Brokers
- 7 Investment Advisors
- 8 Physicians

Professional service contracts are not to be confused with standard contracts which seek a price or costs for particular work detailed in specifications. Professional contracts seek expertise through an RFP and pricing or cost may not be of "primary" importance.

A professional contract, while it is based upon work performed in response to task specifications and the need for a finished product as outlined by the City and agreed to by a contractor, it is one that by its very nature cannot be awarded solely based upon the selection of the lowest bidder.

Factors other than price alone must be carefully weighed in the review of proposals and the award of such contracts. These factors include the professional qualifications/certifications, special skills, experience, and familiarity of the contractor with the work requested, all of which have an impact on the quality of the product/service to be delivered.

PREPARING REQUESTS FOR PROPOSALS (RFP'S) FOR CONTRACTS GREATER THAN \$10,000.

When to prepare an RFP. Unless otherwise determined by the Managing Director, any purchase of professional service in amounts exceeding \$10,000 must be made by written contract and initiated by an RFP. Competitive proposals increase the ability to fully evaluate both the benefit and costs of the services being sought.

Notwithstanding any other provisions to the contrary if the Managing Director so determines, no RFP shall be required for an employee engaged in providing professional services to the City who terminates employment with the City and shall than be engaged as an independent contractor. In addition, no RFP shall be required for an independent contractor whose engagement terminates, if the Managing Director desires to continue the engagement by the City.

For all contracts expected to exceed \$10,000 including these which are multi-phased (e.g., feasibility study and design), person(s) designated by the Managing Director shall prepare an RFP specifically for the extent of the work effort that can be defined at that particular time. The RFP should solicit information pertaining to the contractor's qualifications and costs (including appropriate hourly rates, etc.) for as many phases as appropriate. Costs and qualification information should then be utilized to select the contractor. For any subsequent phases of the contract that have not been specifically defined in the initial RFP, a new RFP should be drafted and circulated to secure competitive proposals from interested contractors.

CONTRACTS LESS THAN \$10,000:

The department director or person designated by Managing Director to handle the assignment, shall request written proposals from at least three (3) firms. Proposals shall include the fee either in the form of a unit cost and/or total maximum cost to be charged. After analysis, a written report and recommendation shall be presented to the purchasing manager, Director of Finance and Managing Director for final approval.

If requested, unsuccessful firms shall be given an explanation as to the reasons for the selection.

The department director should take precautions to project the total cost of professional service contracts that are multi-phased. An RFP must be prepared for those multiphased contracts, the total cost of which could exceed \$10,000.

SELECTION OF PROFESSIONAL SERVICE CONTACTS GREATER THAN \$10,000

The proposals of those firms responding to an RFP are reviewed by a selection committee designated by the Managing Director. The selection committee shall consist of the purchasing manager, the department director and at least one other designated person.

The selection process shall be based on the objective criteria contained in the RFP (Section 4.2) and not necessarily on the lowest bid. Examples of the evaluation criteria include: size and experience of the firm on similar projects, client references, demonstrable understanding of the requested work, the ability and/or commitment to meet the prescribed completion schedule, and the cost estimates.

The selection committee shall, according to the level of importance, determine a maximum number of points attainable for each criteria. The committee members shall independently evaluate each firm being considered and assign points accordingly.

The recommendation of the selection committee shall be to the firm with highest total points.

The selection committee has the responsibility to negotiate the most favorable cost, terms and conditions to the City of Reading. The negotiating process may involve one or more RFP responses, and may continue until the actual award of the contract.

A meeting with the selection committee will be available for a firm who is dissatisfied after not being recommended for award of the contract.

The selection committee shall submit a written report on the process and its recommendation, to be reviewed with the Managing Director and the Director of Finance.

Prior to formal acceptance, the RFP and the proposal shall be submitted to the solicitor's staff for review.

The Managing Director and the selection committee will prepare a recommendation for the Mayor to present to City Council for final approval where such approval is required by the Charter or by the Administrative Code.

