NEWS RELEASE

City's Solid Waste and Recycling Collection Continues to Operate on Holiday Schedule

Reading, PA – February 6, 2014 – The City continues to collect residential trash and recycling on the holiday schedule that was caused by Monday's snowfall. The holiday schedule delays collection by one day.

Although Wednesday's ice storm caused some trouble for crews to collect some stops, those that were missed yesterday were completed this morning, prior to starting today's collection efforts. Today's collection is expected to be completed by days end.

The City asks that residents be patient as safety is paramount, especially under these weather conditions.

If you have any collection questions or missed stops, please report them to the Citizen's Service Center at 1-877-727-3234.

For more information, submit all inquiries via email to media@readingpa.org.