The Managing Director shall advise the purchasing manager to formally notify the successful firm.

RENEWAL OF PROFESSIONAL SERVICE CONTRACTS:

The City shall have the option to renew a professional services contract for one (1) year beyond the established contract period, based upon a continuation of the current contract price or the re-negotiation of a new price.

ANNUAL BUDGETS.

CDBG BUDGET (Community Development Action Plan)

CDBG BUDGET

The Community Development Block Grant program is the primary component of the CDBG Action Plan (CDBG). The Community Development Action Plan is as important to the City as the General Fund Budget. The plan budgets or allocates the City's portion of federal dollars for the year. The plan is developed by the Community Development Department in consultation with the Administration and through solicitation of public input and external agency funding requests. Funds are allocated according to strict national objectives and Department of Housing and Urban Development (HUD) guidelines. HUD provides separate allocations for CDBG, HOME, ESG, Administration. The combinations of these program allocations make up the Action Plan that is approved by Council resolution. The following is a brief explanation of the program areas:

1. **CDBG**-Title 1 of the Housing and Community Development Act of 1974 created a system of unified block grants. Under the current system communities of over 50,000 residents are entitled to receive funding directly from HUD. The purpose of CDBG is to encourage broadly conceived community development projects benefiting low to moderate income residents.
2. **ESG**- The Emergency Shelter Grants are designed to provide homeless persons with shelter and basic support services. The grant may be used to assist with the operational costs of the shelter facility, and for the administration of the grant. ESG also provides short-term homeless prevention assistance to persons at imminent risk of losing their own housing due to eviction, foreclosure, or utility shutoffs.
3. **HOME**- Is a flexible block grant program intended to help communities expand the supply of decent, safe, affordable housing for primarily low income families. While not as large an allocation as CDBG, HOME monies play a crucial part in the development of Reading. One requirement of HOME monies is that at least fifteen percent (15%) must be provided to an acceptable CHDO (Community Housing Development Corporation); a private, non-profit development corporation that meets a series of qualifications prescribed in the HOME regulations and has been designated by the City.
4. **ADMINISTRATION**-Approximately four percent (4%) of the total CD allocation may be used to cover the administrative costs of programs. Salary of

Community Development Staff and monitoring activities are supported through this allocation.

The CDBG Action Plan must be adopted by Council at the first meeting in November, as the plan must be submitted to the HUD by November 15. It is important to keep in mind the CDBG Budget provides relief to the overly burdened General Fund by covering costs of City operations and programs where applicable. CDBG dollars can also be used to support fundable social services agencies. Before the change to the Home Rule form of government in 1996, a major part of the City's CDBG allocation was used to fund social service agencies that provide service to low/moderate areas of the City. In 1997 City Council directed the Administration to begin reducing allocations to social service agencies and begin funding eligible City programs and services. Council also directed the Administration to begin drafting the Action Plan in conjunction with the Berks County Office of Community Development. Collaboration between the County and City staff reduces the double dipping effect, whereby a fundable agency is supported by either City or County funds, not both.

COUNCIL POLICY - CDBG BUDGET ADOPTION (ACTION PLAN)

1. The Community Development Director in conjunction with the Managing Director will present the proposed budget in the form of an action plan to Council in September of each year. At the discretion of Council the Action Plan can be amended. Amendments should be discussed with the Community Development Director to determine their fundability.
2. Amendments should be presented by Council and the Administration at the beginning of October. Council staff will be available to provide whatever assistance is required. The Action Plan is adopted by Resolution, rather than by ordinance. The resolution must be adopted no later than the first regular meeting in November to comply with HUD's November 15th deadline.
3. Any part of the Action Plan (CDBG, HOME, ESG) is amendable at any time during the budget year. If an amendment is desired, the Community Development Director should be notified of the proposed amendment. The fundability of the amendment must be verified like any other CDBG program.

The Mayor will include this separate capital program section in the annual Budget and submit to Council with appropriate supporting information as to the necessity for such programs.
- 8 It shall indicate anticipated net surplus or deficit for the ensuing fiscal year of each utility owned or operated by the City and the proposed method of its disposition; subsidiary budgets for each such utility giving detailed income and expenditure information shall be attached as appendices to the budget. The total of proposed expenditures shall not exceed the total of estimated income. The estimated income shall mean the total of estimated revenue plus the prior fiscal year's fund balance. If a deficit exists, a plan to eliminate that deficit must be included in the budget.

The procedures for adopting a revised budget shall be in accordance with §§905, 906, with the time periods adjusted to 45 days after the start of the fiscal year. Ordinances adopting a revised budget shall be effective as of the start of the fiscal year and shall rescind and replace the budget ordinance of the previous Council. COUNCIL POLICY BUDGET REVIEW & ADOPTION

The budget review process is designed to provide an open, inclusive and most importantly an objective process, by which to allocate the resources of the City of Reading. It is important for Council and the Administration to work cooperatively in both preparation and review of the budget; however, to borrow an old expression: Council controls the purse strings. The budget is prepared by the Administration, but it is not finalized until approved by Council. Adopting the budget is one of Council's most important responsibilities.

In order for Council to digest the enormous amounts of information presented by the Administration, a separate committee of Council will be created for the purpose of reviewing the budget. The President of Council may create the committee, although any member of Council may propose a resolution establishing the committee. If a resolution is proposed it must be passed by a majority of Council.

The Budget Committee shall be composed of the following:

- Chair, a member of the Council Finance Committee designated by the President of Council
- 2 additional Councilors
- Managing Director
- Finance Director or his designee
- Council Staff
- Other personnel deemed to be necessary by the Finance Director
- Ex Officio: Council President

Process: The Chair will be responsible for defining the specific process to be followed; however, certain criteria must be met.

1. Following an initial meeting between all of Council and the Administration (the Budget Summit), the committee shall schedule a separate meeting with the Managing Director to agree upon the process to be followed;
2. Any member of Council is invited to attend meetings, but may only participate if they are a member of the committee;
3. A review of the General Fund budget must be completed by the committee and a summary prepared for review by the body of Council;
4. The committee shall prepare an initial list of priorities, amendments and suggestions, to serve as a framework for subsequent discussions with the Administration;
5. The committee will be responsible for articulating the position of the body of Council during all discussions with the Administration related to budget;
6. A majority of Council may elect to override the positions of the committee if it is determined to be necessary;
7. The Chair must provide reports, either verbal or written to the entire body of Council on a regular basis throughout the budget process; the President of Council or a majority of Council may decide to set a schedule for reports;
8. The Chair will serve as a point of contact between the Administration and the body of Council, all requests for information must be relayed to the Chair, who will further relay the request to the information.

Benefits of this Approach: A process will provide for a more orderly review of the budget, the establishment of tangible goals and firm deadlines and better communication and participation in the budget setting and prioritizing process.

As per the Charter, the Administration must submit both proposed budgets to Council no later than November 1. The City Clerk then places an ad in the paper giving the taxpayers a summary of the budgets and notice of 2 Public Hearings, one on the General Fund Budget and one on the Capital Improvement Plan Budget. These hearings must be held on separate nights and cannot be held on the evening of a regular Council meeting. The Public Hearing must be held no less than 15 days after or more than 30 days after the placement of the ad.

Both Budgets, the Full Time Position Ordinance (which authorizes all full time City employment positions for the ensuing fiscal year), the Property Tax Ordinance and any other tax or fee ordinances that support the revenue increases

proposed by the Administration in the budget are introduced at a Special Meeting scheduled on the night the budget is submitted to Council by the Administration.

Proposed amendments to both Budgets must be introduced no later than 2 weeks prior to their adoption. To comply with the timelines mandated by the Charter both budgets must be adopted by Council no later than the last Monday in November. This provides time for the Mayor's approval process and any necessary public hearings or special meetings needed to ensure the Budget is adopted by Council and approved by the Mayor by December 15.

TAX RATE

Appropriation and Revenue Ordinance. *Section 907 of the Charter.*

For 1996, this Charter shall provide for collection of income from real estate taxes which, in total amount, does not exceed 105% of the real estate tax income actually collected by the City during 1995. For those years following 1996, it shall provide for collection of income from real estate taxes which, in total amount, does not exceed 105% of the real estate tax income actually collected in the previous year. Any collection of income from the real estate tax by the City in excess of the amounts allowed by this Section shall not be expended but shall be retained for use in the subsequent year and be used in the next year subsequent to reduce the amount of income needed by the City in said subsequent year. With the approval of the Court of Common Pleas, upon good cause shown, or by Referendum or Charter review, the City may increase the amount of income collected, notwithstanding the provisions of this Section.

The Director of Finance in conjunction with the Managing Director shall calculate a suggested real estate tax rate. The Director of Finance and the Managing Director shall present this suggested real estate tax rate to the Mayor for his/her review. The approved real estate tax rate will be presented in the budget for Council approval. In no case will the final real estate tax rate exceed the limitations of §90751 of the Charter. 51Editor's Note: §907 of the Charter provides:

Borrowing. The City of Reading may, by ordinance of City Council, borrow an amount of money in anticipation of current revenues (*TRAN - Tax Revenue Anticipation Note*). The amount borrowed may not exceed the amount of anticipated revenues. The anticipated revenues may be pledged to pay such loan or loans. The City will issue notes or other forms of obligation, executed by the Mayor and attested to by the City Clerk under the seal of the City of Reading to secure such loans. The revenue anticipation borrowing shall mature and be

payable during the current fiscal year in which the money is borrowed. No such borrowing shall constitute an increase of indebtedness within the meaning of the State of Pennsylvania Constitution or any application law or the Charter. Such notes may be sold at either public or private sale under appropriate terms and conditions satisfactory to the City of Reading.

CITIZEN'S RIGHTS AND PARTICIPATION – *Article XI of the Charter*

The Council shall protect and promote the right of the citizens of the City of Reading to participate in a positive and constructive manner in the government of the City. Any citizen of the City may participate in the government of the City by:

E. Exercising the right of initiative, referendum, and recall of elected officials as provided in this Charter or as otherwise may be provided by law. *Note: The PA Court system has found recall to be unconstitutional.*

Initiative and Referendum §1102. *of the Charter*

An **Initiative** provides the qualified voters of the City with the power to propose ordinances to City Council. If the City Council fails to adopt the proposed ordinance, the initiative process carries the proposed ordinance to referendum. Referendum provides the City's voters with the opportunity to adopt or repeal legislation.

In the **Referendum** process, the qualified voters of the city have the power to require that City Council repeal any enacted ordinance. If City Council should fail to repeal this ordinance, the referendum process will give the qualified voters of the City the opportunity to approve or reject the said ordinance in a City election.

Any five qualified voters of this City may form a **petitioners committee**. This committee may commence initiative referendum proceedings by filing an **affidavit** stating that they will constitute the petitioners committee and that they will be responsible for circulating the petition and filing it in proper form with the City Clerk.

This affidavit must contain the names and addresses of any five qualified voters of the city and state that the undersigned are qualified voters of the City of Reading, in accordance with the State Election Code. The affidavit must also specify the address all notices to the committee are to be sent. The affidavit must also contain the full-proposed initiative, the ordinance, which is to be

reconsidered. After the petitioners committee affidavit is filed with the City Clerks office, the affidavit will be validated by the City Clerk. The City Clerk shall then issue the appropriate petition blanks to the petitioner's committee.

Initiative and referendum petitions must be signed by 2,000 qualified voters of the city. All signatures must be executed in ink or in indelible pencil and must include the address of each person signing and the date executed. Each petition must contain or have attached thereto the full text of the ordinance proposed or sought to be reconsidered.

Each petition must have an attached notarized affidavit executed by the circulator stating that he or she personally circulated the petition, the number of signatures thereon, that all signatures were fixed in the circulators presence, and that the circulator believes them to be valid and that each signer had the opportunity to read the full text of the ordinance being proposed or thought to be reconsidered before signing.

Initiative petitions must be circulated and signed within a period of 35 days from the date of the certification of the affidavit of the petitioners committee by the City Clerk. Within 20 business days after the petition is filed, the City Clerk shall complete the certificate of sufficiency.

If the petition is insufficient, a letter specifying the insufficiencies will be sent to the petitioners committee by registered mail. A petition certified insufficient for lack of required number of valid signatures may be amended once, if the committee files a **notice of intention to amend** to the City Clerk within two business days after receiving the copy of the certificate. The petitioner's committee must then file a **supplementary petition** on additional petition papers within ten days after receiving the copy of such certificate.

After the amended petition is filed with the City Clerk, the City Clerk shall complete a certificate as to the sufficiency of the amended petition with in five business days. At the completion of the certification process, the City Clerk shall complete a new certificate of sufficiency and forward it to the petitioner's committee by registered mail.

If a petition or an amended petition is certified insufficient, and the petitioners committee does not elect to amend or request that council review the proposed ordinance or referendum with in the time required, the City Clerk shall promptly present the certificate to City Council. This certificate shall then be a final determination as to the sufficiency of the petition. If the petition has been certified insufficient and the petitioners committee does not file a notice of

intention to amend, or if an amended petition has been certified insufficient, the committee may, within two days of receiving the copy of the certificate, file a request that it be reviewed by City Council.

The Council shall then review the certificate at its next meeting following the filing of such a request. At this time Council will approve or disapprove the certificate. Council's determination shall then be a final determination as to the sufficiency of the petition. A final determination as to the insufficiency of such petition shall be subject to court review. Final determination of insufficiency, even if sustained by the court, shall not prejudice the filing of a new petition for the same purpose.

BOARDS, AUTHORITIES, AND COMMISSIONS

Establishment. – §1001. *of the Charter*

By Ordinance.

City Council shall encourage the participation of citizens in their government through the establishment of boards, and commissions to carry out city business. Such boards, and commissions shall be established by ordinance including a clear statement of whether they shall be advisory in nature or they shall have power and authority under City ordinance or State or Federal code.

City Council may not change the powers or authority of any board or commission except by ordinance.

City Council may by ordinance abolish any board or commission not established by State or Federal mandate or by this Charter.

(Charter, 11/3/1993, §1001)

Membership. §1002. *of the Charter*

Appointments. City Council shall approve all appointments for each board and commission. Broad citizen participation shall be encouraged in recruiting appointees and making appointments. No appointee of any board or commission shall hold any other elected public office or any compensated position for the City.

Vacancies. Any vacancy caused by death or resignation shall be filled promptly pursuant to the procedure set forth in §309(B). The person so appointed shall serve for the unexpired term of the person vacating such position.

No person may concurrently serve on more than one authority, board or commission.

Note: *There are several Boards or Commissions that require members to have specific skills, qualifications or knowledge. In these cases, it is not always possible to find a City resident to serve. Council Staff manages a database to track vacancies and membership terms. This information is posted on the City's Web Site and is updated monthly. When a current member's term expires Council Staff notifies the member with a letter inquiring if the member is interested in seeking reappointment. When a vacancy occurs Council Staff notifies City Council, the Mayor and Managing Director and asks their assistance in finding a qualified replacement. Council staff also enlists the assistance of the various trades and professional union associations and various organizations to seek out*

applicants for the Boards, Authorities and Commissions. Council Staff also, at times, runs advertisements in the Reading Eagle to attract applicants.

COUNCIL POLICY – APPOINTMENT PROCESS

Appointments and reappointments to the Boards, Authorities and Commissions are made either by Council or by the Mayor with Council's approval; with one exception. The Municipal Authorities Act provides the Mayor with the ability to make appointments and reappointments to the Parking Authority without Council's approval.

Applicants are asked to complete a basic application form and submit it to the City Clerk's Office. When the application is received a basic background check is done to see if the applicant is free of fines, codes violations, delinquent taxes, and utilities. After this step is complete, the application is either forwarded to the Mayor's Office or to the Council Administrative Oversight Committee. The Administrative Oversight Committee conducts brief interview meetings with candidates on the first Monday of the month and makes an appointment recommendation to the full body of Council. Appointments are approved by Council resolution at regular business meetings. In the event an applicant does not receive the Committee's endorsement, 3 members of Council can request that the appointment resolution be forwarded for Council action.

After the appointment resolution is adopted, Council Staff contacts the applicant to congratulate them and informs them of the need to make arrangements with the City Clerk to take the Oath of Office. A copy of the appointment resolution, the Charter, Ethics Code and legislation on the appropriate board is also supplied. The database is updated.

APPENDIX

A. PERMIT REQUIREMENTS

One Stop Shop Process

The City of Reading utilizes a one stop shop approach to permitting. All the necessary staff, resources and information necessary to begin work on a construction project in the City is available in one office. The one stop shop brings together the Codes, Trades, Fire and Zoning enforcement. Under such a system the applicant benefits from a smooth interaction with the City, while the City benefits from improved communication and sharing of information between powers responsible for the enforcement of important ordinances.

Building Permits

Any person or organization seeking to undertake new construction, or make alterations and additions to existing buildings must first receive a building permit. The applicant for a permit will provide an estimated permit value at the time of application. Permit valuations must include the total value of work, including materials and labor, for which the permit is being issued.

Zoning

Any person or organization seeking to undertake new construction, or make alteration and additions to existing buildings, or operate any business must first consult with the City of Reading Zoning Office. Consultation will avoid unfortunate confusion and project delay by determining if the scope of work conforms to the City of Reading Zoning Ordinance. Consultation will be held with the Zoning Administrator, whose responsibility it is to verify conformity of plans and make suggestion as to what type of relief will be needed if plans fail to meet ordinance standards.

The Zoning Office has up to thirty (30) days to approve or deny a permit. The Zoning Office strives to ensure permits are released as soon as possible, so citizen can complete projects in a timely manner. In the event an application is denied, the applicant may either modify the project proposal to conform to zoning regulations or apply to the Zoning Hearing Board for special exception under the Zoning Ordinance.

Zoning Permits Are Required For:

- New construction and additions.

HARB (Historical Architectural Review Board) Certificate of Appropriateness

Founded in 1748 by the sons of William Penn, Reading's historic heritage holds an important place in Pennsylvania and the nation. This heritage is reflected in the many styles of period architecture located throughout Reading. To protect this heritage four distinct historic districts have been created: Prince, Callowhill, Penns Commons, and Centre Park. Construction, alteration or modification of structures in a historic district is not permitted, unless a Certificate of Appropriateness is obtained from HARB.

A Certificate of Appropriateness is an approval issued by HARB or by Council on appeal of a HARB decision, which when issued grants permission for the requested structural alterations. The following steps must be followed to obtain a Certificate of Appropriateness:

- All applications for a Certificate of Appropriateness shall be in writing and submitted no later than ten days before the regularly scheduled HARB meeting.
- Applications must be submitted by the legal owner of the property, or his/her authorized designee.
- The Historic Preservation Specialist is available to provide information and other assistance during the application process.

HARB will consider applications and make determinations based on preservation guidelines, regulations and ordinances, promulgated by the: Secretary of Interior, the PHMC and City Council. Should HARB deny a Certificate of Appropriateness, the applicant may appeal the decision to City Council.
